Right to Hold Free Assemblages Captivates Interest of Workers

By Associated Press.

Pittsburgh, Pa., Oct. 3.—The fight of union leaders for the "right of free speech and free assemblage" in Allegheny county, continues to be the most interesting feature of the steel workers' strike in the Pittsburgh district. According to strike leaders, county officials and authorities of municipalities are avoiding responsibility for prohibiting mass meetings and, as a result they say the workers' lawful right to assemble and hear speeches is being abused.

Strike leaders announced to-day they had sent evidence concerning the conflict of authority on the holding of meetings to William Z. Foster, secretary of the strikers' committee who is in Washington. He will bring the matter to the attention of the Senate committee investigating the strike.

PLEA GOES OUT TO INDUSTRIES

[Continued from First Page.]

The industrial and business establishments of Harrisburg did not do their full duty. It is the idea that citizens will select from the list of 3,500 the name or names of those in whom they are interested, and subscribe \$20 for each person. Carrying this thought to your plant the idea would be that you ascertain the number of people who served in the war, either in the Army, Navy, Marines, Red Cross or War Work, and either as a contribution from your firm or through solicitation of your employees, or both, contribute \$20 for each one. If this is done we will have enough money for our memorial and to pay the Welcome-Home expenses.

"From present indications there will be considerable rivalry as to which industries are the first to make their 100 per cent. reports. Won't you see to it, please, that your report is in as early as possible."

Many Already Subscribed. While many persons have already gone to the Chamber of Commerce and have taken out cards for which they paid \$20, the names of the soldiers thus remembered will not be published in the newspapers until next Monday—the day the campaign really opens. During the balance of the campaign the daily newspapers will publish names as subscriptions are received.

RAILROAD NOTES

Telephone wires now connect the Harrisburg division with the main offices at Reading. Within a few days the operation of trains on the Harrisburg division will be by telephone.

During the week ending September 27 there were thirty-two cars damaged in the road service on the

Middle division, representing a cost of \$222.80 in repairing for labor and material. In the Altoona yard there were twenty-three cars damaged, causing a loss of \$620.18 and in the Hollidaysburg yard one car was damaged, the cost of repair being \$25.08.

William H. Chamberlin, a pioneer railroad man, died at Shamokin. He started running an engine on the

Sunbury and Shamokin divisions when wood was used as fuel.

Bridge and structural steel inspectors have completed the inspection of all offices and buildings in Lebanon.

John D. Long and Isaac Matchett, passenger engineers on the Middle division, who have been on the injured list, are doing special duty.

When Twenty-five Millions Buy "Cascarets" They Must be "Just Right" for Liver and Bowels

Twenty-five million boxes of Cascarets were sold last year to folks who wanted relief from Constipation, Biliousness, Indigestion, Gases, Colds and Sick Headache without being shaken up and sickened all the next day. Cascarets cost work while you sleep, removing the toxins, poisons and sour, indigestible waste without griping or inconvenience. Cascarets regulate by stimulating the liver and strengthening the bowel muscles. They never weaken or upset you like Salts, Calomel or violent Pills. Cascarets cost so little, too.
