

NEW GUARD WILL ORGANIZE SOON

Bridge Organization Formed and Personnel Will be Taken up Promptly

The Pennsylvania National Guard which will constitute the new Keystone division in the front line of National defense, was removed closer to organization by a conference of the general officers with the colonels and a number of the majors at the Capitol. It was decided to give the communities which furnished the units in the Guard that went to Camp Hancock the first opportunity to obtain representation in the new and to urge all officers of military experience and all men who have served in the armed forces to join the new State troops. Ultimately Pennsylvania is going to have not only one complete tactical division, but two and the conference discussed the many details preliminary to organization and the auxiliary services, including tanks and aircraft.

For the purpose of expediting things the conference resolved itself into a general discussion meeting in which Adjutant General Frank D. Beary and Major General W. G. Price outlined the steps they had taken with the War Department and the generals and colonels gave their view on the present personnel of field and company officers. Names of men were suggested and they will be asked to join, announcements of appointment made from headquarters here without regard to group.

General Price said that he had been impressed with the interest shown by the overseas experience and the number of applications he had received and expected that the new Guard would be rapidly and efficiently organized. He called upon General C. T. Cresswell, commander of the Reserve Militia, who was present with his adjutant, for some remarks and a pledge of the heartiest co-operation was extended. General Cresswell said that he had some excellent men who had not been fortunate enough to get overseas and beseeched their zeal for the success of the new Guard.

Adjutant General Beary said after the conference: "It was marked by the finest spirit. Every man there was interested and, I am delighted at the way the officers took hold of things. We will have our organizations under way before long and in arranging now for their equipment."

The brigade organizations will be: First, General E. C. Shannon, 1st, 3rd and 6th infantry.

Second, General Richard Coulter, Jr., 10th and 18th infantry.

Third, General G. C. Rickards, 8th, 13th and 16th infantry.

The colonels will go to their home communities and get into touch at once with experienced men to comprise the field officers and to organize the companies, cavalry, artillery and other organizations will be mainly located in former home towns.

Princeton Alumni Are Being Organized

New York, Oct. 30.—Organization of Princeton University Alumni into a permanent national body is to be effected at a meeting in Pittsburgh on November 1, at which "every city in the country having a Princeton graduate will be represented," it was announced last night.

Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup. You could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, ask your druggist for "Pinex" and use it in all directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. GAVE MORE THAN CIVIL WAR COST

State's War Loans and War Taxes Exceed Figures of 1861 to 1865

Philadelphia, Oct. 30.—Pennsylvania's war loans and war taxes in the two years of America's participation in the World War were greater by about \$600,000,000 than the total cost to the North of financing the entire four years of the Civil War.

The Pennsylvania War History Commission made this announcement today. The comparison between the gigantic financial contributions of this Commonwealth to the Nation at war and the cost in dollars and cents of the American Civil War is made as a stimulant to the interest of Pennsylvanians in State History Week, November 9 to 15, when the people of Pennsylvania are asked to fortify the State records of the future by contributing the civilian and service achievements of 1917 and 1918 to the Commission's files.

The Keystone Commonwealth, the figures on hand at present show, subscribed to \$2,709,947,800 worth of Liberty and Victory bonds. The North, from 1861 to 1865, floated loans totaling \$2,621,916,786. In other words, Pennsylvania in two years raised \$88,031,014 more in bonds than the entire North did in four years.

The Union, between 1861 and 1865, paid into the United States Treasury taxes totaling \$667,163,247. Pennsylvania, for 1917 alone, paid \$589,056,143.20. The 1918 taxes, which are being paid in four installments, the last one this December, will reach the \$600,000,000 mark. The combined Pennsylvania taxes for 1917 and 1918 will exceed the Civil War taxes of the Union by approximately \$512,000,000, which added to the \$88,000,000 increase in war loans, makes a \$600,000,000 total.

Telegraphers Will Await Hines' Action Before Voting Strike

St. Louis, Oct. 30.—Twenty-one chairmen of the Order of Railway Telegraphers, in session here, late yesterday, decided not to order a strike vote among their 23,000 members before communicating with W. D. Hines, director general of railroads.

A telegram was sent to Director General Hines telling him of the purpose of the meeting and asking him to put the wage increase into effect at once. President E. J. Manning, of the railway telegraphers, stated that in case Mr. Hines did not do this the chairmen had voted to order the strike vote at once. President Manning announced that the chairmen would remain in session here until an answer had been received.

Railroad Shopmen Split; 14 Delegates Quit Convention

Pittsburgh, Oct. 30.—Fourteen of the delegates attending the convention of railroad shopmen in session here voted last night to withdraw from the meetings. They declared that in their opinion the convention could accomplish nothing definite. The division came when the delegates took up the questions of trials for suspended union members and the demands for wage increases. The trials should be made the primary issue, said one faction, while the others declared that the problem of wages should be taken up first. Other delegates decided to continue the meetings.
