You may have coal in your cellar, but do you have enough to last you through the Winter?

Who can foresee what this Winter will bring if the threatened coal strike goes into effect?

You had better anticipate your coal needs and do it quickly.

The disastrous results of a coal strike cannot be exaggerated. Order your coal now, when there is coal to

## There's a Constantly **Growing Popularity For** Bricker's O. K. Bread

We have just gone over our records and find that comparing the number of loaves of Bricker's O. K. Bread now with the number of loaves sold last year at this time there is a considerable in-

This is one way we have of telling that more people are eating

We say this increase to several reasons.

One reason is that people have tried other breads and find Bricker's O. K. Bread is better. Another reason is that Bricker's O. K. Bread takes the place of other food stuffs and people are eating more of it.

You can rest assured that your grocery bill will be much less and your meat bill much less if your family eats Bricker's O. K. Bread.

The quality of our bread is due to the quality of materials we use in it and the ability to make good bread.

The result of using the finest flour and other ingredients combined with a thorough knowledge of bread baking and the willingnes to make good bread simply cannot be anything but good bread.

There are very few dealers in Harrisburg and surroundings who do not sell Bricker's O. K. Bread. All good dealers sell it.

If your grocer does not have it telephone our Bakery and we will see that you get it.

Come over to our bakery and inspect the plant. It is worth your while to see how Bricker's O. K. Bread is made.

# James J. Corbett, Most Famous Of All Champions and Motion Picture Star

Tells How Parto-Glory Renews His Physical Energy and Increases His Strength and Vitality in Less Than One Week's Time

James J. Corbett, pugilist, actor, author, motion picture star and the most admired and beloved man who ever held the World's Heavyweight Boxing Championship is living proof of the fact that men need not grow old in body and strength as fast as they grow old in years.

Today, although a man of over fifty, "Gentleman Jim" Corbett looks, acts and works as a man of thirty-five, so successful has he been in keeping his youthful energy, strength and endurance.

How does this man who is known to millions as Big Brother, Hero and Friend, retain the wonderful health, strength and vigor which enabled him to wrest the World's Heavyweight Championship from John L. Sullivan?

an L. Sullivan? fany men wonder how he has been able accomplish, as though by magic, what them has been impossible—the keeping strength, 'igorous health and youthful earance despite his years. In the days on he was appearing in the ring, it was essary that he give most of his time to the strength and strength.

#### Replaces Outdoor Exercise With Parto-Glory

But for the past twenty-five years "Gentleman Jim" has been appearing on the stage and is now leading the vigorous life of a motion picture star in productions requiring dare-devil "stunts," the nature of which would test the strength, nerve and courage of the best of men. The making of such pictures as "The Midnight Man," Corbett's wonderfully thrilling serial, allow him but little time to devote to physical exercise and the scientific training which once kept him in the pink of condition.

condition.

Corbett says: "In the days when I was World's Heavyweight Champion, I kept myself in perfect physical condition through careful living, scientific training and continuous outdoor exercise. But since taking up theatrical work, I cannot devote all of my time, as in the past, to my health. So now, whenever I feel physically exhausted or when I become nervous through long hours of work, I immediately take a short course of Parto-Glory.

#### Few People Recognize Nervous Conditions

Commenting on such statements as that of Corbett, quoted above, Dr. C. M. Jordan of New York, formerly United States Exmining Surgeon for Pensions, says: "It is stonishing the number of men and women the suffer from played-out or weakened serves and do not know it.

"Simply because pain or distress course."

## What Are the Signs of

Nearly everyone suffers to some extent from nervousness and has some of the many symptoms of nervous disorders. Some men and women have a weak feeling in the knees, lack energy and endurance, often described to physicians as "that tired feeling." Then, there are those who suffer from nervousness; sleeplessness; irritability; nervous indigestion; sour stomach; constipation; irregular heart; poor memory; lack of mental endurance; headache; backache; neuritis; rheumatism; mental disturbances; unjustified fear; undue worry; melancholla; dangerous organic disturbances—all of which may be directly or indirectly due to a disordered, exhausted and overtaxed nervous system.

These many symptoms are the flagmen at the crossings of life. Immediate action and attention to the nervous system, and down go the flags and the road of life is safe for travel. Many men and women, wrongly believing that drugs or alcoholic stimulants would cure nervous disorders have lost their grip on life, lost their self-confidence, hope and ambition and become unfortunate and pitiful drifters in life's currents.
