

EXPERTS FROM ELSEWHERE SEE BURNER WORK

Oil Heater Impresses Those Who Have Seen It at the Penn-Harris

That there is very keen interest in the subject of the successful use of fuel oil for house heating and cooking was evident on Monday when not only were there present to observe the three-element burner scores of Harrisburg businessmen, but also well-known businessmen from neighboring cities. A number of heating experts were present from New York, headed by A. P. Broome, president of the Broome Vapor Heating Company, of New York and Philadelphia. From Reading came Edward Deininger and D. A. Evans. Numerous technical experts from State departments also visited the demonstration. The visitors expressed themselves greatly impressed with the wonderful heat produced by the three-element flame that gushed like a fountain of fire clean as sunlight, out of the top of the simple little arrangement of ordinary-looking black iron parts. And when the dirty, cheap oil that was used was examined, the clean, white flame became even more marvelous. The immediate applying of this burner to heating requirements is the program of Mr. Hoffman, and upon the securing of support from the business interests of Harrisburg, the founding of an industry here.

A REAL HAIR SAVER AND BEAUTIFIER

Found at Last—Shows Results at Once or Nothing to Pay

If your hair is thinning out, prematurely gray, brittle, lifeless, full of dandruff and your head itches like mad, quick action must be taken to save your hair.

Don't wait until the hair root is dead, for then nothing can help you. Get from any good druggist to-day a bottle of Parisian sage—it doesn't cost much and there's nothing else you could use that's so simple, safe and effective.

You will surely be delighted with the first application. Your hair will seem much more abundant and radiant with life and beauty—all itching cases and your scalp feels cool and comfortable.

Parisian sage is in great demand by discriminating women because it is delicately perfumed, does not color or streak the hair, and keeps it lustrous, soft and fluffy.

Be sure you get the genuine Parisian sage (Giroux's). Kennedy's drugstore can supply you. This is guaranteed to give perfect satisfaction or money refunded.

Geraldine Farrar's New Play Scores Big Success; Story of Modern Russia

Every American should see "The World and Its Woman," the play in which Geraldine Farrar has scored the biggest success of her career. It is an all-week attraction at the Regent and at that there will be hundreds who may not get a chance because of the crowds. It is a story that appeals to all whose slogan is "Americanism." It is a massive spectacle, in which Geraldine Farrar has broad limits for her emotional powers, operatic talent, and womanly character.

The new play is a story of modern Russia with every detail historically correct. The story includes a woman's wit against man's passion, a great love and how it triumphed over a nation, and shows a great woman became great. This play starts with a new version of Cinderella and from that to finish is full of wonderful realism.

Geraldine Farrar in the role of Marcia Warren is supported by a cast that is exceptionally strong. Lew Tellegen plays the role of Prince Michael Orbelliana. He is at his best in this play. Others include Mme. Rose Dione, Naomi Childers, W. Lawson Blitt, Arthur Carew, Lydia Teasdale, and two clever little child artists, Francis Marion and May Girard. They are all important in the success of the production.

INFLUENZA

People Urged to Use Great Precaution as Isolated Outbreaks are Expected

Deadly pneumonia often follows common chest colds and you cannot use too many safeguards. Dash Balm is one of the best and should be applied liberally at the first sign of a cold or soreness of throat or chest. Keep a jar handy at all times. There's nothing just as good, so insist on having Dash Balm. Jars only 35 cents at Geo. A. Gorras, Allan J. Dash Co., Mfg. Chemists, Olney, N. Y.

Tour of Dauphin County Is Planned as Part of Fall Work

The Dauphin County Sabbath School Association is planning a tour of conferences and institutes in each of the twenty districts of the county, to begin this Friday and last for a month, two or more members of the executive committee being present at each conference and the Pennsylvania State Sabbath School Association being represented by Marlin F. Beatty, of Erie. Conferences will begin at 2:30 and institutes at 7:30.

The officers of the County Sabbath School Association include: James W. Barker, president; Col. H. C. Demming, corresponding secretary; C. L. Dice, statistical secretary, and C. M. Hershey, treasurer. Mr. Barker said this morning that plans were also being made for the county convention which will be held at Halifax June 17 and 18, 1920.

The State convention next year will be held at Harrisburg October 13, 14 and 15. Great enthusiasm was manifested at Wilkes-Barre this year, when this city was chosen as the place for the next convention. Over 2,000 delegates will be present. It is estimated that if any Irishmen were responsible for them "they do not represent genuine Irish feeling," and suggested that the letters originated with enemies of Ireland.

Irish Answer Attack in United States Senate

Washington, Oct. 21.—The Irish national bureau here to-day made publication of a letter from Michael J. O'Brien, historiographer of the American Irish Historical Society, New York, to Senator Williams, Democrat, Mississippi, in which reply was made to the Senator's attack on the Irish in the Senate last week.

Referring to Senator Williams' statement that he had received "threatening letters," Mr. O'Brien said that if any Irishmen were responsible for them "they do not represent genuine Irish feeling," and suggested that the letters originated with enemies of Ireland.

Sleeps But Four Hours Daily; Reason For Her Long Life

Cincinnati, Oct. 21.—"I attribute my long life to having adhered to regular habits of daily life when a young girl," declared Mrs. Thomas

Harvey, who celebrated the 100th anniversary of her birth at her home in Norwood, Ohio.

"I have been a staunch believer in the reverse of the old maxim, 'Early to bed, early to rise,' as I never sleep more than four hours. I retire at 10 o'clock in the evening and arise at 2 a. m."

HARRISBURG OFFICER IS Decorated by Albert

Colonel Charles E. Patterson, who is accompanying the King and Queen of Belgium on their swing around the United States, received a few days ago the award of an Officer of the Order of Leopold.

Colonel Patterson who is a brother of Andrew M. Patterson, this city, was in France several months as aide to the Inspector General. Graduating from West Point as a second lieutenant of artillery, Colonel Patterson was assigned to Fort Totten and while there took the law course at Columbia. Later he was assigned to the Coast Artillery, and when he broke out in recognition of his knowledge of the law, he was assigned to the Inspector General's Department with the rank of colonel. At the end of this month he will automatically revert to his grade of captain of coast artillery.

Cardinal Mercier Addresses Episcopalians

Detroit, Oct. 21.—Cardinal Mercier, bishop of Malines and heretofore of Belgium, appeared before the house of deputies in the Protestant Episcopal general convention yesterday and received an ovation from several thousand churchmen. It was the first time a prelate of the Roman Catholic Church was officially received in an Episcopal general convention, and the cardinal graciously acknowledged the honor by calling the churchmen: "We brethren in Christian faith."

"The name of America has become a sacred name in Belgium," Cardinal Mercier informed the deputies.

UNITED STATES PATENT OFFICE

MAIL CLERKS MEET

Meeting in monthly session last evening at the Penn-Harris, Branch 89 of the United National Association of Post Office Clerks heard the report of John T. Mohler secretary and treasurer of the Association, who as a delegate from the post office clerks of first and second class offices in Pennsylvania represented them at the postal salary revision investigation of this month. Mr. Mohler told the members that he had no doubt but that great good would come from the Congressional investigation.
