

RESERVATIONS ON SHANTUNG ARE DEFEATED

Measure Goes Down in the Senate by a Vote of 35 to 55

By Associated Press Washington, Oct. 17.—With the long debated Shantung amendment out of the way, leaders in the Senate expected to discontinue the reading of the treaty text to-day. The general prediction is that the remaining amendments would not be reached before the middle of next week.

The Shantung amendment was rejected with a majority of an even score against it. In the vote of 35 to 55, fourteen Republicans swung over to the treaty forces while three Democrats lined up with those supporting the proposal.

Only Three Remain Only three of the committee's 45 amendments now remain to be acted on by the Senate, 35 previously having been rejected. Of those remaining, two are amendments to the treaty on the reparations commission and two to equalization of voting rights in the League of Nations assembly.

After the vote was completed Senator Lodge announced that he would move to strike out entirely the sections awarding the Shantung rights to Japan. He also was given by a number of the Republican Senators who opposed the committee amendment that he would present reservations in dissenting from the Shantung award.

More than twenty Senators took part in the debate to-day, extended speeches being made by the amendment by Senator Johnson of California; Sherman, of Illinois; and La Follette, of Wisconsin. The amendments were introduced by Senators Phelan, of California, a Democrat, and McCumber, of North Dakota, a Republican. Senator Williams, Democrat, Mississippi, injected into the discussion a bitter denunciation of the Shantung award and of the Irish-American and sharp replies were made by Senators Phelan and Gerry, Democrats, Rhode Island.

Hammon, N. J., Oct. 17.—Experts in handwriting in Atlantic City yesterday examined the letter received by Mrs. Hercules Dansey, mother of little Billy Dansey, whose disappearance from his home ten days ago remains a mystery, and declared that the handwriting was that of a woman who had evidently attempted to make it appear as though it had been written by a man. The letter, which was mailed in Newark, N. J., stated that the child was safe and would be "west of the Rockies" in five days, where he would be given an education and a "more brilliant future" than the child's own parents would give him.

Baker Saved Deeds From Court-Martial

Washington, Oct. 17.—The old Aircraft Board scandal came to light again when Brigadier General Samuel T. Ansell, formerly of the Judge Advocate General's office, disclosed that Secretary of War Baker personally intervened in the case of Colonel E. A. Deeds, of the air service, and saved that officer from court-martial. The evidence that the officer whose court-martial was recommended in the Hughes report on the failure of the aircraft program, had been whitewashed through the agency of those who came to-day as the sensation of the testimony of General Ansell before the House committee investigating expenditures in the War Department.

WOULD DEPORT RADICALS WHO STIR UP STRIKES

Representative Kahn Suggests Meeting Situation With Drastic Legislation

By Associated Press Atlantic City, N. J., Oct. 17.—Addressing the American Hardware Manufacturers' Association in annual convention here to-day, Representative Julius Kahn, of California, declared that the time had arrived for the expulsion of traitors who are masquerading as honest labor. "If it is true, as I have been informed," he said, "that aliens are inciting most of the strikes, and other forms of unrest in this country, I, for one, think we ought to meet the situation with drastic legislation."

"I believe that the time has come for the people to assert themselves and insist on the preservation of order. We have all possible respect for the working men, who are straightforward and honest, but when radicals and agitators take possession of the organizations of labor and preach the doctrines of destruction, we must speak in emphatic terms."

Representative Kahn advocated the registration of every alien in the United States as compulsory. This, he said, would enable the public to know who and what kind of people live among us. He urged deportation of naturalized Americans who may strive to promote destructive policies, and advocated universal military training, which, he said, would be of great benefit to the country.

Proposes 6 Mos. Ban on Exporting Sugar

Washington, Oct. 17.—An embargo against the export of sugar for the next six months under penalty of ten years' imprisonment and \$10,000 fine was proposed in a bill by Representative Dallinger, Republican, Massachusetts. He also introduced resolutions calling on the War and Navy Departments to report whether any sugar held by them could be placed on the market.

Because of opposition of representatives of the sugar equalization board to the elimination of causes providing for the licensing of dealers in sugar, the Senate Agriculture Committee was unable to reach an agreement on legislation designed to relieve the present sugar situation. The committee will meet again tomorrow when William A. Glasgow, attorney for the board; George A. Zabriskie, president of the board, and Secretary Houston will be present. Several Senators are vigorously opposed to the proposed licensing system.

How to Heal Sore, Bleeding Gums Tighten Loose Teeth

BEFORE THEY FALL OUT, DENTIST HOMEWORKS LIKE MAGIC If your teeth are loosening or if your gums are receding and are sore, swollen, inflamed, bleed when you brush your teeth, are spongy, flabby or colorless or if they discharge pus or develop gum boils, it is a warning of dangerous Pyorrhea or Riggs disease of the gums and prompt and careful treatment is necessary if you want to save your teeth from falling out.

A prominent New York State dentist has discovered a new prescription—Epihol—for promptly correcting these troubles and it surely seems to work like magic. A few days' use and teeth tighten, the gums grow sound and healthy and the bleeding, poisonous pus discharge soon stops. An ounce jar of Epihol will last for weeks and costs little at H. C. Kennedy, Geo. A. Grogan, or any good drug store and all these leading druggists will refund the full purchase price if, in any case, it fails to bring relief. One really wants false teeth. So if you have any of the above symptoms you should by all means give this treatment a trial.
