

EARLY VOTE ON PEACE TREATY IMPROBABLE

Set Speeches and Reading of Text Will Take Up Much Time

Washington, Oct. 9.—After leaders had taken stock of the situation, it was indicated today that for the next week or ten days, the Peace Treaty consideration would consist of set speeches and the monotonous drone of the reading clerk's plowing through the printed text.

Opponents of the Peace Treaty yesterday blocked all attempts to bring the Shantung amendment to a vote in the Senate this week, and then refused to accede to a joint request by Republican and Democratic leaders for its consideration one week hence.

In the half hour wrangle that followed the suggestion of Chairman Lodge of the Foreign Relations Committee, that the Senate could speed up the Treaty by reading the printed text while Senators were preparing speeches or earlier on the provision, the charge was made and denied that a full-fledged filibuster senator might envelop the pact and delay final action on it.

Senator Hitchcock, of Nebraska, floor leader for the administration forces said the plan suited him, except that he would prefer a vote next Wednesday or earlier on the amendments, which Senator Lodge frankly admitted was quite impossible.

Do Away With Indigestion

How to Purify a Sour, Distressed Stomach in a Few Minutes. Let us talk plain English; let us call a spade a spade. Your food ferments and your stomach isn't strong enough to digest the food you put into it, so the food sours and forms poisonous gases and when it does leave your stomach it has not furnished proper nourishment to the blood, and has left the stomach in a filthy condition. Take Mi-o-na stomach tablets if you want to change your filthy stomach to a healthy, clean, purified one. If Mi-o-na fails to relieve your indigestion, rid you of dizziness, biliousness and sick headache, your dealer will cheerfully refund your money. If you want to make your stomach so strong that it will digest a hearty meal without distress, and you want to be without that drowsy, all tired out feeling, take Mi-o-na; it should give you prompt relief. For sale by H. C. Kennedy and all leading druggists.

Episcopal Church Hopes For Speedy Recovery of Wilson

Detroit, Mich., Oct. 9.—Adopting resolutions of sympathy with President Wilson in his illness, the House of Deputies of the triennial general convention of the Protestant Episcopal Church, which met here yesterday, expressed the hope of the convention for his speedy recovery.

Facing a program of unusual weight in preparing the budget, the maintenance of present church activities and extending work of the church the next three years, the forty-fourth triennial convention completed its organization yesterday afternoon. Bishop Thomas P. Gailor, of Tennessee, was again named chairman of the House of Bishops and the House of Deputies elected Dr. Alexander Mann, of Trinity Church, Boston.

Japs Ordered to Aid Americans in Siberia

Tokio, Oct. 9.—General Oi, commanding Japanese forces in Eastern Siberia, has ordered his men to cooperate effectively with American authorities in the operation of the trans-Siberian railroad. This is a result of strong representations made by the United States to the Japanese government claiming that in sections guarded by Japanese troops the lives and property of Americans have not been adequately protected. If co-operation by the Japanese troops could not be secured, it is said, the note hinted American forces would be withdrawn from Siberia and the reason for the step would be made public at Washington.

Reports state that the American note was very frank in discussing the situation in Siberia and it have expressed the fear, by inference, that the policy of Japan there might be open to criticism as being opposed to the new idea of international co-operation.

13 Blizzards! Ugh!! RESTRICTIONS ON PUBLIC DUMPS

Royalton Borough Council Takes Action Concerning These Places

Hazleton, Pa., Oct. 9.—Thirteen blizzards, thirty-three snowstorms, a rainy Thanksgiving and two feet of snow on Christmas were promised the people of Pennsylvania for next winter by weather prophets here today. They base their prediction upon the growth of trees and weather phenomena on certain days of the present month.

A LITTLE JOURNEY IS CLEVER PLAY

Pleases Fair-Sized Audience With Clever Acting and Good Lines

A fairly good-sized audience last night at the Orpheum thoroughly enjoyed every minute of the "mille a minute" comedy — "A Little Journey." The play is from the pen of the traveling salesman, jovial and familiar through the whole gamut to the poor woman traveling against odds with a young baby. The last act is a scene after a wreck which not only causes its inconvenience but changes a lot of lifetime dispositions. Certainly there is a love theme between the young lady who has spent her whole life believing in conventionalities and practicing them and the young Westerner to whom conventionally means little or nothing.

The theme develops when the young lady loses her ticket and the young Westerner comes to the rescue. He saves her life in the wreck. The entire company was most capable one, and when one says that the audience thoroughly enjoyed the entire piece, one pays a tribute to the abilities of each individual represented in the cast. And to the credit of the authoress let it be said that she has given us a play which provides not only entertainment but visualizes the greatest of all studies, that of human nature.

Lighterage Service Held Up by Strike

New York, Oct. 9.—Delivery of all freight requiring lighterage in New York harbor was ordered stopped today by order of W. N. Pollock, marine director of the U. S. Railroad Administration. This action came as the result of the walkout of thousands of longshoremen despite instruction from their international union to remain at work.

A. T. Hardin, the Railroad Administration's regional director of the east territory, announced that with the war-time embargo still in effect permits to receive freight would be issued only to those able and willing to handle it themselves, as all lighter service had been prohibited because of the strike. Steamship lines can get their freight by sending to railroad yards and piers and removing it with their own forces, he said.

The proclamation was signed "patriotic committee" and was dated September 27, according to the dispatch.

Shot on Eve of Making Sensational Disclosure

Berlin, Wednesday, Oct. 9.—Hugo Haas, leader of the Independent Socialists, was shot today only a quarter of an hour before he expected to make a sensational disclosure to the National Assembly in connection with the government's Baltic policies and the tolerant attitude of Berlin toward the "west Russian anti-Bolshevik government." This fact gave currency to rumor that the attempt against Herr Haas's life has a political origin, but a cross examination of Voss, his assailant, indicates that he was actuated by motives of personal revenge.
