Extra Hour of Sunshine

RESOLVED, That the Kiwanis Club of Harrisburg places itself on record as heartily in favor of a continuation of the Daylight-Saving system for the country at large, and for Harrisburg especially. The benefits of this extra hour of daylight during the summer season are so self-evident that they need not be outlined here. Suffice to say that the results of the operation of the law recently repealed by Congress have been so beneficial from every standpoint that some plan must be found to continue it next year, preferably by Congressional re-enactment; but by municipal ordinance or common agreement if the national lawmaking body cannot be convinced of the wisdom of re-passing the law. The Kiwanis Club hereby recommends that all of its members sign the petitions now being circulated by the Harrisburg Telegraph in favor of the continuance of the Daylight-Saving plan, and that all such as are employers see that blank petitions are circulated among their employes.

Mr. Neefe then introduced ex- Mayor Bowman, admiral of the Har- risburg Navy, who, in a few words, invited the Kiwanis Club to the ban- quet to be held by the Greater Har- risburg Navy at the Penn-Harris next Thursday evening. Supports Bathing Beach

Mr. Stackpole spoke of the future that the Navy has in Harrisburg, and the possibilities of the river basin. He said that there was no reason in the world why Harrisburg, with all the energy and life it has shown in other developments of the city, should not concentrate on the river basin and make it nationally known. The prospect of municipal bath- houses was gone into by Mr. Stack- pole, who declared that they were an absolute necessity for the city and urged that everyone give the loan for that purpose their hearty support at the polls in November. The people are too prone to forget, while voting in the cold weather, said, that a bathhouse develop- ment is an essential to their com- fort during the summer. Speaking of the unrest and un- certainty of the times, Mr. Stack- pole said that matters such as these are necessary to help bring the peo- ple back to their pre-war contented and happy state, beside providing a place for meeting and knowing each other.
