

COMPLETE PLANS FOR ROOSEVELT DAY OBSERVANCE

Big Program Is Planned For Monday Night; Ministers to Extol Former President

With the completion of the program to be given on Monday evening in Chestnut Street Auditorium final arrangements have been made for the observance of Roosevelt Day in the city.

To-morrow ministers in some of the city churches will speak of the Roosevelt anniversary plans and the work of the Roosevelt Memorial Association, and on Monday in the schools Roosevelt's birthday will be observed with exercises and readings.

On Monday evening the program to be given in the Chestnut street hall will open with an invocation by the Rev. Dr. George Edward Hawes, pastor of Market Square Presbyterian Church. Gifford Pinchot will speak on "The Life of Roosevelt," the Rev. Dr. Robert Bagnell, of Grace Methodist Church, on "Roosevelt in the Perspective," the Rev. Dr. Henry W. A. Hanson, of Methodist Lutheran Church, on "Roosevelt the American," Bishop W. M. Stanford, of the United Evangelical Church, will pronounce the benediction.

Music will be furnished by the Municipal band during the evening. Before the meeting the band will give a concert and short street parade. An elaborate musical program has been arranged for the evening by Stanley G. Gifford, chairman of the music committee. The program follows: Selections, Pine Street Presbyterian Church choir, comprising Mrs. Roy G. Gibson, Mrs. James Sanders, John P. Cox, Mrs. James H. Ley; duet, Hawthorne's "Whispering Hope," Mrs. Cox and Stanley G. Backenstoss; selections, Municipal band. Frank A. McCarrell will be the accompanist for the vocal selections.

No admission will be charged and no seats will be reserved at the hall.

The Awful Results of a Coal Strike

THE UNITED MINE WORKERS in the Bituminous Regions will go on a strike November 1 unless they are granted a 60-per-cent. raise in wages, a six-hour day for only five days a week; time and half time for all hours over six a day; double time for Sundays and holidays.

These demands will add one billion dollars to the cost of bituminous coal.

In the event of a bituminous miners' strike on November 1st the country will be plunged into industrial chaos.

Factories and mills will close; public utilities and railroads will cease to function; pneumonia and other diseases will become widespread; millions of men will be thrown out of employment; industrial America will be brought to a standstill and business paralysis will take the place of activity.

The amount of anthracite coal produced after November 1st will be but a drop in the bucket. Six-sevenths of the nation's coal output is Bituminous coal.

Anthracite, Pea and Buckwheat will immediately be used in a desperate effort to replace bituminous. These sizes will become in great demand. Pea and Buckwheat consumers should at once arrange for their entire winter's requirement.
