Miners Declare Coroner's Verdict on Death of Woman Is Untrue

Pittsburgh, Oct. 16.—Announcement is made that J. C. Brown, assistant to W. Z. Foster, secretary of the steel workers' national committee, has forwarded to Chairman Kenyon, of the Senate committee investigating the strike, an affidavit signed by two physicians in which it is asserted that the coroner's verdict in the case of Mrs. Fannie Sellens, shot and killed near a coal mine at West Natrona, Pa., August 26, was not in accordance with the facts.

Mrs. Sellens was an organizer for the United Mine Workers. It was testified that deputy sheriffs fired at a crowd, at the time Mrs. Sellens was killed, in self-defense. Witnesses for the strikers declared she was killed while protecting children. The coroner's jury verdict was to the effect she was killed by persons unknown during a riot.

The affidavit of the physicians made after the body was exhumed and examined this week, aver that the woman was shot three times—twice in the head and once in the back. The coroner's finding shows death was due to a gunshot wound in the left temple.

The affidavit was sent to the Senate committee, it was announced, to show who was shot in the back and that the other two bullet wounds were made probably after she had been killed. The woman was shot nearly a month before the steel strike started. Labor union leaders have charged that she was murdered and that her killing is evidence of the alleged methods used by certain companies in fighting union labor in the Pittsburgh district.

The case was brought to the attention of the Senate committee in Washington about two weeks ago and again last Sunday when the Senators held a hearing in this city.

SPEAKS TO WOMEN RIGHT FROM HEART

Mrs. Clara Long, 238 N. Preston st., Phila., says: "I got so nervous that ordinary noises would set me all in a quiver. I had been taking about Tanlac. I hardly started taking Tanlac before I began to sleep soundly. I soon recovered my appetite. Tanlac proved a medicine of real virtue which merits the highest praise. Do you have dull, throbbing headaches, dizzy spells, weak back and lack of energy? If you do, you need something to restore your poor, debilitated organs to normal. That something is Tanlac, the new tonic, appetizer and invigorant, which is now sold here by all leading druggists.

Much Rheumatism

Local Druggists' No-Cure-No-Pay Offer Attracts Many Sufferers. If there are any rheumatic sufferers who have not recalled themselves of this generous offer they should do so at once. Kennedy's Drug Store state that if Rheuma, the guaranteed prescription for rheumatism in any form, does not give any relief, quick and joyful relief they will gladly return the cost without any quibbling or red tape. Rheumatism is a dangerous disease, and any one who has the slightest taint of it should drive it out of the system as quickly as possible. This is what Rheuma did for many. It should do as much for you. "I have been laid up for one year with chronic arthritis," says one sufferer. "I had doctors galore, also spent four months in a sanitarium but had practically no relief. Then I started taking Rheuma. Now I can go without crutches or other aid which I could not do for the last nine months. I highly recommend it, and would gladly answer any questions asked on receipt of stamp for postage."—Thomas H. Eddy, Schuylerville, N. Y. Rheuma is absolutely harmless and thoroughly reliable because it is one discovery that has forced Rheumatism to yield and disappear. It's not expensive and it is recommended by good druggists everywhere.

BANKS MUST GO UNDER STATE LAW

Rulings Given to State Banking Commissioner by Attorney General

In an opinion given to State Commissioner of Banking John S. Fisher, attorney General William I. Schaffer says that he should require national banks in Pennsylvania before commencing the business of executor, trustee, administrator and similar duties under State laws, including registrar of stocks and bonds, to comply with the State laws relating to the same subjects so far as their trust business is concerned. The inquiry related specifically to action under the act of 1919 which provides that national banks engaging in trust business must comply with the laws relative to trust companies.

In another opinion it is held that State laws do not permit inspectors of weights and measures to inspect weights or measures used in laundries. It is held that such weights or measures as employed in weighing clothes laundered and that they are not used in weighing anything to be sold. The State Game Commission has authorized the employment of five additional traveling game protectors, making ten in all. They will be employed in educational work and in showing people how to care for game during the winter and to assist in enforcement of game and conservation laws. Immediate steps will be taken to acquire lands for game preserves in Warren and Jefferson counties.

Representative Theodore Campbell, of Philadelphia, was among Capitol visitors. Major W. G. Murdock, who was executive officer of the draft system during the war, is arranging to take charge of the gathering of military history in the various counties for the War History Commission. He will visit a number of counties where the preparation of data has been lagging and arrange for the assembling of authoritative information, the reports being made to Director Albert McKinley, of the University of Pennsylvania. The Major will also write a history of the draft in the State from the official records.

Reasons for the recommendation of a pardon for William Josiah McMeen, the Juniata man in prison since 1886 for wife murder and recommended for release after serving the longest term in penitentiary records in the State, will be sent to Governor William C. Sproul when he returns to the Capitol early next week. The element of doubt in the case which was expressed when the board granted commutation in 1887 and by the judge and some lawyers in the case is what brought about the recommendation which will open the doors for the man in the western penitentiary for a generation. Nothing will be done in regard to the case until the editor of the Mifflintown paper who talked of burning the board in effigy if a pardon was granted from the present attitude of officials.

Col. Edwin Martin, State Commissioner of Health, has announced a new move in his campaign against venereal diseases in which he urges the use of prophylactic treatment, this being a step in which the establishment of forty State clinics for treatment of such diseases and the elimination of the prostitute also figure. Col. Martin has appealed to the newspapers to bring such matters to public attention as a health proposition.

Plans are being made by several of the departments of the State government to arrange for observance of Armistice Day next month. It is expected that Governor Sproul will issue a statement regarding the Department of Public Instruction will bring it to the attention of schools in conjunction with the War History Commission.

M'MEEN'S PRISON DOORS OPENED

State Board of Pardons Will Recommend Release of Juniata County Man

William Josiah McMeen, whose conviction for wife murder at Mifflintown in 1886 is one of the famous cases of the Juniata valley and who has served a longer period in prison in Pennsylvania than any man or woman, was last night recommended to be freed after serving almost 34 years. The recommendation was made by the State Board of Pardons after a hearing in which members of the board denounced newspaper articles threatening burnings in effigy and one of McMeen's close friends and a signer of a petition for his pardon in 1909, appearing in his capacity as district attorney to protest on behalf of the community.

The record of the case is unparalleled in the State Capitol. McMeen was convicted after a sensational trial because of doubts the board commuted his sentence. Twenty-three years after he had been in prison an application for pardon was refused and again refused in 1914. To-day it was renewed under circumstances which caused comment and in the course of which State officials said that they would not be moved by clamor or threats.

The board refused to grant commutation of the death sentence of William Evans, convicted of a murder at Steelton and sentenced to die in the week of October 27. Action on cases was as follows: Recommended—Joseph Christman, Allegheny, assault and battery; William Josiah McMeen, Juniata, first degree murder, commuted; J. H. Davenport, Bradford, larceny; Joseph Dackowski, Bucks, arson; Joshua Bell, York, assault; William S. Grier, Philadelphia, forgery, embezzlement, etc.

Refused—William Evans, Dauphin, murder; Louis Beck, Allegheny, larceny; Earl Burns, Venango, burglary, rape; Lloyd Degler, Berks, larceny, and using auto without consent of owner; Chris Yeager, Bucks, assault and rape; C. W. Wire, York, felonious entry; Edward Locker, Washington, manslaughter; Noah Clevenger, Indiana, incest; Louis Serody, Philadelphia, larceny; John L. Irvin, Philadelphia, larceny; Gustine Burns, Philadelphia, manslaughter; Daniel McBride, Jr., Philadelphia, pandering; Chic Barski, Westmoreland, robbery.

Held Under Adjudement—Lewis Page, Fayette, murder; Patry Alfilito, Bradford, arson; Joe Palumbo and Ralph Palumbo, Schuylkill, manslaughter.

Rehearings Refused—Harry Harris, Philadelphia, assault with intent to kill; Hezekiah Strothers, Philadelphia, second degree murder; Felix Storti, Philadelphia, second degree murder; Humphrey Donohue, Philadelphia, assault and battery.

Other cases were either continued or withdrawn.

Beauty Answers

By MADAME MAREE. DIMPLES? G.—Your complexion is not merely engaged in the very outer skin. It is deeper than that. It is in the part of the skin immediately underneath the outer layer. Complexion creams which merely affect the outer layer are as a rule very ineffectual. A method gaining wide use because of its tremendous success lies in the use of zintone, a powder which simply mixes at home with a little glycerine and dissolved in water. This makes an exquisite cream. The zintone can be secured at any druggist in one-ounce packages for 50 cents. This is also a very economical method. By liberal use of this article, a tremendous difference in the complexion is noted in a few days by the disappearance of muddiness, sallowness, red spots, freckles and other blemishes.

MRS. G. F. O. C.—Yes, you can easily remove blackheads in a few moments even while you are engaged in your toilet. And to think you have been years trying to get rid of these annoying blackheads! On a hot wet cloth sprinkle some powdered norexin, which you can get at the druggist for 50 cents, and rub this over the affected skin. You will find the blackheads will be entirely gone in a few moments. Continue this method every few days.

MRS. C. A.—By all means you should not use mechanical instruments for bust development. Use a safe formula, by mixing two ounces of ruetone, half a cup of sugar and a half pint of water. Two tablespoonfuls of this after each meal, and one at bedtime, will in most instances do wonderful work. Of course, no one can promise sure results in any one case, but this formula should do the work.

Influenza Dangers Easily Avoided by Liberal Use of Dash Balm

The danger of a recurrence of the influenza epidemic of last year is by no means small. Be on your guard. Influenza is only possible by entrance through nose and mouth of vicious influenza germs. Keep a jar of Dash Balm handy. It not only wards off influenza, but also relieves severe catarrhal conditions of the nose and throat. Insist on having Dash Balm and nothing else. Jars only, price 35 cents at Geo. A. Gorgas, Allan J. Dash Co., Mfg. Chemists, Olean, N. Y.

BEST WAY TO WASH THE HAIR

We find you can bring out the beauty of your hair to its very best advantage by washing it with canthrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthrox, which you can get from any good druggist, dissolve it in a cup of hot water; this makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head.

May Carry Fight For Free Speech Into the Courts

Pittsburgh, Oct. 16.—The fight for free speech and free assemblage which the steel strikers claim has

been denied them in the Pittsburgh district, will probably be carried to the courts, according to an announcement made at the national headquarters of the unions involved in the strike.

W. E. Rubin, counsel for the strikers' national committee, to-day notified Mayor E. V. Babcock, of Pittsburgh; Sheriff William Had-

dock, of Allegheny county, and all the burgesses in the steel towns in the vicinity, that the union organizers will make a test case of the alleged rulings of the public officials in denying the strikers the right to hold meetings.
