handicap during the remainder of the series.

The two teams, accompanied by some 2,000 Cincinnati rooters arrived here early to-day on more than a dezen trains, the Reds confident that they will return to Ohio Sunday possessors of baseball's highest honors, and the White Sox determined to overcome their handicap while playing on their home grounds.

Chicago Fans Optimistic

Despite the fact that the White Sox, 8 to 5 favorites before the series started, lost two straight games to the National leaders, the followers of Comiskey's team were confident that to-day's contest would be the beginning of a winning streak for their favorites, and fans began gathering at the baseball park last night waiting in line to purchase the general admission tickets placed on sale at 9 o'clock this morning. The first far appeared at the park at 5.30 o'clock yesterday. By midnight more than 100 were in line and all night the ticket seekers increased in numbers.

Chicago, Oct. 3.—Officials of steel mills in the Chicago district pointed to reports of increasing numbers of workmen resuming their tasks during the last two days and indications by many other workers of their intention to return to work as upholding their prediction that production to-day would mount close to fifty per cent. of normal. Labor leaders maintained their statements, however, appreciable inroads into the ranks of the strikers were not being made.

"Therefore, it is decidedly up to the balance of the city to see to it that \$20 is subscribed for each of the 3,500 men who went into the Army and Navy from Harrisburg. The stand we should all take is that of a well-known medical man, who sent the following letter to the Chamber of Commerce headquarters:

"I am enclosing \$20 to be credited to my namesake, as a slight evidence of my personal appreciation of the manly service he rendered in France."

This was the first of what promises to be a long string of similar announcements. The idea that this is Harrisburg's last shot of the war is taking hold in every section of the city; and in the campaign which starts next Monday it is now considered highly probable that \$20 will be subscribed for each of the city's 3,500 veterans.
