**BIFF!**  
Stop jolting Liver and Bowels with violent drugs, but take "Cascarets."

"Dynamiting" bile out of your system with calomel and other sickening purgatives is all wrong. Salts, Oil and Cathartic Waters act by flooding the bowels with the digestive juices which are vital to the stomach. Cascarets are different. They act as a tonic to the bowel muscles, which is the only sensible way to relieve a bilious attack, a sour, acid stomach, or constipated bowels.

### THE GLOBE

We're Enthusiastic

The other day a man said to us: "You must think an awful lot of your clothes to keep pounding away on the quality idea all the time."

Of course we do—it's a matter of personal pride. And not only that but it's good business to be known as the store that sells quality clothes at fair prices.

Right now we're selling our clothes based on the purchase of months ago (not present day costs.)

**\$35 \$40 or \$45**  
These values keep our store a-humming.

"The Live Store"

"Always Reliable"

# You Want Your Clothes To Look Good

And they will look well and wear well if you are careful in the beginning. The past year or two has cured a great many clothes buyers from looking for price alone. They've learned the folly of finding a Suit or Overcoat built down to a price. Experience has taught them that the greatest economy in clothes is "when" and "where" they buy them.

We have always handled good clothes and when the sudden changes hit the country it brought more success than ever to this "Live Store," because men who had been buying ordinary clothes came to the conclusion that so long as they were compelled to "pay more" they might as well spend their money where they could get dependable, known quality clothes—the kind we sell.

Hart Schaffner and Marx, Kuppenheimer and Society Brand Clothes

We consider it good judgment when men find they have been wrong in their buying and admit it. There's nothing to gain in keeping on being wrong when it costs you time, worry and money.

Perhaps you've been buying ordinary clothes and yet paying a good price for them. Might be because you like the fellow who sells them to you pretty well. But next time you need a new suit or overcoat, put aside your feelings, come Here and treat yourself to good clothes and you'll get the most satisfactory guarantee you ever heard of—It's a money-back guarantee and you decide what you call satisfaction.—It's up to you.
