It is advisable to eat three good meals a day and digest them. If the stomach seems to be weak, to help it or give it assistance is the rational thing to do. Try a good breakfast and follow it with Stuart's Dyspepsia Tablets and you'll soon learn that regularity of meals follows a natural tendency, not an acquired one. You will find Stuart's Dyspepsia Tablets on sale in almost all drug stores throughout the United States and Canada. Following the acceptance of Dr. Coover's resignation, it was voted to increase the surgical staff from four to five members. Dr. George B. Stull and Dr. Carson C. Coover were appointed to the staff. The other surgeons are Dr. H. B. Walter, Dr. George B. Kunkel and Dr. Harvey F. Smith.

Announcement was made at the meeting that the first and second floors of the McCreath home, 119 South Front street, purchased some time ago by the hospital management, will be used as the headquarters of the Harrisburg Chapter of the American Red Cross during the winter months.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indiges.

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastrits accompanied by serious and sours, creating the discreasing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and provent its formation and there is no sourness or pain. Fisiarted Magnesia (in powder of tablet form — never liquid or milk) is harmless of set of the somach, inexpensing for stomach proposes, in fexpensing used by thousands of people who enjoy their meals with no more fear of indigestion.

It Is Important that You Read this First

For some time past we have been selling PYRODENTOCREME TOOTH PASTE in Harrisburg. While the demand for it is substantial and encouraging we feel that there are still a great many people in this city who are NOT familiar with the splendid qualities of this scientific dental aid.

With this in view, we are about to make known, in a broader way than ever before, the benefits to be derived from the use of PYRODENTO

But, before launching this campaign of advertising, we want to feel reasonably sure that our audience is going to be a receptive one.

We are so "close" to our product, so sincerely enthusiastic about the accomplishments of this safe, pure and effective dentifrice, that we may overlook a point absolutely vital to its promotion.

You Can Help Us-If You Will!

Your opinion with respect to PYRO-DENTO CREME TOOTH PASTE is more valuable to us than any other factor. We may sell you one tube of PYRODENTO through our advertising, but, if it does not entirely meet with your approval, all the advertising we might do after that wouldn't make you buy a second tube. And, to our mind, no substantial business can be developed on the basis of "one time sales."
