Our first answer has always been, "Goods are so hard to get that we sell them almost as soon as they come in and it hardly seems worth while telling about them in the paper."

Our friends always seem to have about the same answer to this, saying, "Well, you have such large stocks and such a large store, in fact more of everything than you can get in any other jewelry store in Harrisburg, it seems that it would pay you to advertise."

So we thought we would start by telling you that we believe we have the largest assortments of gift articles in Harrisburg in such things as Diamonds, Silverware, Clocks, Watches and Rings.

Yes, indeed, we have a great many other articles besides these but we cannot begin to mention all of them in one little advertisement

However, we'll just remind you to do your Christmas shopping now and make it easier for yourself. A deposit will hold a purchase for you until Christmas.

DIENER JEWELER

<text> Owing to an injury to one of his eyes in New York City, Mr. Whitlock found it necessary to omit

to be planted. State police kept the crowds back and opened the narrow passageway through which the party walked. Preparations were complete for turning the earth over the roots of the tall tree. As King Albert stepped up to it he grasped a shovel and turned two shovelsful of dirt over the roots. The heir apparent, Bel-gian officers and city officials stood nearby. Governor Sproul then turn-ed two shovelsful of earth over the roots. t-Governor E. E. Benuelland r C. Gilbert. C. Gilbert. Canon S. Major Count Guy d'Oul-emont. Adjutant of the Court. Department of State,

A two shoveigni of earth over the coots. After the planting Governor Sproul and King Albert walked back to the waiting automobiles just in front of the Capitol and while housands cheered they were off to he Steelton plant of the Bethlehem Steel Company. The King apparent-yenjoyed the tree-planting and, ilthough there was little time in which to crowd all the events planned for the reception, word came from within the Capitol ouilding that the planting program was not to be omitted. Go to Steelton Upon their arrival at Steelton, the

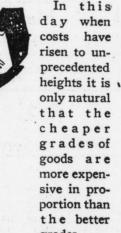

building that the planting program was not to be omitted. Go to Stoelton Upon their arrival at Stelton, the party were taken to the train which was waiting for them, and left at once for the lower end of the plant, where the coke ovens, frog and switch department, and bridge and construction departments are lo-cated. The train was composed of two cars, one an open flat car which was occupied by the party most of the time, and the second another flat car covered with a canopy, and with seats arranged back to back. Very few of the royal group cared to occupy this car, but stood throughout the trip, interestedly ex-amining every department. The King was taken in charge by E. F. Entwisle, assistant general manager, who was present in the plant by Henry B. Bent. In almost every department the royal party expressed their amazement and ad-miration at the wonderful things they saw. They were rather disap-pointed at their inability to get to south Bethlehem, but when they had completed the tour of the Steel-ton works, they were more than satisfied. At the conclusion of the tour, the King told a representative of the commerce of Beneral Manager Frank at sife d. At the conclusion of the tour, the king told a representative to convey to the people of Harrisburg through the work the wonderful things. At the conclusion of the tour, the King told a representative of the commerce of Beneral frank E. Easy Bishop James H. Darlington, Rabbi Louis J. Haas, Rev. William N. States, George W. Rose, Matthew Callen, Spencer Gilbert, A. S. Patter-son.

The demand for cheaper goods has althan the demand for the finer kinds, and now when all kinds of merchandise are scarce the high prices of the cheaper kinds naturally put them out of all proportion to value.

Store Closes Every Evening At 6 P. M.

We Have Decided to Hold Our Special Exhibit and Sale

Despite the rain the first day of this event, Thursday, was very successful. A great many of our regular clientele, as well as new patrons, purchased furs here during this occasion.

Bolshevik forces when the city of Kamyshin, in the Volga valley, was taken, according to a wireless mes-sage received here quoting an offi-cial statement issued from General turing 500 men.

Belgian and American, intermingled in the degorations stretched across the highway and on the business buildings, gave the scene a holiday air. The cars swung out Market street to Front, up Front to Maclay, out Maclay to Second, down Second to the heart of town and thence back to Front street and up State from Front to the capitol, where the party left the machines at the main en-trance of the Capitol and proceeded through the rotunda to the second floor.

Presents Bouquet

to Queen Elizabeth

to Queen Elizabeth One of the incidents which presentation of a bouquet to Queen Elizabeth at the Pennsylvania Rail-road Station, when the Queen was enoute to her car. Katherine Winkleman, the smallest pupil in the Open Air School made the pre-station. Attached to the bouquet was an envelope with greetings from the Open Air pupils. Queen Elizabeth at Mass Marian C. Williams, principal of the school, brough the little girl to the station where she was given an opportunity to halt the bouquet to the Queen. The latter thanked the little pupil and also Miss Williams and patting the little girl's cheek remarked, "I will certainly remember, you and your schoolmates, and am sorry that

We have always priced our men's clothing at the very lowest margin of profit and with the advancing market costs we have held to this policy.

Today a Schleisner Suit or Overcoat is as good in quality, tailoring and style as it ever was, and yet the proportionate increase in price is lower.

If you are ready to buy a suit or overcoat it certainly will be worth your while to see these because you will be convinced that our statements about value are correct

> **Men's Suits** and Overcoats \$35 to \$65

28-30-32 North Third Street

However, we believe the rain kept away some women who had decided to attend this exhibit, and therefore, it is advisable that we continue the event until Saturday night at 6 o'clock when the store closes.

The display is especially notable for the unusually large as-sortment of scarfs and muffs in the popular skunk fur. Ermine is also one of the particularly favored furs.

We believe this is the largest showing of Hudson seal coats that has ever been presented in Harrisburg in a single exhibit

Hudson Seal is especially fashionable now and is always good. A Hudson Seal Coat can be worn for years and be in good taste. Furthermore, a Hudson Seal Coat gives years of service and becomes a profitable investment as each year goes by. Some of the Hudson Seal Coats have collars of Hudson Seal while others are trimmed in contrasting furs.

There Are Many Fur Coats Such As Mole, Marmot and Squirrel, All of Which Are Very Fashionable

This entire exhibit is much larger than any that has been to Harrisburg and considering the fact that these furs are priced attractively and are presented in the same light as all Schleisner high class merchandise it is to your advantage to purchase now.

*

The Exhibit and Sale Ends Saturday Evening At 6 O'clock
