Many Lights Reported Not Burning in City

More than 2,800 lights in the city have been reported out since January I, an increase of almost 1,000 as compared with the number of darkened lights in the same period last year, according to city officials. City Electrician Clark E. Diehl reported to-day however, that during the last week there has been a decided improvement in service, and that during the last month fewer circuits have been reported out. Pending further improvements with the installation of a more complete underground wiring system, Mr. Diehl said he will not make a report to Council at present.

San Francisco, Oct. 7. — Warning that unless better pay is forthcoming for teachers in American Colleges, the nation will be face to face with a dangerous radicalism from the centers of higher education was voiced by Herbert Hoover, former Federal food administrator, in an address before the Harvard Club, of California, at a dinner here last night.

Out of the war and misery of the war has arisen a silhouette of class distinction and class hatred that is not to be obliterated with a few words," Mr. Hoover said. "The development of radicalism in Europe during the last 12 months is beyond anything in history. America is a fertile field and responds quickly to any wind that blows.
