

90 HIGHSPIRE VETERANS WILL BE HONOR GUESTS

Borough to Be Ablaze With Color For Home-Coming Celebration

Highspire, Pa., Oct. 17.—The ninety-odd men of Highspire who went out to serve with the United States forces during the past war, will be fittingly honored to-morrow and Sunday, when Highspire will stage an elaborate welcome-home celebration in honor of these men.

Big Parade

A big parade, made up of five divisions, will be one of the big features of the Saturday celebration. A big banquet, cooked with all the fineness of skillful Highspire housewives, will serve to make the former warriors realize the great difference between "mother's" cooking and that of the Army cooks.

Medals on Sunday

The presentation of medals will take place on Sunday morning, 11 o'clock, in St. Paul's Lutheran Church. Dr. Robert Baesel, pastor of Harrisburg Grace Methodist Church, will be the speaker. The medals will be presented under the auspices of the G. A. R.

Parade

The big two-day celebration will get under way to-morrow afternoon at 1:30 o'clock, at which time there is scheduled a series of drills of an interesting nature. This part of the program will be under the direction of Elmer Manning, who has given untiring efforts for several weeks in preparing the children for their part in the program.

Five divisions are included in the parade

The big street parade, which will traverse all of the principal streets of the town, will move off promptly at 2 o'clock and is expected to continue almost two hours. Five or six bands and drum corps will be included in the line as it swings over the borough streets. In line will be numerous floats, the greater portion of the service men, etc.

CHARGES BODY WAS MUTILATED

Allegheny Sheriff Intimates Wound Was Made After Official Autopsy

Pittsburgh, Oct. 17.—Sheriff William S. Haddock, of Allegheny county, yesterday sent to Chairman Kenyon, of the Senate committee investigating the steel strike, a letter in which he practically charges that the body of Fannie Sellens, an organizer for the United Mine Workers, who was shot and killed August 24 at West Natrona, where there was a strike of miners, had been deliberately mutilated after the official autopsy to make it appear she was shot in the back.

The death of the woman has attracted much attention because of charges made by labor union men that she was murdered by deputy sheriffs. The coroner's verdict declared she was killed during a riot. The miners charge she was shot to death while protecting children from the sheriff's deputies. The body was exhumed last Monday at the instance of a relative and yesterday labor men sent to Chairman Kenyon an affidavit signed by two physicians averring that there was a gunshot wound in the back. The coroner's finding made no mention of such a wound. Some labor leaders have referred to the Sellens case as an example of the alleged methods used by certain corporations to intimidate workers who strike for higher wages and better working conditions.
