WORLD'S SERIES IN CASH; FANS PAY OUT MILLIONS TO SEE CHAMPIONS PLAY

Chicago, Oct. 4.—What the World Series means in dollars and cents to the baseball fraternity can be exemplified by the statement that before the present series is completed the gate receipts for such contests played under the jurisdiction of the National Commission will reach the impressive total of more than \$3,500,000.

While it is almost impossible to ascertain just how many players figured in the division of the money during the past fourteen years, a fair average would be in the neighborhood of twenty-five per cent. Using this average as a basis it will be seen that about 700 players have, at one time or another, shared in the World Series pool.

Alexander Says-- Use a Twin Fire Spark Plug. It is the only spark plug that soot and oil cannot injure. It is a double or twin fire plug—fires at two points and is absolutely proof. It still will fire if both firing points are clogged with soot or oil. It is dependable and economical. It is guaranteed to give absolute satisfaction. Twin Fire Spark Plug costs no more than an ordinary plug, but it surely does give much more satisfaction and service. Next time try a TWIN FIRE. Alexander & Scott 315 Chestnut Street.
