

NEW OFFICERS IN HEALTH BUREAUS

Col. Martin Names Cumberland County Man to Important Place; Other Changes

A nouncement of appointment of two supervising medical directors to have charge of medical inspection of schools and other health supervisory work was made to-day by Col. Edward Martin, State Commissioner of Health. These offices are new and it is planned to name them for groups of counties.

Dr. Bruce McCreary, Shippensburg, has been named for Perry, Franklin, Adams and Cumberland counties and Dr. Charles W. Sheldon, Tioga, for Tioga, Lycoming, Potter, Bradford and Sullivan counties.

Col. T. Lyle Hazlett, Pittsburgh, has been named medical director at the Mont Alto Sanatorium, succeeding Dr. F. C. Johnson, who has been granted leave of absence. Col. Hazlett was one of the surgeons of the Keystone Division and served in

Quality First Boston Garter. Includes an illustration of a woman's legs wearing garters.

BANISH CATARRH

Breathe Hymel for Two Minutes and Relieve Stuffed Up Head

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hymel.

It should clear out your head and open up your nose in two minutes and allow you to breathe freely.

Hymel is made chiefly from a soothing, healing antiseptic oil, that comes from the eucalyptus forests of inland Australia where Catarrh, Asthma, Bronchitis, Tonsillitis, Indisposition, Pneumonia, and Consumption were never known to exist.

Hymel is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

Important Free Offer To The RUPTURED

Mr. F. J. Stuart, President of the Plapao Laboratories, Inc., has invented the scientific PLAPAO-PADS, designed to do away altogether with the old-fashioned truss or mechanical appliance. We want every ruptured person that reads this to send his or her name and address so we can send

FREE Trial PLAPAO and other important information that every ruptured person should know. Absolutely no charge for what we send, now or ever. We want to show you what the "wonder worker" called "Plapao" will do. We will provide you, ABSOLUTELY FREE, that you can be benefited by the FREE test treatment. Send name and address to-day. PLAPAO CO., Block 1648, St. Louis, Mo.

"Jim" Corbett, Fighter and Movie Hero

Recommends Remarkable New Strength Builder for Weakened and Nervous Folks

Explaining how he has retained, in middle life, the marvelous physical powers which enabled him to become World Heavyweight Champion, "Jim" Corbett says:

"In the days when I was World's Heavyweight Champion I kept myself in perfect physical condition through careful living, scientific training and continuous outdoor exercise. But since taking up theatrical work, I cannot devote all of my time, as in the past, to my health. So now, when I feel physically exhausted or when I become nervous through long hours of work, I immediately take a short course of Parto-Glory.

"I have found that Parto-Glory is a remarkably efficacious nerve tonic and strength builder and I recommend it most heartily to any man or woman who may be weak or run-down through loss of nervous energy.

"Before taking Parto-Glory I had a careful investigation made as to the therapeutic value of its formula and I learned that it contains only such ingredients as are known to be of greatest benefit to the blood and the cells of the nervous system.

"The confidence that this investigation of Parto-Glory gave me was strengthened by the results which I obtained from its use. Very often it soothes, steadies and strengthens my nerves and gives me renewed physical energy within two or three days time.

"In all my experience I have found nothing equal to Parto-Glory for strengthening the body and the nervous system. I can only commend it in the highest terms.

NOTE: Parto-Glory has been used with astonishing success by thousands of nervous, run-down, weakened men and women all over the country. It is compounded in highly concentrated form from ingredients well known to the medical profession for their high therapeutic value and for their strengthening effect upon exhausted nerve cells. Parto-Glory is guaranteed to give beneficial and entirely satisfactory results to every purchaser or money refunded. For sale by most druggists. Parto-Glory Mfg. Co., New York, N. Y.

Energetic action against men practicing as doctors in Philadelphia who have neither degrees nor State licenses has been ordered by Dr. M. Baldy, chairman of the State Medical Bureau. Several prominent physicians will assist Dr. Baldy.

Improvements to the several Pittsburgh armories were decided on after an inspection of them by the State Armory Board, which also sanctioned erection of armory buildings in Meadville and Erie. Several Pittsburgh firms were awarded contracts for work on the Meadville structure. It was announced that the citizens of Erie had raised a fund of \$40,000 to partially defray the cost of erecting the armory in Erie, where a lot at the corner of Prade and East Sixth streets has been given free as a location.

Reports of the discovery of insects closely resembling the dreaded European corn borer which has lately appeared in New England have been sent to the State Department of Agriculture from Erie county. Specimens are now being studied in the State laboratories and examined by Washington experts.

Withdrawals of food from cold storage warehouses this fall will be closely watched by State officials who are making studies of the high cost of living here and at Philadelphia and Pittsburgh. The reports of deposits at the end of September showed less of various products held than usual at this season of the year and also less activity in storing them this summer.

Pennsylvania's bear hunting season will open on Wednesday and run until the fifteenth day of December. The game code allows one bear to each individual or three to a camp and no traps or deadfalls are allowed. Bears have not been reported as very numerous in some of the northern and central counties where they last year were abundant.

The red squirrel may be shot at any time, as protection was withdrawn from it by the last Legislature. The blackbird season has been under way since August 1 and many have been shot, according to reports coming to the Game Commission.

Systematic search of potato patches and farms in the mining and industrial centers of Allegheny, Washington, Fayette and Greene and part of Westmoreland counties by agents of the State Department of Agriculture's plant industry bureau have failed to discover any signs of the potato wart which caused such havoc in the lower anthracite field.

The search was made in co-operation with Federal inspectors who visited tracts in West Virginia and Ohio where it was feared that the wart had appeared and it is believed that the pest has been localized in parts of Carbon, Luzerne and Schuylkill counties and at four points in Cambria county. In carrying out the investigation the State experts not only examined fields and crops, but used moving pictures, cards and posters to bring the dangers of the wart to the attention of the people.

In the anthracite field the pest appeared mainly among the foreigners and such settlements were visited in the bituminous region and interpreters employed to warn the growers of the hazards they ran in not following directions and also of the quarantine plans in event that the wart appeared.

Indiana and Lancaster counties are to the front with the first agricultural co-operative associations to be incorporated under the new act of 1919 providing for such bodies of farmers. The two new corporations granted charters are the Indiana Co-operative Dairy Association, of Indiana, and the Lancaster County Poultry Producers' Association, of Lancaster. These concerns were chartered without capital stock. In numerous other co-operative associations chartered under the old act passed in the eighties, being mainly co-operative stores and similar enterprises. Quite a few of them have been formed by people from other countries, including Polish, Lithuanian and Swedish residents. Most of them have been chartered for the western part of the State.

Western Pennsylvania game lovers say ring neck pheasants have been found in Mercer county mixing with barnyard fowls. The birds, brought into the State in large numbers from Oregon, are turned loose and fed at the expense of the State Game Commission. With proper care and treatment and closed seasons they have become very tame and are found in coveys along the roads.

The State Board of Public Grounds and Buildings will meet to-morrow when the contract for the Memorial Bridge will probably be let. Governor William C. Sprull spoke yesterday at the National Farm School exercises near Doylestown. He also endorsed the Harvard endowment plan for Pennsylvania.

Use McNeil's Cold Tablets. Adv.

FOOD REPORT IS DISAPPOINTING

Decrease in Amount of Food in Cold Storage Means New Problem For State

State officials who have been making studies of the problems attending the reduction of the cost of living have been given a very disagreeable surprise by the summary of the reports of the foods held in cold storage warehouses in this State. A month ago it was expected that the quarterly reports would show not only great amounts of butter and eggs which form the bulk of the holdings at this time, but also that much meat would be found stored. Instead the figures have run away below estimates and some object lessons will not be drawn. The amount of food in storage is disturbing some of the students and some agents will be asked to study the matter, why only half the amount of fish in storage at this time two years ago is held and why the meats have dropped lower than for a long time at the commencing of winter.

According to the records made up by James Foust, director of the bureau, eggs, butter and fish are the only foods of which more is stored than at this time last year and they are all less than on the first of October two years ago.

Table showing food storage statistics for 1919 and 1918. Columns include Food, 1919, 1918, and Dozens. Rows include Eggs in shell, Eggs out shell, Butter, Poultry, Fish, Game, Beef, Veal, Mutton, and Pork.

West Fairview Is Ready to Honor War Veterans at Saturday Celebration

West Fairview is rapidly completing her preparations for the Welcome Home celebration to her service men and women on Saturday of this week. Already the town is taking on a holiday appearance in preparation for the occasion.

Borough people have declared a holiday for the day, and the most necessary work will be done. Every businessman of the borough is reported to have made known his intention of closing his establishment throughout the entire day.

The event will be opened with patriotic exercises at 9.30 o'clock in the morning. These will be given by the school children in the bandstand. At 1.30 in the afternoon, there will be a big parade of borough organizations, school children, soldiers, etc. At 3 o'clock in the afternoon there will be further patriotic exercises in the bandstand.

A big banquet, "the best that Cumberland county can produce," will be served to the service men and women in the evening at 5.30 o'clock. In the evening at 7.30 o'clock, there will be community singing and a band concert by the Commonwealth Band, of Harrisburg.

Teamsters Strike at Grand Central Station

By Associated Press. New York, Oct. 13.—Teamsters at the Grand Central terminal started to strike shortly after midnight, according to reports which were received by the situation to Secretary Lacey, of the local union of the international Brotherhood of Teamsters. The last load of merchandise to be handled by employees of the American Railway Express Company, before going out on strike, left the Grand Central terminal at 12.50 a. m. yesterday. Foremen of the company have closed the gates of the terminal and there is still an enormous quantity of merchandise on hand to be moved.

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime package of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts most magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

IF MOTHERS ONLY KNEW During these days how many children are complaining of headache, feverishness, stomach troubles and irregular bowels. If mothers only knew what Mother Gray's Sweet Powders would do for their children no family would ever be without them. These powders are so easy and pleasant to take and so effective in their action that mothers who once use them always tell other mothers about them. Sold by druggists everywhere.

PERRY COUNTY'S RATES GO UP \$3

Telephone Company; Public Service Cases

The Perry County Telephone and Telegraph Company operating in Perry county to-day filed notice with the Public Service Commission of advances of \$3 in rates to become effective November 9. There is also filed notice of \$3.50 charge for installation and outside moves and inside work at cost with \$3 charge for change in types of telephones.

James W. Leech, former commissioner, has withdrawn as a candidate for judge or Orphans Court in Cambria county, although his withdrawal has been refused at the State Department on the ground that the law does not permit it. Mr. Leech has issued a statement that he is out of the race, however.

Complaint was filed to-day with the Public Service Commission by the Penn-Allem Cement Co., or Nazareth, against the power rates of the Lehigh Navigation Company, against which a number of other cement companies have filed protests.

John P. Kepner, a Carnegie publisher, filed complaint against the action of the People's Natural Gas Company in notifying him that it would cut off the supply from his residence. He states that he has spent over \$1,000 in installing apparatus.

The Commission has dismissed the complaint of Daniel F. Knittle against the Catawissa Water Com-

pany, stating that the extension asked would cost between \$1,500 and \$2,000 and that the revenue would be only \$35 per year "with no probable increase in the near future." The Meeting of the State Forest Commission scheduled for to-day to discuss the budget plan was postponed until to-morrow. The Auditor General's Department observed to-day as a business day. The department did not get orders to close. Senators F. E. Baldwin, of Potter, and W. D. Craig, of Beaver, were Capitol visitors. Commissioner of Fisheries N. R. Buller, has returned from the meeting of the American Fisheries Society which was held at Louisville, KY. The meeting was well attended and matters of great importance to the different states were taken up. Commissioner Buller, who has been chairman of the executive committee, was elected vice-president of the

society, which will put him in line for president next year. Although to-day was a holiday, several departments of the State Government were open for transaction of business and the Public Service Commission held scheduled arguments and an executive session followed. The Druggists Building and Loan Association, of Philadelphia, has filed notice of an increase of its capital stock from \$1,000,000 to \$5,000,000. State Department of Health officials to-day reported further cases of diphtheria from the anthracite counties, apparently a spread from the centers of infection noted last week. Supplies of antitoxin are being sent to the districts. Examinations held in five cities on Saturday for admission to college of young men and young women to qualify for the first state aid for

higher education to be given by the State under the act of 1919, will be submitted to the State Board of Education. The results will be announced later in the month. PILLOXES FOR CHICKENS London, Oct. 13.—Pillboxes, built during the dark days of the war when England was fortified against possible invasion, are still standing and some correspondents writing to the newspapers, suggest they be utilized as chicken coops or incubators.
