

FORT HUNTER TO GET POSTMASTER Civil service examinations will be held October 25 for a fourth-class postmaster to fill a vacancy at Fort Hunter. Applicants must be 21 years of age, except women, who are eligible at 18.

GOOD TIDINGS FROM MOTHER IN FAR EAST

"Your mother is getting stronger every day," writes relatives of S. Bhagwan Singh, 1345 Vine st., Phila., from Hindustan, East India. "That medicine you sent fixed her up in two weeks." Mr. Singh, a student here, said: "Several months ago I had trouble with my stomach. I was advised to take Tanlac. I got such wonderful results that when I received word that my aged mother in India was ill and run down, I immediately sent two packages of Tanlac to her. I am mighty grateful to Tanlac. I feel that it has saved my dear mother's life." The genuine J. I. Gore Co. Tanlac is now being introduced here by all leading druggists.

LEO DITRICHSTEIN IN GOOD ROLE

Makes Splendid Impression on Small but Appreciative Audience at Orpheum

Leo Ditrichstein, the "Great Lover" of the modern stage, played "The Marquis de Priola" to a small but appreciative audience at the Orpheum last evening. It is seldom that Mr. Ditrichstein favors Harrisburg with his presence, the last time being in "The Concert," which he played with such success for several years. In his role of the Marquis, Mr. Ditrichstein was more than satisfactory. He is a wonderfully finished actor, reading his lines with the grace and ease and realistic intensity which very few stars obtain. His part last evening was one well suited to him, one which he is rather accustomed to, in fact. "The Great Lover," which he played for many months, afforded him the same opportunities which the role of the Marquis allows him, though the "Great Lover" is a character which differs quite widely from that of the Marquis. As the paralytic rone, the cynical, unbelieving atheist, Mr. Ditrichstein was disgustingly splendid. In his more dramatic moments he surpassed

even his former efforts. The attacks of paralysis, horribly realistic, showed him as the finished actor that he is. The play is not a pretty one, and I think Mr. Ditrichstein is preferable in other roles, such as that which he takes this afternoon and evening in "The Matinee Idol," but for a dramatic presentation of the first order, "The Marquis de Priola" cannot be surpassed. The supporting company last evening was quite good. Brandon Tynan, as the protegee of the Marquis, was a bit too "heavy" in his big moments, but very good for the greater part; Orlando Daly, as the Parisian, second of the Marquis, played a difficult part very well, and Ann Macdonald, Lily Cahill and Josephine Hamner were worthy foils for Mr. Ditrichstein's acting. MAX ROBERTSON.

Solve Mystery of Human Bones Found on a City Dump

Cumberland, Md., Oct. 15.—The mystery involved in the finding of six skeletons in an old trunk on a city dump was cleared yesterday when a physician advised the authorities that the bones had been in his possession for a number of years for the purpose of study. He said he employed a man to remove them and thought they had been buried.

President's Mind as Good as Ever, Grayson Says in Personal Letter

New York, Oct. 13.—The New York World yesterday printed the following excerpt of a letter from Rear Admiral Cary T. Grayson, President Wilson's personal physician, to an unnamed friend in New York. The publication was authorized by Admiral Grayson: "I do not know of any disease that has not been included in the rumors about the President. If I tried to refute all these rumors that have been scattered about, I would not have any time to devote to the President professionally. I have not followed this course, and I do not intend to do so. I agree with you—I wish I was similarly afflicted if I could be as mentally alert as the President. "I can sincerely say that his mind is as good as it ever was since I have known him. "I hope the time will not be far distant when it will be considered safe to permit him to resume work, when his actions and his words will speak for themselves. "As he gains in strength his case is more difficult for me to handle, as he is so very anxious to get back to work. "All the doctors I have called in agree that absolute rest and quiet is essential to complete recovery. My great difficulty is to keep him from becoming irritated as a result of the rest treatment, for, if he should strain himself too severely, complications might result. I believe you can appreciate the trying situation with which I am laboring."

Claim Mills Near Normal; Strike Leaders Insist on Gains

Pittsburgh, Oct. 15.—Pittsburgh district steel mills are operating more fully to-day than at any time since the nationwide strike of steel workers began more than three weeks ago, according to reports from representatives of the employers. The latest statements from the various companies showed that hundreds of men are returning to work daily. Reports from the Carnegie Steel Company are that 39 of its blast furnaces are operating on full time. Clairton Steel Company officials say their 14-inch mill which opened last Monday is still running full blast, while 1800 men are reported to be at work in the plant of the Weirton Steel Company at Weirton, W. Va. The plant is operating "100 per cent," according to representatives of the concern. The claims of the companies were met by union leaders to-day with the statement that the strikers are gaining ground steadily, and that no desertions have been reported. Strikebreakers brought into the Pittsburgh district recently are joining the union, an announcement from strike headquarters said.

Discharged Soldiers Raid I. W. W. Quarters and Destroy Literature

Chicago, Oct. 15.—Aside from the situation at Gary, Ind., where disclosures of arrests of radicals and revelations of the discovery of alleged anti-Government plots by Federal authorities yesterday attracted nationwide attention, the industrial conditions in the Chicago steel district to-day showed no material change in the last 24 hours. From many of the plants throughout the district came reports of increased production, with many striking employees returning to work after an absence of more than three weeks. Strike leaders issued the usual statements that the strike had been affected by the men who had resumed employment. An I. W. W. propaganda headquarters recently opened in South Chicago to-day bore a placard "stay away from South Chicago" and was empty of the literature it had housed. Two hundred men including a number of discharged soldiers, last night marched to the headquarters, the secretary and pitched the books and pamphlets into the street, where they were burned.

Carnegie Mills Operate First Since Strike

Youngstown, O., Oct. 15.—For the first time since the steel strike began, the Ohio works of the Carnegie Steel Company was operating to-day. Two of the company's blast furnaces started up, with indications of resumption in other departments during the day. The Brier Hill Steel Company has five open hearth furnaces in operation to-day, and the sheet and tube company started additional sheet mills. At the latter plant a large percentage of the skilled labor has returned, mill officials said. According to observers approximately 7,000 strikers, or about twenty per cent, of the total in this city and East Youngstown have returned to work. Neither company or union officials would estimate the number returned to work. The valley remains quiet with few pickets on duty.

Army Headquarters Show Need of Field

In a bulletin issued yesterday from Army headquarters in this city, attention was called to the fact that Harrisburg will lose its opportunity to be placed on the aerial postal service map unless action is taken soon by city officials to provide an aviation landing field within the limits where the field will be ample ground and adequate police protection for any planes that land.

TO PLAY TECH SCRUBS

The Melrose football team will meet the Tech scrubs on the Island Saturday afternoon and the following day the outfit will clash with the St. Joseph's nine of Lancaster on foreign soil. Players are requested to meet for practice at Nineteenth and Greenwood streets, on Friday evening. Players composing the squad are: Clough, Snyder, Dunkle, Harvey, Harrison, Strine, Rahn, Matter, Kurtz, Stouffer, P. Shafer, B. Shafer, E. Shafer and Handshaw.

Only 180 of 440 Treaty Sections Read

Washington, Oct. 15.—Senate reading clerks, resuming their prolonged struggle with the text of the Peace Treaty to-day, have passed through only 180 out of 440 sections of the mammoth document, according to latest estimates. Debates and oratorical efforts of Senators alike have interrupted the progress and there were no indications today that the proceedings would be speeded up in the near future, despite the fact that the Senate convened an hour earlier.

PASTOR RESIGNS

Announcement has been made of the resignation of the Rev. Walter Toller as pastor of the Zion Baptist Church.

MEMORIAL PARK ADDITION. The Suburb Unparalleled.—Adv.

War Tax on Series Nearly as Much as Owners Received

Chicago, Oct. 15.—Nearly as much money was paid to the United States in war tax as accrued to the club owners of each of the teams that participated in the recent world's series, it was estimated to-day. For the eight games \$73,232 was paid to the Government as war tax, while Charles A. Comiskey of the Chicago White Sox and Garry Herrmann of the Cincinnati Reds, got approximately \$95,000 each. But from that amount it is stated, it was necessary to deduct the expenses of erecting temporary seats, players' salaries, the cost of transporting the players from one city to the other and their hotel bills, leaving to the clubs about the same amount as went to the Government.

TOURING U. S. Washington, Oct. 15.—Leaving Washington to-day, members of the French mission from the Ecole Polytechnique to the United States will make an extended tour of industrial and educational establishments in the United States. The itinerary calls for a stay at South Bethlehem, Pa., October 17, and 18, with a visit to Steel plants and to Lehigh University.

Constipation Billiousness-Headache Dr. Chase's Liver Tablets

Make the liver healthy and that biliousness, headache, nervousness, constipation, and all the ailments that result from a clogged liver disappear. Large box, enough to last a month, 50c. UNITED MEDICINE CO., Philadelphia, Pa.

NEGLECTING THAT COLD OR COUGH?

Why, When Dr. King's New Discovery So Promptly Checks It

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery. Cold, cough, gripe, croup does not resist this standard reliever very long. Its quality is as high to-day as it always has been—and it's been growing steadily in popularity for more than fifty years. 50c and \$1.20 a bottle at all druggists.

Constipated? Here's Relief

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of stubborn bowels so pronounced in Dr. King's New Life Pills.

DOCTORS EXPECT RETURN OF INFLUENZA. If the grip comes back this fall, as doctors say it is likely to, be ready to fight off the germs by taking Father John's Medicine now to build new resisting power. Remember, this pure food medicine is guaranteed free from alcohol and dangerous drugs and has been successfully used for 60 years for colds, coughs and as a body builder.

Would Penalize Railroad Strikers

Washington, Oct. 15.—Inclusion in the permanent railroad legislation of a provision to penalize strikes of railroad employees was decided upon late yesterday by the Senate Interstate Commerce Committee by a vote of 14 to 1. The committee did not enter into the details of the antistrike legislation, the vote being merely on the question of adopting the principle of penalizing railroad employees for striking. Senator Stanley, Democrat, of Kentucky, cast the only opposing vote, declaring he did not believe antistrike provisions could be enforced. The committee vote was regarded as making certain inclusion in the final railroad bill of an antistrike clause somewhat similar to the

clause of the Cummins bills proposing fines and imprisonment for concerted action of employees interfering with interstate commerce. The phraseology of the antistrike clause is expected to be agreed on late this week.

Lack of Million Dollars Will Not Keep Wonderful Machine Off Market

Edmund Miles, 956 South Twenty-first street, who claims to have invented a perpetual motion machine, to-day issued a statement in which he expressed disappointment that his idea of \$1,000,000 had been misunderstood. His sole idea, he said, was to keep his machine under cover until he was secure. Several patents of his, he says, are in operation for which he received nothing, but lost lots of time, severe studying

STOP ITCHING SKIN Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief. There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy. The E. W. Ross Co., Cleveland, O.

Napoleon was his own Barber

RIGHT to the end at St. Helena Napoleon kept his fastidious liking for a smooth chin. Bourienne, his biographer, says that he shaved himself with singular dexterity, one valet holding the glass, another the towel.

The greatest of all war strategists was so proud of his razors that he stipulated in his will that his splendid silver shaving set must be delivered, on his death, to his son, the King of Rome. How much more pleased Bonaparte would have been if he could have added to these beautiful razors the convenience and safety of the

DURHAM-DUPLEX A Real Razor—made Safe

The same rightly-designed razor that Napoleon used—the same fine balance in the hand and comforting "feel" on the cheek—the same wide, keen-edged "shear"—only it won't cut your face. In addition, you'll have a two-edged detachable blade with the best temper of any blade on earth. Don't throw this blade away when dulled.
