

FAIR PRICE PLAN TO BE DISCUSSED

Two Attorneys General Will Address the Conference Here Thursday Afternoon

A definite plan to fight the high cost of living in Pennsylvania through fair price reporting is to be submitted to the mayors, burgesses and district attorneys and representatives of civic bodies at the conference to be held at the State Capitol on Thursday afternoon.

Most of the officials of the State government will also attend the meeting.

Governor Sprout is expected here tomorrow when several State officials will discuss changes in department with him.

France Has New Proposal for Settlement of Fiume Question

Paris, Nov. 4. — (Havas)—France has taken the initiative in presenting to the Washington Government a new proposal for settlement of the Fiume question, according to the Echo de Paris. The newspaper says the move has the support of Great Britain.

Rome, Nov. 4. — "England has decided to support the solution proposed by Italy relative to the Adriatic question, and has given instructions to this effect to her ambassadors in the United States," says the Tribune.

The National Council of Fiume, according to this newspaper, has officially notified the Entente powers of the resolution passed October 30, claiming annexation to Italy, under the principle of self-determination.

The Giornale D'Italia says it is probable France will submit to the Supreme Council a new project concerning the Adriatic. Mr. Dunlap, wishing to end his premiership with an act making Franco-Italian friendship strong and lasting.

TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell

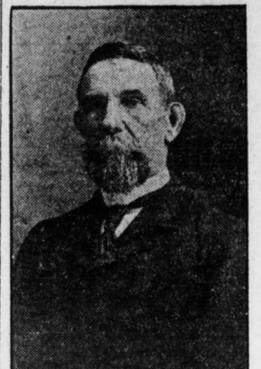

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmothers recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age where youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wych's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wych's Sage and Sulphur compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive.

David Dunlap, Dead at 90, Saw Harrisburg Grow in Busy Half Century

DAVID DUNLAP

David Dunlap, who died yesterday at his home, 1829 North Seventh street, was the oldest resident of the upper section of the city, being 90 years old and having lived in Harrisburg where he died for well nigh a half century.

Born in Ireland he came to this country when at a few years of age and spent in Philadelphia, removed to Harrisburg, taking up his residence in the Seventh street house where he lived until his death. When he took up his residence there Seventh street was known as Pennsylvania avenue, and that part of town was still outside the city limits. Cornfields, berry patches and celery plots were all about him and not a house stood between him and Sixth street. He saw the city gradually grow up to him and pass him, the open fields from Rely street North slowly giving place to row after row of houses until now Harrisburg extends more than two miles North of the old Dunlap residence.

Nearly a half century ago Mr. Dunlap helped to organize what was at the time known as the Seventh Street Presbyterian Church, which was located on North Seventh street near what is now Peffer street, and later moved to Peffer and Fifth street, where it has since given place to the Covenant Presbyterian Church, with which Mr. Dunlap maintained membership until his death.

Few men have seen more remarkable changes in Harrisburg than did he, and few better known in the locality in which he resided. Of robust physique, a friend of everybody who would be a friend with him, hard working, thrifty and devoted to his family, he was still a man of many quiet charities and beloved of those who benefited by his secret benevolences. Few except those who received his kindly ministrations knew of this side of his nature.

Funeral services will be held tomorrow afternoon at 2 o'clock. The interment will be in the Harrisburg Cemetery. Burial will be made in the Harrisburg Cemetery.

JOHN MULLEN John Mullen, aged 49 years, a former Harrisburger, died suddenly in New York, October 23. He is survived by a brother, Peter Mullen, of Harrisburg. The funeral will be held tomorrow morning. Services at St. Patrick's Cathedral at 9 o'clock, the Rev. D. J. Carey officiating. Burial will be made in Mt. Calvary Cemetery. The body may be viewed this evening between 7 and 9 o'clock at the funeral chapel of George H. Souther, 1310 North Third street. John Mullen was a pressman and before going to New York was employed on the Star-Independent, State Printing Office and other print shops in Harrisburg.

WITHDRAWN PICKETS

Chicago, Nov. 4.—Union pickets were withdrawn from the streets of Gary and Indiana Harbor, Ind., to-day for the first time since the start of the steel strike six weeks ago. Workers entered the great steel plants unopposed. Col. W. S. Mapes, commander of the troops in Gary, is investigating letters he obtained urging the strikers to "lay low" until the troops are recalled. He said the withdrawal of the pickets probably was in line with this policy.

EXTRA HOUR OF DAYLIGHT ON GARDEN MEANS MUCH

William S. Glover Made Remarkable Record on Small Building Lot in West End of the City

"Unless we have the extra hour of daylight which has been the case during the last two years," said William S. Glover, of 333 Muench street, "I cannot get the results in my war garden that were possible during the last two seasons. Through the extra hour of daylight I was able to look after the garden and to grow considerable produce."

Mr. Glover made a remarkable record with his little war garden a year ago, but has surpassed that record in the season which just closed. He not only provided his family with abundant fresh vegetables throughout the season but was able to can, preserve and pickle 132 quarts of vegetables all produced on a lot 18x94 adjoining his home and which he was permitted to use by the owner.

His total expenditure this year for seeds and manure was \$4.18 and this is what he raised: One crop of string beans, six bushels; a second crop of string beans, six-and-a-half bushels; pole beans, three and three-quarter bushels, lima beans, 15 quarts; tomatoes, five bushels; lettuce, twenty heads; onions, fifteen bunches; turnips, one and a half pecks; cabbage, six heads, and sweet peppers, fifty-six. He was able to raise two crops of string beans by proper planting and the sweet peppers were grown between rows of lettuce. There was also a second crop of tomatoes set out after the onions were gathered.

FANCY PRICES RULE IN PARIS

Peaches Sell at \$2 Each and Watch Crystals at \$1.60— Strikes Continue

Labor troubles generally and the cost of living which produces them, and is produced by them in a vicious circle, remain the general preoccupations, reports the Paris correspondent of the Pall Mall Gazette. The system of announcing "normal prices" has proved as little effective in stopping profiteering as the old and rejected system of fixed maximum prices. On Saturday no butter or eggs were to be bought at the Halles, and yet 51,000 more kilos of butter came into Paris this week than last.

The intransigent continues its daily pillorying of restaurants which charge 10 francs for a peach or jewels who ask 8 francs for replacing a watch glass, and the police are visiting the big stores in search of excessive prices (and not in vain). The taximeter drivers have been calmed for the moment, and they are now allowed to show the "gain" after 7 o'clock in the evening. The gain is the black leather cover to the taximeter flag, which theoretically announces that the driver is not plying for hire, but practically allows him to choose among prospective clients and to ask fabulous prices. So most of us walk home from the theater. Last week the municipal employees in the suburbs were on strike for three days and Neully had to fetch its water from the Seine and postpone its funerals and marriages until the strike was over. We are threatened with another strike on the Metro and also in the post offices. The music halls and cinemas were "locked out" for several days last week, and last night (Saturday) a theatrical strike was only averted at the last moment and is still imminent.

RUMOR STARTS A RUN ON SALT

Good housewives of the city are making a rush on grocery stores for salt. It was reported to-day: Someone has started a rumor that a salt "famine" will follow the sugar shortage. The absurdity of the rumor was pointed out by dealers, who reminded their customers that, after water and land, salt probably is the most common part of the world's makeup.

Chile Gives Bolivia Outlet to Pacific by Ceding Strip of Land

Washington, Nov. 4.—Chile has again given Bolivia an outlet to the Pacific ocean by ceding a strip of land north of the province of Arica, according to official advices received here to-day.

Details as to the extent and exact location of the territory reported to have been ceded were not given in the dispatches. Bolivia was cut off from the Pacific thirty-five years ago, when Chile captured the provinces of Arica and Tacna from Bolivia and Peru. The territory, in which is located the world's greatest supply of nitrate, since has been in dispute between Chile and Peru by reason of the failure to carry out the provisions of the treaty between the two countries calling for a plebiscite in the provinces ten years after the ratification of the treaty.

Bolivia's claims to the territory apparently had not been given serious consideration. After the end of the war that country refused to negotiate a treaty with Chile. A treaty finally was ratified some ten years ago, however, and recently Bolivia sought to obtain an outlet to the Pacific. Some months ago signs were made that the whole question be submitted to the League of Nations, and Bolivia then was reported as determined to submit its claims.

Tammany Leader Who Is Suing Hearst For Libel

CHARLES F. MURPHY

One result of the Democratic campaign in New York has been that Charles F. Murphy, leader of Tammany Hall, has brought suit for libel against William R. Hearst and the company which publishes his newspapers. According to Murphy's attorney, the suit will be based upon an editorial in the Evening Journal, in which Murphy was charged with having received \$100,000 of "British gold" as the result of a glucose contract with the British government. The editorial appeared after the publication of testimony in the litigation between Murphy and Louis N. Hartog growing out of Murphy's efforts to recover \$125,000 he invested in Hartog's glucose business.

Light Voting Marks Philadelphia Election

Philadelphia, Nov. 4.—Light voting marked to-day's election for mayor and various other city and county officers. Republican leaders were confident that J. Hampton Moore, present congressman from the Third Pennsylvania district, would win by a large plurality. "The Republican ticket from top to bottom will be elected in Philadelphia," declared Senator Boies Penrose.

Henry D. Wescott, Democratic candidate for mayor, conceded the election of Congressman Moore by a big plurality. Joseph S. McLaughlin, Charter party majority candidate, said there was a big surprise in store for the Republicans and that many of the Independents would vote for him.

Reports on the election from the various counties in the State were that the voting was light. TRADE BOOMER Mr. Styles—I was mistaken when I said you had no capacity for business. Be Rid of That "Bad Back"

WHY be miserable with a bad back? Get rid of it! You can't be happy when every day brings morning lameness; sharp, shooting pains, and a dull, nagging, ever-present ache. There's surely a reason why you feel so badly. Likely it's weak kidneys. You may have headaches and dizzy spells, too----a weak, tired, depressed feeling, and perhaps some kidney irregularities. Don't wait for gravel, dropsy or serious Bright's disease to set in. Get back your health and keep it. You can't afford to lose time experimenting with an unknown remedy. Try a box of Doan's Kidney Pills. They have done wonders in scores of cases right here in Harrisburg for people you either know or can look up. Ask your neighbor!

Harrisburg People Tell How

Peffer Street Frank Rotehorn, 434 Peffer Street, says: "I was subject to lumbago especially when I took cold. I have been so bad at times that when I have made a quick move or attempted to bend over, I would get sharp pains in my back. A few doses of Doan's Kidney Pills have always soon relieved me of this misery. I have taken this medicine off and on for a number of years and I know it cannot be beat." (Statement given August 29, 1914). On February 22, 1919, Mr. Rotehorn added: "I still use Doan's as a preventive and they keep my back strong and my kidneys in good shape."

North Fifth Street E. A. Backenstoss, railroad brakeman, 1606 North Fifth Street, says: "I have used Doan's Kidney Pills on different occasions, when I have had pain on account of the pain and my kidneys acted too frequently. I tried several different remedies and they didn't relieve me. Finally I got to taking Doan's Kidney Pills and I found them to be the best remedy I ever used. On account of my work I use them occasionally now to rid me of the poison caused from inhaling the fumes of turpentine. I have great faith in this medicine."
South Sixteenth Street Gerald F. Corkle, 7 S. Sixteenth Street, says: "For several years I suffered from severe pains in my kidneys and bladder. I could not rest at night on account of the pain and my kidneys acted too frequently. I tried several different remedies and they didn't relieve me. Finally I got to taking Doan's Kidney Pills and I found them to be the best remedy I ever used. On account of my work I use them occasionally now to rid me of the poison caused from inhaling the fumes of turpentine. I have great faith in this medicine."
Penn Street Mrs. George Greenour, 3001 Penn Street, says: "Some years ago I found it necessary to use a kidney remedy and as I had heard so much about Doan's Kidney Pills, I purchased a box at Clark's Drugstore. I used them mainly for my back, which was weak and lame, making it miserable for me, especially when stooping. One box of Doan's cured me of the trouble and I have had no return of it since." (Statement given January 27, 1916). On February 22, 1919, Mrs. Greenour said: "I have felt well and strong and my back has caused me no trouble since Doan's Kidney Pills completely cured me some time ago."
