LUTHERANS OPEN ANNUAL SESSION

Routine Business Taken Up With the Rev. Dr. S. W. Herman in Chair

John Heathcote, superintendent of the Metropolitan Insurance Company, with headquarters in the Telesgraph building, will be the guest of honor at a dinner this evening at the Penn-Harris Hotel, given in honor of the twenty-fifth anniversary of his connection with the company. A number of well-known insurance men of New York and other cities and prominent men of Harrisburg will be in attendance.

Mr. Heathcote is one of the most popular men in the city, his energetic war work having endeared him to the patriotic people of the community. Mr. Heathcote was one of the leaders in War Savings Stamp sales in all Pennsylvania, and was awarded a handsome medal for his services in that direction. He is a member of the Harrisburg Chamber of Commerce and prominent in the Harrisburg Rotary Club. He is being heartly congratulated upon his anniversary.

San Francisco, Oct. 7.—Because of San Francisco, Oct. 7.—Because of strikes now in progress in various parts of the United States a general demonstration announced for October 8, on behalf of "military and political prisoners" would not be advisable, according to a statement made public to-day by E. D. Nolan, secretary treasurer of the International Workers Defense League, under whose auspices the movement was planned.

To Have Curly, Wavy Hair Like "Nature's Own"

Women who have trouble keeping their hair in curl, or of securing the desired wavy effect—and especially those who realize the harm that the hot iron does to the hair—will do well to try plain liquid slimerine. In no other way can they acquire such pretty waves and curls, having all the appearance of "Nature's own." And the hair, instead of being singed ragged or dead looking, has such a lively luster and wholesome beauty. If you will get a bottle of liquid silmerine at any drug store and follow the accompanying directions, you will be simply delighted with the result. This product is of course perfectly harmless and there is nothing sticky, greasy or unpleasant about it. The hair will be quite manageable, no matter in what fashion it is done up.

EXCURSION TICKETS

Sold October 6 to 11, good to return until October 13, to York from Baltimore, Frederick, Harrisburg, and all intermediate stations, and to West York (Fair Grounds), from Lancaster and intermediate stations, at reduced fares, except those from which the regular round-trip fare is 25 cents or less.

NO TIME SHOULD BE LOST IN ERECTING CITY MEMORIAL By E. J. STACKPOLE

Harrisburg is going to show its appreciation of its soldiers, sallors and marines by the prompt erection of a dignified memorial at Thirteenth and State streets. Under the plan adopted by the special committee of citizens appointed to raise the fund for this memorial, contributions on the basis of \$20 for each service man who went out in response to the call of Uncle Sam have been invited and it ought to be the pleasure of this patriotic community to give, and give quickly, for this purpose. The basis of \$20 per mar is so reasonable that there can be no question of the propriety of the scheme outlined.

Already individual contributors have reported to the Chamber of Commerce subscriptions in favor of one or more soldiers, and the fact that the estimated cost has been divided into \$20 gifts gives the campaign a personal touch which no other financial appeal had during the way reside.

have welcomed home the boys who went out in the service We have welcomed home the boys who went out in the service of their country, and we must now erect a permanent and appropriate marker which will stand throughout the years as an eviderce of the recognition by this community of what the Harrisburg men did and for what they stood in the great war. The giving for this memorial ought to be spontaneous and no time should be lost in raising the fund. Every Harrisburg man, woman and child ought to have a part in this important undertaking.

Claim Efforts to Open Mills Successful;

By Associated Press.

Pittsburgh, Oct, 7.—A number of steel plants in the Pittsburgh district which were forced to shut down two weeks ago when the strike of steel workers was initiated, are operating again to-day, according to reports from company sources. Some of the mills are operating full time, the cospanies said, while others which had been "down" started working in part. Companies claim that their efforts to reopen the plants yesterday met with success and that many men returned to work.

Union leaders termed the efforts of the employers to start operations a "fallure" and they declare that the mills reported to have resumed work Monday have very few men on the job. By Associated Press.

Johnson Would Bar Aliens Another Year

Washington, Oct. 7. — Extension for a year of the wartime restrictions on the issuance of passports will be urged to-day before the House Foreign Affairs Committee by Representative Johnson, Washington, chairman of the Immigration Committee. Secretary Lansing also will present the State Department's attitude in the matter.

Representative Johnson, who has introduced a bill to continue the controversy contends his measure would stop any influx of undesirable aliens such as the Russian radicals awaiting opportunity to Johnson's statement.

"Certain European countries are trying to unload these undesirables on us," he said. "Unless we can check the incoming of these revolutionists, the United States will become, instead of the peaceful melting pot it has been, a veritable hell's cauldron.

Aviators Tuning Up For Race Across Nation and Back Again

Mineola, N. Y., Oct. 7.—More than fifty aviators at Roosevelt field were giving the final tuning up to-day to the airplanes in which they will start to-morrow morning on the first leg of the transcontinental race between Mineola and San Francisco. About 70 planes in all are expected to participate in the race which is being arranged by the United States Army air service and the American flying club as a test of the various types of planes developed during the war. In addition to the starters from Mineola, more than a score of airmen will start at San Francisco.

Added interest was given to the race to-day with the announcement by American flying club officials that the air service had decided to make the race a return trip affair, a 5,400-mile flight instead of 2,700 miles as originally contemplated. Entrants will start on the return flight two days after the last plane has completed the transcontinental trip, it was stated.

The Best Cable News Service

A brilliant corps of special writers and correspondents—over thirty in number—located in the most strategic news centers of Europe, South America and the Orient, will cable exclusive news dispatches and special articles daily, so the reader will be kept in close touch with the news of the entire world. This service has been made possible by an arrangement with the Chicago Tribune, whose for-eign service, for many years the leader in the Mid-West, has been augmented and strengthened for even more brilliant work in the future. This service was the first to secure the full text of the Treaty of Peace and the Austrian Treaty, and has many other exclusive news "beats" to its credit during the war.
