Memorial Discussion by Legions Requested

New York, Nov. 1.—Local posts of the American Legion throughout the country are requested by Henry D. Lindsey, chairman of the national executive committee, to discuss as part of their patriotic observance of American Legion Day, November 11, the first anniversary of the armistice, the form which a living and practical memorial in their communities should take in order to commemorate the sacrifices and heroism of their dead comrades.

Why Do The Majority Of People Prefer Bricker's O. K. Bread. That's a fair question, isn't it? We don't believe you can draw any distinction between other big matters and bread, because bread really is one of the biggest matters in your life. Because most people prefer Bricker's O. K. Bread to any other kind you naturally come to the point where you ask, "Why is this condition?" And that's just exactly what we want to tell you. Since the war is over we have gotten back to that good old-fashioned Bricker's O.K. Bread of all-wheat flour—and we use the very best flour milled in America. Some people might think we dwell upon this too much (but not every baker uses the best flour—draw your own conclusion). Then again, we want to make the best bread. It gives us satisfaction to be able to please so many families. Our bakery is sanitary all the way through and Bricker's O. K. Bread comes wrapped. Come over and go through our bakery. We will have a delightful time together showing you how Bricker's O. K. Bread is made from beginning to end. Bricker's West Shore Bakery

This Christmas ain't Last! B'lieve me, Bo, this Christmas ain't goin' t' be nothin' like las' Christmas, f'r ME! In th' first place, I'm gonna be HOME. 'stead o' splashin' mud along some Frog highway an' there ain't goin' t' be no 3x9x4 limitations on my Christmas packages either! 'Member your 3x9x4 las' year, Buddie, how your ol' heart strings gave a big tug f'r Home when you opened up your Christmas box (some time in January?)—an' found a couple-a packs o' cigarets, a fountain pen an' a good warm pair o' wool sox that Mother knit f'r y'uh? Boy, THAT sure made you think o' all th' mean little things you done in y'er life! Am-I right? But, say—this year, there bein' no 3x9x4 limits you c'n expect a box of, well, say a box o' ol' Nature Mellowed King Oscar smokes. How about it? F'r me, 'stead o' sox, an' cigarets, an' fountain pens, if folks'll put th' words "King Oscar" opposite my name on their Christmas Shoppin' list, that's all I ask! Let the P. S. be this; Since we've done everything in our power and have successfully kept the 29-year-old quality in King Oscar throughout the war, why not give Your Soldier a treat that was impossible last year? He'll more than appreciate it, for King Oscar, while it's a real He Man's smoke, is smooth, tasty, and comfortable. King Oscar is not the sort of smoke to bother one's conscience and it IS the sort of smoke women-folks will enjoy having 'round the house. The Doughboy's suggestion is good. Think King Oscar for Christmas. John C. Herman & Co. Makers of King Oscar Harrisburg, Pa.
