EARLY ACTION ON RETURN OF ROADS NEEDED

Otherwise Business Will Be St. Stephen's Church Is Handicapped, Says W. D. Hines

By Associated Press napolis, Ind., Oct. 16.-Unss legislation looking to the reless legislation looking to the return of railroads to private ownership takes definite shape during December, the country will be disastrously handicapped next year in having its business moved, according to Walker D. Hines, director general of railroads, Mr. Hines spoke last night at a dinner of the National Association of Railway and Utilities Commissioners, in convention here.

ties Commissioners, in convention here.

Mr. Hines called attention to the urgent need for additional facilities for handling the increasing amount of railroad business and said that, in view of the announcement by the President that he intended to hand the roads back to their owners December 31, early action by Congress is vitally important in order that the private owners may see where they stand and begin in time to plan for additional facilities for moving their business.

CORNS 'TWEEN TOES? USE EASY "GETS-IT" Big River Thefts

with "Gets-it."

Fight off just like a banana peel. You can try to dig or drag out your corns with a knife, or slice them with a "bloody" razor, or use bandages and tape and wrap up your toe into a package, but that's the "treat-'em-rough," painful, foolish way. Use 2 or 3 drops of "Gets-it" that's the peaceful, sure, commonsense way that never fails. You reach the corn easily with the little glass rod in the cork of every "Gets-it" bottle. It does not hurt the true flesh. Try it, trot and smile! It's bettle. Try it, trot and smile! It's but at rifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.

Threaten to Extend Expressmen's Strike to Points East of Chicago

By Associated Press

New York, Oct. 16.—Threats to extend the strike of the railway express men to all points "east of and including Chicago," was reported last night to be the answer of members of the International Brother-hood of Teamsters to the ultimatum of Walker D. Hines, Director General of Railroads, that there would be no dealing with strikers in this city until they return to work. According to Michael J. Cashell, first vice-president of the Brotherhood. "the word has already been passed." Officials of the union reported more than \$3,000 teamsters on strike in New York, Brooklyn and Long Island, and that several thousand more have walked out in New Jersey cities, affecting tleups in Jersey City, Hoboken, Newark, Elizabeth and Paterson. Mr. Cashell predicted there would be 30,000 men out by the end of the week. By Associated Press

Are Laid to Men Indicted in New York

By Associated Press

New York, Oct. 16.—Alleged to be two of the "most desperate river pirates in the country," James Chapman, of Rockaway Beach, and Harry Haugen, of Brooklyn, indicted by the Federal grand jury on a charge of grand larceny, are held by Federal Judge Chatfield in \$100,000 joint bail here. Secret service operatives of the Railroad Administration, acting through Washington authorities, advised the court that they have a long chain of big river thefits to lay against the pair. The two men are held on the specific charge of stealing \$85,000 worth of leather consigned by a Milwaukee company to Copenhagen, from the Lehigh Valley pier in Brooklyn.

Local 923, of Brooklyn, last night voted to continue the strike until their demands for \$1 an hour and \$2 an hour for \$2 an hour for overtime were grant-ed, despite the fact that most of the wharf workers have decided to resume work.
