

PENN-HARRIS GIVES FLAG TO ROTARY CLUB

Manager Wiggins Presents Banner From "Best Hotel in City to Best Club"

The Penn-Harris hotel management today presented the Rotary Club with a handsome silk American flag. The presentation took place at the weekly luncheon at the Penn-Harris, when Flavel L. Wright and Dr. C. E. L. Keen asked the president of the organization why the old flag had been removed from its stand up front where it had stood all through the war and the two were appointed a committee to inquire of the hotel people what had become of it. In a few moments they returned with Manager Wiggins, of the Penn-Harris, who is also a member of the club, bearing a huge silk American flag. The club stood and sang the "Star Spangled Banner" after which Mr. Wiggins made the presentation speech, saying that the flag is the gift of "the best hotel in the city to the best club." He received a vote of thanks.

Dr. Frank E. Jensen, a minister, who is also president of the Washington, Pa., Rotary Club, who was the guest of Mr. Kinnard, made an address on "Americanism" and the club decided to have an Americanization luncheon at which prominent leaders of the various foreign contingents of the city and vicinity will be guests.

William H. Feter, newly-appointed district manager for the Bell Telephone Company, was introduced to the club in his new capacity and congratulated. James Sanders, who recently returned from a trip to Europe for the State, will be the speaker at next week's luncheon. The club decided to name a team to participate in the woodsawing contest at Wildwood Park next Saturday when wood will be sawed for the Y. M. C. A., the Children's Industrial Home and the Day Nursery. To-morrow evening the club will be the guest of John Hantecote in his offices in the Telegraph building. The luncheon committee under the direction of Chairman C. Lanford Scott put over a "get-aquainted" program at the luncheon to-day that caused much merriment.

Barber Is Arrested on Two Charges of Robbery

Charged with breaking into the drugstore of George C. Potts, Third and Herr streets, and the garage of Sidney J. Sible, at 201 Cumberland street, George N. Cupples will be given a hearing in police court during the afternoon. Cupples was arrested by Detectives Speese and Allison while working in an uptown barber shop.

Cupples is charged with forcing the cellardoor at the Potts drugstore and taking away \$70 in bills, a number of gold pieces, other coins to the value of \$18 and a \$50 Liberty Bond.

Will Your Home Be Warm This Winter?

Some homes are never comfortably heated in cold weather because of improper heating methods and wasted heat. Where there are impurities in coal there is bound to be wasted heat.

Kelley's "Blue Ribbon" coal is richest in carbon and has the least percentage of impurities of any fuel mined in Pennsylvania.

Let "Blue Ribbon" coal prove to you how comfortably it can heat your home this winter.

And it costs no more.

WM. H. FETTER APPOINTED TO SUCCEED EBERTS

William Bradford Is Made Local Manager of Bell Telephone

WILLIAM H. FETTER

George S. Reinehl, division manager of the Bell Telephone Company of Pennsylvania, announced to-day the appointment of William H. Fetter, local manager of the Harrisburg office, to that of district manager, succeeding S. S. Eberts, whose death occurred September 22.

Mr. Fetter came to Harrisburg from Philadelphia in July, 1917 and since he has been a resident here has made many friends, not only as local manager of the Bell company, but through his activities in all manner of war and community work.

Mr. Fetter entered the telephone field at Philadelphia in 1911 and quickly showed talent of an executive nature which soon won advancement for him. He has since had a number of important assignments. Harrisburg is regarded by the Bell company as an important telephone center, and it was for this reason that Mr. Fetter was selected for the position of local manager in 1917.

Mr. Fetter has an excellent record of accomplishments and is well qualified for the position of district manager.

He is one of the youngest district managers in the Bell organization. His district comprises the territory of Dauphin, Cumberland, Lancaster, York, Fulton, Franklin, Adams and Perry counties.

Mr. Fetter's appointment is a popular one and is a promotion well earned. He is a member of the Harrisburg Rotary Club and other civic societies.

William Bradford, of Trenton, N. J., has been appointed local manager for Harrisburg to succeed Mr. Fetter.

Plan For Endeavor Rally For November 6

Christian Endeavorers "boosters" visited many societies of this city and vicinity last evening in the interest of the rally to be held in the Christ Lutheran Church, Thursday evening, November 6. Another visit will be made on next Sunday evening. Tickets will be in charge of Charles R. Bartley, chairman banquet committee, Harrisburg National Bank, for the banquet at 6 o'clock.

Haines A. Reichel, State secretary, of this city, reorganized a society at the Calvary Presbyterian Church. George G. Young is the president. Much interest is being manifested in the work for the winter months.

Sixth Street United Brethren Endeavorers held a rally day service last evening with many attractions. The juniors, intermediate and senior societies were represented by many members and took part on the program.

200 More Initiated by Veterans of Foreign Wars

A special session of Captain Howard L. Calder Post No. 31, Veterans of Foreign Wars, was held yesterday at the courthouse, when 200 new members were initiated. The membership is rapidly approaching the 1500 mark.

The Post is organizing a drum corps and band, and a full program of entertainment is being planned for the soldiers and their friends. The first of these series of entertainments will be in the form of a dance to be held on Wednesday evening, October 23, in Winterdale Hall. Many similar functions will follow.

The large enrollment of this Post indicates that more than half of Harrisburg's service men were in France, as only those who served overseas are eligible for membership in the Veterans of Foreign Wars.

THE FRANKLIN SEDAN

NATION-WIDE demonstration of Franklin Sedan utility is daily converting motorists to the practicality of enclosed car motoring. But comparisons invariably prove that *unrestricted usability* in an enclosed car is an exclusively Franklin quality. The result is an unprecedented popularity and a faster increasing sale for the Franklin Sedan than for any other fine car.

No other sedan can equally disregard road conditions, weather and temperatures. None rides with such comfort or drives with such ease and safety. None meets such severe demands without complaints or fulfills all formalities at such small running cost.

The Franklin Sedan alone combines the ideals of utility and economy. It alone is based on the practical principles of Light Weight and Flexible construction. The Franklin Sedan is also the only sedan safe to use all-year in heat or cold. Direct Air Cooled, it has no water to boil or freeze.

Wide Observation Windows together with two Wide Doors on either side allow unobstructed riding view; the V-shaped Slanting Windshield affords broadest driving vision; combined they give this sedan the most open outlook possible. The car is equally remarkable for its ease of access and seating convenience.

The average Franklin owner's expense for this exceptional dependability and performance is indicated by:

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation

We will be pleased to show you how different this sedan is in performance from any car you may be familiar with, and you may choose the roads for a complete test.

The FRANKLIN BROUGHAM duplicates the sedan in performance but instead seats four. It is ideal for personal use. The front seats are aligned so the driver is not isolated from the companion passenger. In size, comfort and convenience, this car particularly meets the needs of small families and doctors.
