MANY ALUMNI TO ATTEND RIDE

Old Central Spirit to Be Injected Into Next Thursday's Event

Nearly one hundred graduates of Harrisburg High school have signed up for the great strawride to be held next Thursday evening under the direction of the Alumni Association of the school. Twenty of the graduated classes as well as the present junior and senior classes, will be represented.

Arrangements have been completed to convey the past and present students in four large auto trucks. Just where they will be conveyed is one of the surprises which the committee promises to "spring" that night, but of this you may feel assured, the surprise is going to be a mighty pleasant one.

This much of the plans was allowed to "leak" out last night: First, there is going to be lots of straw and lots of ride; second, there are going to be lots of eat, juicy apples, homemade doughnuts and candy, and last, a marshmallow toast around a huge bonfire.

Several story tellers of local fame are scheduled to tell some hair-raising ghost stories, the kind that make you feel creepy all over and—W. Lowery Kay, chairman of the entertainment committee, stopped at that point. "Well, that's going to be another one of the surprises," he said.

The "grads" and "studes" are urged to bring their school pennants and lots of noise-makers along, because this is going to be a regular High School affair, with lots of "pep." Those going on the ride are requested to meet at 6.45 o'clock in the Square as the trucks will leave promptly at 7 o'clock.

Temple Sisterhood Holding Rummage Sale

Many who were disappointed in not securing the articles they desired at the Rummage Sale of the Polyclinic Hospital this week, will be glad to know that the Temple Sisterhood of Ohev Shalom will have a similar sale, in the same place, 108 South Fourth street, the Fishman rooms, Wednesday and Thursday of next week.

Everything wearable—hats, clothing for men, women and kiddies, shoes, gloves, household articles, furniture, cooking utensils, dishes, beautiful pictures and bric-a-brac that others are tired of—all will be on sale. The prices will be little or nothing. Notices will appear from day to day telling of special articles offered.

The committee in charge includes Mrs. W. C. Stegeman, Mrs. Adolph Kapner, Mrs. David Kaufman and Mrs. Otto J. Buxbaum.

Miss Pearl Gardner, of Minneapolis, Minn., is a guest of her sister, Mrs. Paul H. Thorley, of Market street.

Steel Mill Officials Claim Strike Is Broken

Chicago, Oct. 25.—Steel mill officials at Gary, Ind., to-day pointed to operation of twenty-seven out of forty-two open hearth furnaces, both units of the huge duplex mill and a one-day production of 1,800 tons of steel, as bearing out their claim that the strike of steelworkers was broken, so far as Gary was concerned. Eight blast furnaces were ready to start to-day and four others were being prepared.

Optimistic statements from mill head in other parts of the Chicago district were met by denials by the labor leaders that the strike, nearly five weeks old, had been weakened.

Federal soldiers having Gary under military control to-day were preparing for an indefinite stay after General Leonard Wood, commander of the Army central department, was told that the situation there would not permit of their withdrawal at this time.

Army Selling Candy at Low Prices Now

Colonel J. E. Kemper, the local army recruiting officer, has received information that the Quartermaster General of the army has directed a partial distribution of the surplus stock of candies held by the War Departments to the Quartermaster's retail stores along the Atlantic seaboard. This partial distribution is designed to determine the demand that may be created for this candy on the part of the general public. Prices have been fixed upon the candies distributed at which they will be sold both over the counter and on mail orders.

Approximately 1,300,000 pounds of candy, consisting of assorted chocolates, assorted caramels, assorted sticks, and lemon drops, packed in half-pound and pound packages, is now being shipped by fast freight from storage warehouses in New York to the Boston, Philadelphia, Baltimore, Washington, D. C., and Atlanta zones.

The candies to be distributed will be sold in retail stores which have been established in the New York zone and the zones to which the shipments are directed.

The prices at which these candies will be sold over the counter or delivered on mail order to any point in a retail district are as follows:

Chocolates, assorted, 1/2-lb. packages, 15 cents, 1-lb. packages, 30 cents. Caramels, assorted, 1/2-lb. packages, 15 cents, 1-lb. packages, 25 cents. Sticks, assorted, 1/2-lb. packages, 15 cents, 1-lb. packages, 25 cents.

Lemon drops, 1/2-lb. packages, 15 cents, 1-lb. packages, 25 cents. The War Department has additional stocks of these candies, and if they sell readily in the stores to which they have been distributed the remaining surplus will be shipped promptly to the other retail stores maintained by the Quartermaster Corps throughout the country.

WORLD TRADE BODY FORMED

Two Delegates From Leading Powers Perfecting International Organization

By Associated Press. Atlantic City, N. J., Oct. 25.—Work of perfecting a plan for a permanent international organization of businessmen in accordance with the unanimous vote of the International Trade Conference at its closing session last night was begun to-day by a special committee of ten members, two each from Great Britain, France, Italy, Belgium and the United States.

This committee is expected to complete the plan within a month and then representatives of such nations as the committee may unanimously determine to invite will be asked to attend a meeting at which the plan will be presented for adoption in its final form.

Membership is limited to those countries represented in the League of Nations. A summary of the requirements of France, Belgium and Italy during the forthcoming year shows that they will need to make nearly \$1,500,000,000 on commodity purchases in other countries, principally the United States. If long-term credits can be arranged and the change rate, now adverse to them, established, France desires between \$500,000,000 and \$700,000,000 worth of goods, Italy between \$500,000,000 and \$600,000,000 and Belgium \$100,000,000.

France's chief requirements are cotton, coal, foodstuffs, copper, fuel oil and gasoline, steel, textile machinery and 2,500,000 tons of shipping.

Italy's chief industrial need is 12,000,000 tons of coal. She also asks for 4,000,000 tons of oil and \$300,000,000 worth of food, shipping cotton, metal, agricultural machinery and lumber.

Belgium wants tools, coke, oil, mining and agricultural machinery, railroad equipment, foodstuffs, especially wheat and ships.

Great Britain's delegates presented 20 specific needs and asked for no special credit requirements. Sir

Aviators on Second Lap Face Bad Conditions

By Associated Press. Chicago, Oct. 25.—Aviators on the second lap of the twice transcontinental Army airplane race again to-day faced bad flying conditions, and little more flying than yesterday, when one flyer made 112 miles before the weather forced him down, was in prospect. The number of racers attempting to complete the 5,402-mile course to-day was raised to seven when it was announced that Lieutenant W. C. Brown planned to take the air in a new machine
