Rheumatism

Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afficted and even bedridden with Rheumatism, and it effected a cure in every case.

tism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a ceut; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write to-day, Mark H. Jackson, No. 60'-F Gurney Bidg., Syracuse, N. Y. Mr. Jackson is responsible. Children to Take Part
For the first time in severa For the first time in several years there will be a public observance of Arbor Day. The memorial grove which is to be planted at Reservoir Park will be located between the high pressure reservoir and Cherry Hill, the highest point in the park, from which a view can be had to points for miles around the city. All school children of the fourth and fifth grade will be present to take part in the exercises to-morrow afternoon, Superintendent F. E. Downes announced.

You'd give a lot to get rid of those distressing pimples, wouldn't you? For you know how troublesome they are—how they spoil your beauty—how often they prove embarrassing—how often they prove embarrassing—klearskin—a soothing cream, prepared by the physicians of the kicloister Laboratories, and others which died after they were planted will be removed and new ones put in place. This work will be done under the direction of the treatment of pimples, blotches and other unsightly facial eruptions. This cream contains a medicament of wonderful value—so wonderful that even a two-weeks' treatment of wonderful value—so wonderful that even a two-weeks' treatment of wonderful value—so wonderful that even a two-weeks' treatment will demonstrate its merit. Klearskin is harmless, greasless and of flesh color—does not show on the skin and will not promote hair growth on the face.

A Bolshevik wireless message from Moscow says that volunteers are arriving at Petrograd continuously from the remotest Russian villages and are forming special detachments; among them are numerous women.

The same message says that Admiral Kolchak in his retreat to Petropavlosk destroyed nearly three million tons of newly cut grain.

Further wireless reports from Moscow says that the first tanks manufactured in Petrograd were sent against General Yudenitch's front lines and caused the greatest enthusiasm among the Red troops, who, aided by these, took numbers of prisoners.

Every train in Russia is crowded and when the "sack-carrier" boards one he finds hundreds of other persons — men and women — with their sacks of food trying to get into Petrograd. The more there are the greater his chances of getting into the city.

Each train is met at stations just outside the city by red guards. As the train draws into the station the "sack-carriers" pile off in droves and everyone scurries about to avoid the guards. A certain number, of course, are caught, but hundreds get course, are caught, but hundreds get the contraction of the present.
