Graduating Class at West Point Are Lavishly Entertained

Rome, Oct. 12.—The cadets of the graduating class of the West Point Military Academy who came here to see and study the battlefields of the great war have been welcomed and lavishly entertained with luncheons, banquets, drills and dances in ten Italian cities. Colonel John R. West who commands the cadets was compelled to respond to fifty-one addresses of welcome in seventeen days. The fetes in honor of the Americans began at Leghorn where the cadets landed in Italy and where they were guests of the Royal Naval Academy at an elaborate luncheon at which addresses were delivered by officers of the Italian navy and by Colonel West.

FARMERS WILL PRESENT VIEWS

Will Lay Resolutions Before Industrial Conference Tomorrow

By Associated Press Washington, Oct. 12.—Needs of American farmers, including recognition of the right of the farming class to remuneration on the basis of number of hours per day of work, will be laid before the National Industrial Conference when it reconvenes to-morrow. O. E. Bradford, of Xenia, Ohio, one of the farmer delegates in the public group, announced that the five farmer representatives attending the conference would have a resolution setting forth the views of the farmers ready for presentation when the conference resumes its sessions. Prior to the meeting of the full conference, however, it is expected that definite steps will be taken toward the settlement of the issue raised by the requests of the labor group that the conference appoint a committee to arbitrate in the steel strike. Action of some sort on this issue is looked for to-day when the conference's general or "steering" committee meets. Members of the committee who spent the weekend in New York are expected to bring back a report on whether or not by the conference would be accepted by the United States Steel Corporation.

Two Men Indicted For the Murder of Woman in Yonkers

New York, Oct. 12.—Indictments of murder in the first degree have been returned by the grand jury against two men arrested in connection with the murder of Mrs. Elizabeth Nizick of Yonkers, whose body was found in her home last Tuesday after she had been tortured and robbed by thieves who, the police sought \$10,000 the victim possessed.

The men indicted were Samuel Michalow, a real estate dealer, and Max Lipp, a butler. Lipp, the police assert, made a detailed confession of the crime and rehearsed it at the woman's home for her. Two other men, Louis Cohen and Theodore Tucker, were held as material witnesses, while a fifth, George Griner, a boarder at the house, was released from custody.

RAISED FAMILY OF NINE, BOUGHT HOME; NOW GETS HIGHEST PAY, 43C PER HOUR

Pittsburgh, Oct. 12.—Senators investigating the steel strike situation spent all of Sunday afternoon and most of Sunday night listening to evidence.

United States Steel Corporation again took a hand and was allowed to put in before the committee a group of old, but lower paid employees who declared their satisfaction with conditions, hours, and wages. Arthur Raymond, the first of these, said he had worked 33 years in the mills, raised a family of nine children, bought a home, and was now drawing the highest pay he had ever received, 43 cents an hour. A "Good Manager" Senator McKellar, of Tennessee, told him. "Well, we haven't gone hungry yet," Raymond said, "and men don't work near so hard as they did when I started."

Cook's Confession Clears Up Mystery of Soldier's Death

Camp Dix, N. J., Oct. 12.—Mystery that for a week has surrounded the killing of Private John Smanetto, a soldier attached to the remount station, was cleared yesterday, officers of the army intelligence department declare, by the alleged confession of Julius P. Simmons, head cook at the remount. He said he stabbed Smanetto in self-defense in a fight near the camp. Simmons claimed, according to officers, that he alone was implicated in the crime, although it has been generally believed that several soldiers, some of whom have been under arrest as important witnesses, had a knowledge of the killing.

Foster Places Hope For Strike Victory in Capital Conference

Johnstown, Pa., Oct. 12.—William Z. Foster, secretary of the committee for organizing the workers in the steel industry, in addressing the large meetings of Johnstown strikers yesterday, based much of his hope of victory on the outcome of the industrial conference at Washington, stating that all of the labor group, all of the public group and some members of the employers group want arbitration and that the offer of Samuel Gompers to arbitrate must be accepted or the conference will be a complete failure.

Charges Welcome Home Funds Were Wasted

New York, Oct. 12.—Charging that funds appropriated for the welcome home of soldiers had been wasted, and that the expenditures were open to criticism "from almost every angle," Representative Fiorello H. La Guardia, a former major in the American expeditionary force and now a candidate for president of the Board of Aldermen, last night attacked the administration of Mayor Hylan for "appalling extravagance" in connection with the welcome home fund, which Mr. La Guardia said originally amounted to more than \$500,000.

Rumor in Vatican That Pope Will Name American Cardinal

Rome, Oct. 12.—According to a report in circulation in Vatican quarters there is still a probability

that a new American cardinal will be appointed at the consistory which the Pope will hold during the first fortnight in December. The probability is considered very slight, however. The report had its origin in the news that the pontiff, in addition to elevating Monsignor Kakowski, archbishop of Warsaw, to the car-

dinalate will create another, or perhaps two more, foreign cardinals, one of whom might be an American. The consistory in December will witness the inauguration of the series of great ceremonies at the Vatican suspended during the war. In the first months of 1920 there are to be three canonizations, culminating with that of John of Arc-

which is fixed for Whitsuntide and will be a glorification of the loyalty to religion of the warrior spirit of France.
