TROOPS EASE TENSION AFTER RACIAL RIOTS

[Continued from First Page.]

awaiting daylight to renew hostilities. Governor Charles Brough, who is accompanying the troops, was expected to call conference between representative whites and negroes during the day.

The trouble started with an attack Tuesday evening upon W. A. Adkins, a special railroad officer, Charles Pratt, a deputy sheriff, and another man, who had gone by automobile to Elaine to arrest a suspected "bootlegger." The officers stopped near Elaine to repair a tire puncture and were fired upon by unknown persons. Adkins fell dead and deputy Pratt was wounded. The negro escaped and called the sheriff's office here by telephone and advised officials of the affair.

Posse Fired Upon A posse was immediately sent to Elaine, where it was fired upon, it is said, by negroes. The fight, which continued all day yesterday, followed. When the situation became dangerous, the Government was asked to send troops. As there is no national guard in the state, Governor Brough obtained permission for troops to be sent from Camp Pike.

A large number of negroes were taken prisoner by the posse and most of them brought here. One white man also was captured. He has been identified as U. S. Bratton, Jr., of Little Rock, Ark. According to the authorities, a quantity of questionable literature was found in his possession. He has been charged with murder in connection with the killing of Adkins.

Arrest Negro Suspect in Connection With Attack on Woman

Omaha, Neb., Oct. 2.—One negro suspect was under arrest to-day in connection with the attack of Mrs. H. G. Wisener, a white woman, yesterday afternoon. Military authorities in control of the city since last Sunday's rioting, refused to say where the negro was confined, or the extent of the evidence against him.

The attack, one of a series of 38 similar crimes since June 1 occurred within a few blocks of Army headquarters, where a machine gun is mounted. News of the crime was withheld in the afternoon papers at the request of Major General Leonard Wood, who is actively in command of the situation since the relinquishment of the control of the city by acting Mayor W. G. Ore.

The number of troops in the "black belt" was doubled immediately following the attack and 600 soldiers are to-day on duty in that section.

The attack on Mrs. Wisener occurred at 3 o'clock at her home on the edge of the "black belt." She was cleaning windows when a negro threw a cloth over her face and bound and gagged her. Her two children, aged 12 and 8, gave the alarm and the military forces stationed a cordon of troops around the neighborhood. Every precaution has been taken to prevent another outbreak similar to the one Sunday night, which resulted in a lynching of a negro, the death of two members of the mob, and an attack on the mayor, and the burning of the courthouse with damage estimated at \$1,000,000.

The lava overtopped the crater late Monday night and reached the sea yesterday morning, nearly twelve hours ahead of the time it had been expected to do so.
