### PIMPLES How to remove them

You'd give a lot to get rid of those distressing pimples, wouldn't you? For you know how troublesome they are—how they spoil your beauty—how often they prove embarrassing.

Klearskin—a soothing cream, prepared by the physicians of the Klearskin Laboratories, prevents the blotches and other unsightly facial eruptions and other skin ailments. It is a wonderful wonder of nature—a medicinal cream that even a two-weeks' treatment will demonstrate its merit. Klearskin is harmless, greasiness and of flesh color—does not show on the skin and will not promote hair growth on the face.

Save the way for better looks. Send \$1 for a large size jar of Klearskin and Dr. Russell's treatment—"Facial blemishes and their removal." If you will send your druggist's name and address, we will include a trial package of Klearskin.
