Ninghai Pongee Silk

Practical For Dress, Draperies
Or Men's Silk Shirts

34-inch Ninghai pongee, a quality noted for its "evenness" of weave and freeness of rice dust, which is used in finishing all grades. This is a most practical silk, as it is sometimes used for fine draperies, but most usually employed for dress. Another big suggestion—they make the most satisfactory men's shirts. They wash perfectly and always look so clean, cool and distinctive, 3/4 yards being sufficient, costing \$6.35.

Mother, wife or sweetheart can make a shirt that would cost double the money for a ready-made one.

34 inches wide, natural color only, \$1.95 yard.
