At Death's Door

"I was talking with my neighbor, Mr. Webb, the other day, regarding the great trouble his stomach had given him. He said he suffered 7 or 8 years, and had been almost at death's door a number of times from acute 'indigestion and bloating of gas, which seemed to shut off his heart action. He said he wouldn't taken Mayr's Wonderful Remedy when he did, which made a well man of him." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and alays the inflammation which causes practically all stomwhich causes practically all stom ach, liver and intestinal ailments, in cluding appendicitis. Of the 50,000 children in Vladimir, it was reported that 5,000 were complete orphans, having neither father nor mother. To care for such a number there is but one orphan asylum capable of accommodating 100 children.

As a temporary measure, the Red Cross has sent several cars of supplies to Vladimir. Another train was dispatched to the Haleby districts, where the conditions of the population are equally severe. Here were found eighty villages on the old German-Russian battle line. Many of them had been totally destroyed. Refugees from Russia augmented the normal population, and to take care of them the Red Cross sent to Haleby eighty bales of clothing.

"Justice in spirit and deed is the andation on which to build plans foundation on which to build plans for the settlement of the present labor problems and wipe out conditions of unrest," was-given as one solution, by the Rev. Dr. Edwin Heyl Delk, pastor of St. Matthew's Lutheran Church, Philadelphia. He was the principal speaker last night at the closing sessions of the Lutheran Synod. His subject was, "A World in Discord." Dr. Delk said in part:

By Associated Press.

Atlantic City, N. J., Oct. 10.—A resolution urging consideration from the public in the efforts of the traction companies to "weather the financial storm through which they are now passing," was adopted by the American Electric Railways Association at the final session of its annual convention here yesterday. Brigadier General George Harries, who recently returned from a nine months' stay in Germany as head of the United States military committee there, told the convention that Germany alone was responsible for the unrest in France, England and this country since the signing of the smissice.

Rev. D. L. C. Stoehler, of Lebanon, reported on the state of the church. He showed that all the parishes of the East Pennsylvania Synod were in a prosperous condition. The congregations have responded more generously in benevolent giving during the past year than before.

The report of Dr. W. A. Granville, president of the Pennsylvania College, Gettysburg, Pa., showed that the institution was in a splendid condition. Dr. J. A. Singmaster, president of the Teological Seminary Gettysburg, spoke of the prosperous condition of that institution. Dr. Singmaster made an appeal to the Synod to interest their congregation to enlist young men to the churches in higher Christian education and the Gospel ministry. The problems of the day can be helped solved by the aid of the churches made the co-operation of the Gospel ministry.

citizen. Aeputation for veracity good.

"I lost my watch three years ago," said Mr. Burton. "It was a made-in-America, goid watch and a splendid time keeper. I used to look at my watch to see if the town clock was right.

"I remmbered having left it in my vest hanging in my barn. I looked high and low for it. There wasn't much chance for a thief to get it. Its disappearance remained a mystery.

"I slaughtered my cow the other day. Imbedded in her intestines, I found my watch, looking as bright as when it first came from the jeweler's. It was ticking. I looked at the time. It was four minutes slow. The watch had lost only four minutes in three years. "I figure," said Mr. Burton in explanation of the remarkable statement that the watch was still running, "that the passage of food through the cow's intestines turned the stem and kept the watch in operation throughout its intestinal experience."

U. S. Soldiers Are Fired Upon From Ambush in Gary

Gary, Ind., Oct. 10.—A squad of United States soldiers in an automobile was fired upon from ambush yesterday in Gary.

The attack, believed to have been made by a detachment of radicals, was launched during the dark hours just preceding dawn as Sergeant Major George Schrich, with five other members of the Fifty-ninth Infantry, patrolled the streets of the south end of the steel town. The four shots went wild.

Sergeant Schrich, followed by his men, leaped from the automobile and charged the clump of bushes from behind which the attack was made, but their assallants had escaped.
