SPECIAL SERMONS IN PRESBYTERIAN CHURCHES Special sermons will be preached in practically every congregation of the United Presbyterian church in this city between to-morrow and October 25 in an effort to enroll 100,000 members as "comrades in interest." On October 22 prayer meetings will be held simultaneously all over America for the enrollment of additional members.

The great drive for a praying brotherhood in the church is similar to the movement being conducted in practically every other evangelical church. Millions will be enrolled as intercessors, say church leaders, when the various campaigns such as the New World Movement in the United Presbyterian church, come to a climax.

Pledges of membership in the brotherhood are pouring by the hundred by Dr. J. Knox Montgomery, who left the presidency of Muskingum College, to assume direction of the department of spiritual life in the New World Movement, with headquarters in Pittsburgh, Pa.

Virtually every minister in the United Presbyterian church will be enrolled by the middle of October and the pledges of thousands of other members of the church already have been received.

Jus' Like Edison! Says a friend o' mine, who wasn't in th' Service, "What's th' Big Idea? Are you on King Oscar's payroll, th' way y'er boostin' th' ol' smoke?" "No," says I, "I ain't on his payroll, but, s'posin' Edison'd kept it a secret when he discovered th' electric light?" Then I says something about th' ol' saying which mentions th' water we don't miss 'til th' well's empty, an' I tell him that's th' big idea! "After smokin' any ol' thing a feller could get over there, I comes back an' finds th' same ol' K O smoke waitin' f'r me an' I feels like I'd discovered somethin' An' I can't see th' reason f'r keepin' it a secret any more'n Edison did with his electric light." Get th' idea now? A Daughboy. P. S.—The Comparison Is Good Why make a secret of a good thing? King Oscar has been the smoothest H a v a n a - filled, Sumatra-wrapped smoke that Nature-mellowed tobacco could make it for the past 29 years, and when Quality tobacco went soaring in price, we had to pay the increase or see quality go out of K O. We paid the price, and, K. O. had to go to 7c, but the increased demand proves that smokers didn't want a cheap smoke—they wanted their accustomed quality. John C. Herman Co.
