

CANDIDATES ARE WORKING HARD ELECTION NEARS

Indications Point to Overwhelming Majorities For Republican Candidates

With the general election only two weeks distant, candidates for office are making their final campaign throughout the city and county getting in touch with hundreds of voters and party workers. A big majority for all Republican candidates is predicted this fall, but they are working to make the landslide the biggest in the history of the county.

County Commissioners Charles C. Cumber and Henry M. Stine, Republican nominees for re-election, are seeing many of their friends and are receiving encouraging reports from every district.

Ed. H. Fisher, candidate for register of wills, is sending out hundreds of letters to his many friends in the city and county, urging them to support him.

M. Harvey Taylor, candidate for recorder of deeds and clerk of the Orphans' Court, and George K. Karmann, running for sheriff, are doing some active campaigning also throughout the city and county.

In the city interest centers largely on the number of votes for the four Republican candidates for Councilmen. The two receiving the highest total will remain in office for four-year terms, and the other two only for two-year terms. An amendment to the Clark Act, brought about this change.

Charles W. Burnett, E. Z. Gross, Dr. Samuel F. Hassler and William H. Lynch, the present commissioners, have been nominated and are candidates for re-election. It is believed that there will be a close contest for the four-year terms.

Police Fraternal Order to Consider Jackson

Capital City Lodge, Fraternal Order of Police, will meet in special session on Sunday to consider the case of Patrolman Frank O. Jackson, a colored member of the city force, who is seriously accused by Florence Smith, a white waitress.

Petition for the special session was filed with President Theodore Fehleisen. Fifteen members of the force signed the request and notice of the meeting was read at roll call this morning and afterwards posted on the bulletin board. Jackson is accused by Miss Smith with attempting to entice her to a State street address, but Jackson strenuously denies these charges. He was before Mayor Daniel L. Keister on Monday and again yesterday afternoon.

Thus far no decision has been reached in the matter by Mayor Keister, and he is holding the case over pending further investigation.

Chicago, Oct. 23.—Five aviators in the 5,402 mile twice trans-continental Army airplane race to-day had finished their flights, and of the eight that were on their homeward journeys the one nearest his goal, Lieutenant H. W. Sherman, at Medota, Ill., still had 900 miles to fly before reaching his home hangar. Lieutenant R. S. Worthington the only flyer now traveling from East to West, expected to get away from Rock Island, Ill., today after a day's delay due to engine trouble.

CORPORAL ROBERTS AND WIFE MAKE INITIAL VAUDEVILLE APPEARANCE

Corporal Humphrey Roberts and wife, formerly Miss Martha Armstrong, of Steelton, make their debut in vaudeville to-day at the Majestic Theater. Both Mr. and Mrs. Roberts are very well known here. Corporal Roberts Allentown. While in the service he was stationed at Middletown, where he first met Miss Armstrong.

Roberts has a wonderful tenor voice and as the time dragged at the Middletown aviation field he organized the Middletown Aviation Quartet, which was one of the best quartets in this section last year.

Miss Armstrong also has a wonderful voice, and is an expert pianist. As vaudeville is a vocation which presents opportunities for exceptional talent this young couple decided to try their luck in vaudeville.

To-day marks their initial performance on the vaudeville stage. The advance seat sale for this part of the week has been tremendous, among the groups purchasing tickets were all the men of the Middletown military camp, and scores of others in Harrisburg have reserved seats to again greet their friends.

Mr. and Mrs. Roberts will go to Allentown the first three days of next week. As Allentown is Mr. Roberts' home city he will receive a great ovation there. Within three weeks the couple will be playing a several-week stand on Broadway.

Sketches Made For Pine Street Improvements

Preliminary sketches for the improvement of Pine Street Presbyterian Church are being prepared by Ralph Cram, one of the foremost architects in the country. Recently Mr. Cram spent several hours consulting with the building committee, and his sketches will shortly be submitted.

Among the structures which have been or are being erected under Mr. Cram's supervision are the Cathedral of St. John the Divine and the St. Thomas Protestant Episcopal Church, of New York City; the Fourth Presbyterian Church, Chicago; the Euclid Avenue Presbyterian Church, Cleveland; the chapel and other buildings at West Point, and most of the important recent structures at Princeton University, where he is supervising architect.

Episcopal Clergy to Exchange Pulpits For Special Sunday Services

A rather novel experiment is to be tried out in the Episcopal churches of the diocese of Harrisburg on Sunday. Every clergyman in the diocese will be ordered out of his parish. No clergyman will occupy his own pulpit on that day, but will preach in some other parish designated by the bishop. As there are more than a hundred preaching stations in the diocese the change will be considerable.

The change has been ordered by Rt. Rev. James H. Darlington, bishop of the diocese, in the interest of the Nation-wide Campaign. Not only is every minister told where to preach, but he is also told what to preach.

Every sermon preached on Sunday must be on the theme of "The Church's Mission," and the text is to be taken from the last two verses of St. Matthew's gospel.

It is hoped that by thus exchanging pulpits on that day, the congregations will hear of the campaign from another angle. It is to be the first shot of the campaign in the diocese, and will inaugurate an informational drive of several weeks. They are to be followed by several weeks of arousing enthusiasm and inspiration. The whole campaign is to come to a climax in December.

The leaders are laying great stress on the fact that the campaign is not primarily a financial one. The real purpose of the campaign, they say, is to arouse the church to a consciousness of its opportunities and obligations. Much stress is being laid on the social service work of the church.

Washington, Oct. 23.—Robert Minor, American newspaper cartoonist, who was detained by American military authorities in France on charges of being connected with plans of German Spartacists to circulate Bolshevik evidence was released because of insufficient evidence to warrant his trial, the Senate was informed to-day by Secretary Baker.

While recommending the release, the judge advocates of the A. E. F., Mr. Baker said, expressed the opinion that Minor was guilty. Since the release of the cartoonist, the secretary added, evidence has been obtained connecting him with the preparation of six thousand pamphlets which were to be circulated among American soldiers on the Rhine. Minor acted, Mr. Filip, a German Spartacist leader.

BRUNNER PLAN NEARLY READY

Bids For Capitol Office Building Will Be Asked Within the Next Month or So

Arnold W. Brunner, architect of the Capitol Park extension, left to-day for New York after reaching decisions with State officials regarding the details of the new Capitol office building upon which bids are to be asked within a month. The space in the new building is to be enlarged owing to demands for departments and it is probable that the Department of Health will be connected upon its upper floors.

The contract for the Memorial Bridge will be signed within a week and ground broken about November 1.

The Department of Internal Affairs to-day underwent a series of changes, the Bureau of Standards going to quarters in the Masonic Temple, while the Bureau of Taxes and Assessments went into the rooms with the Bureau of Railways, the vacated rooms being taken over by the Bureau of Municipalities, which is being expanded. The Bureau of Statistics was also assigned permanent rooms. This brings the department together in the north wing except the Bureau of Standards.

Commissioner of Forestry R. S. Conklin and Deputy I. C. Williams are out making a series of inspections of State forests, while Gifford Pinchot and Colonel Henry W. Shoemaker are at work along the same lines. The data is being prepared for the meeting of the Forest Commission next month.

TOO DEEP!

New York, Oct. 23.—A report that Dr. Serge Voronoff, of Paris, had discovered a method of restoring the vigor of youth to the aged by removing the "interstitial" gland of a monkey and grafting it to man, was discussed by delegates to the Clinical Congress of the American College of Surgeons. Most of them disclaim knowledge of any such gland as the "interstitial."

Dr. William Mayo, of Rochester, Minn., said that he had heard neither of Voronoff nor the gland. Dr. Franklin H. Martin, of Chicago, said he thought the reference was meant for the "suprarenal" gland, with which Brown-Sequard, of Paris, made experiments several decades ago, and failed to prove that he had discovered the elixir of life.

Major General Sir Anthony Bowley, a British delegate, called the whole affair a "fairy story."

H. Joyce, of this city, Senator M. G. Leslie, of Pittsburgh, was a visitor here to-day.

Dr. Thomas E. Finegan, Superintendent of Public Instruction, attended the installation of President S. C. Black, of Washington and Jefferson College, yesterday.

Commissioner of Fisheries Buller is going to Erie to inspect the preparations for winter work at the hatcheries in that county.

Adjutant General Beary was in Clinton county to-day.

Dr. Thomas Lynch Montgomery went to Philadelphia to-day to attend meetings of several societies.

WANT DR. LEVIEN

Vienna, Wednesday, Oct. 23.—Bavaria has made a formal demand for the extradition of Dr. Max Levien, the Bavarian communist leader, who arrived here October 3 after his escape from prison. The Austrian government is taking the same attitude that it did in the case of Bela Kun, Hungarian dictator under the communist regime, and his associates, insisting that legal proof of a definite crime be produced by Bavaria.
