Milligan vs. Auto Car Company, Ardmore; Novosel vs. Cramps Company, Philadelphia; Roberts vs. Peoples, Philadelphia; Morgenson vs. Sun Shipbuilding Company, Chester; Beach vs. Pennsylvania Railroad, Philadelphia; Schneider vs. Rookmarbaker Company, Philadelphia; Quinn vs. Baldwin Locomotive Works, Philadelphia.

The petition of claimant was dismissed in Snyder vs. Baldwin Locomotive Works and in Norton vs. Spence, Altoona, the latter being one in which it was claimed that the charges should have been made as though for a major operation.

Notices to over 45,000 insurance agents and brokers in Pennsylvania of changes in the insurance licensing laws of Pennsylvania are being sent out by the State Insurance Department.

Notices are being sent by the Public Service Commission to every operator of a jitney in Philadelphia of which the commission has been able to obtain any information.

Examinations will be held on Saturday in five Pennsylvania cities under auspices of the State Board of Education for the first class of entrants for State higher educational institutions to be helped by the State.

Out of seven cases listed for hearing by the Public Service Commission today, all but one were postponed or canceled, and the only one which was started, a claim of the Aldine Coal Company against the New York Central Railroad for reparation for hauling coal, was continued until October 21 just after it was started.

State Policemen who have been in Tioga county for some time aiding in the effort to enforce the dog license law have been withdrawn for strike duty.

The State has nothing to do with the next census is the word sent out by the State and other departments which have been getting letters from people who want jobs counting heads.

County Commissioner E. D. Reamer, of Westmoreland county, who was a figure here during the legislative session, made some remarks about Governor Spruill's refusal to stand for the county commissioners' salary raising bill at the convention of commissioners yesterday, in Philadelphia, which resulted in the matter being expunged from the record.

Congressman J. Hampton Moore in opening his campaign in Philadelphia last night declared that factionalism would have to end in Philadelphia. The mayoralty candidate's remarks are being closely followed on Capitol Hill.

Three members of the Public Service Commission are sitting in Pittsburgh to clear up the list from that end of the State. They will report to the executive session here next Monday.

District Attorney S. P. Rotan has attracted some attention at the Capitol by his sharp attack upon the manner in which the parole act is being followed in Philadelphia. He denounced the action of Judge Eugene C. Bonniwell in releasing a policeman serving a sentence for assault without notifying the District Attorney.

Captain John H. Campbell, of the Internal Affairs division, presented a paper at the Dauphin County Historical Society to-night on the methods of the office at present.

State officials yesterday outlined a plan for co-operating with New Jersey in the purchase of remaining toll bridges. There will be equal payments.

German Marine Detachment to Be Dissolved Soon

With the American Forces in Germany, Oct. 9.—Reports from Frankfurt-on-the-Main say that the marine detachment which has been dominant in that city since the revolution is to be dissolved and the men enlisted in the state police service if they so desire.

The marine detachment in Frankfurt is one of the queerest military developments in all Germany since the revolution, according to American officers who specialize on German military affairs. It was originally self-appointed and has always exercised its command without any regular permission from higher authority, yet it has been in practical control of Frankfurt for months.

It has been understood among the Americans that the Ebert government desired to suppress the detachment and replace it with Noske troops on the ground that Frankfurt was continuing to be a breeding place for Communists.

War Stores Bring Millions to British

London, Oct. 9.—The government has already realized \$12,500,000 by the sale of war stores which it had on hand when peace was declared. Hundreds of motor cars and trucks have been marketed at prices frequently in excess of the price originally paid for them by the war office, owing to the great scarcity of cars.

NEW BRITISH SHIPYARD London, Oct. 9.—A new shipyard with nine building berths for steamers up to 10,000 tons, is being established on the Medway opposite Chatham dockyard.

MEMORIAL PARK ADDITION The Suburb Unparalleled.—Adv.

Some London Clubs Face Bankruptcy

London, Oct. 9.—Some of the most exclusive of London's clubs are reported to be threatened with bankruptcy. One cause assigned is that the war has dissipated the old-time class distinctions and the chilly plainness which it is claimed pervaded these organizations.

PERPETUAL MOTION IS SOLVED AT LAST

[Continued from First Page.]

ing the war will put it up now," Mr. Miles says, "I will produce an engine that will cost nothing to run."

The age old dream of scientists will be met by this "new law in chemistry," which "was first produced at 956 South Twenty-first street, Harrisburg, Pa., Mr. Miles says.

After studying and experimenting for nine years, I have produced an engine that will cost absolutely nothing to run; I will produce perpetual motion, minus the wear of the engine or an electric motor without wires," Mr. Miles promises.

The magnetic power of oxygen in a Michael Faraday, plays an important part in the Miles scheme. Properties of liquid air were thoroughly investigated during the many years of experiment, and these serve their purpose in his plans, he says.

Exhaustive researches in chemistry electricity and physics were conducted by Mr. Miles in his untiring search for "cheap power," he maintains.

Aided By Elements "Then again, I stood at various points and watched the struggle and strife in the elements," he says, "I watched it struggle for their equilibrium. I watched it in the calm sunset in the summer time, lose its equilibrium in Enola and lash itself into a fury; I watched the equilibrium of the atmosphere losing gradually its hold, to hold in leash the diffusion of gases, that form the atmosphere, from making itself into a furious electrical storm, the storm would put out oxygen and hydrogen in form of water, through ozone and anti-ozone effects.

ASTHMA

There is no cure but relief is often brought by—

VICK'S VAPORUBS

YOUR BODY GUARD—30¢ 60¢ 1.20

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Rheumatism

A Home Cure Given By One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be the "looked-for" means of curing your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write to-day.

Mark H. Jackson, No. 507-F Gurney Bldg., Syracuse, N. Y.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the same Gold Medal on every box and accept no imitation.

A STITCH IN TIME SAVES MANY

\$5,000 for accidental death. \$25 a week for disability from accident. \$20 weekly for illness. Double for accidents of travel.

A YEAR'S PROTECTION FOR \$10

The National Accident Society of New York (Est. 1885) Bruce Green, Resident Agent 1814 Green St., Bell 410

element came back to its original state," Mr. Miles says. This study of the elements, he continues to explain, brought to his attention the Faraday experimental researches into the magnetic properties of oxygen, which he says plays an important part in his perpetual motion.

Storms were watched from many points. "There was cheap power and plenty of it; to find its composition was my aim," Mr. Miles says in telling how he started on his search for the knowledge which he says will render inconsequential heating costs.

All that is needed is one million dollars.

Invented Gun Device Mr. Miles also has the distinction of having aided in overcoming the difficulties which army officials had found when the breeches of 12-inch guns blew off, resulting in heavy casualties. About December 10 or 11, 1910, he got an idea, he says, which he sent along to military authorities

between Christmas and New Years as a holiday gift. With slight alterations he says, the product of this idea has been used in overcoming the difficulties experienced with the gun breeches. Mr. Miles has written a short treatise showing the difficulties he overcame in his long and laborious researches.

"The Live Store"

"Always Reliable"

"Be Sure of Your Store"

They're the Talk of the Town

It's hard to believe that such good clothes can be bought for such moderate prices as the suits and overcoats we have this Fall at thirty-five, forty and forty-five dollars, but we told you in the beginning of the season we were going to keep the prices down and are proving it every day to a large number of men and young men who come to this "Always Reliable" Store for dependable clothes because they can get a larger choice range and greater values than they can get anywhere else.

Perhaps you are going to look around a bit this season before you buy your new Fall suit or overcoat, and we have arranged the best "look" in town for you and your friends. There's something back of the looks. We're going to convince you that you've seen the best looking, best quality suits at Doutrich's for the money that's to be had in Harrisburg. We want you particularly to examine the good fabrics and note the beautiful coloring in the new Fall suits we are showing at

\$35, \$40 & \$45

It would be quite a task, even for ourselves, to try to match these sterling values if we had to buy them now—They're so good that a great many dealers are trying to "cash in" on their popularity, but the men and young men have found the right store where only dependable merchandise is sold. They're bringing their friends here also introducing them to this "Always Reliable" store, where good clothes can be bought at moderate prices because of our enormous purchasing power and big outlet, which keeps the profits down to the minimum.
