

LOANS' PASSAGE PERMITS CITY TO PLAN AHEAD

New Sewers, Bathing Beach and Street Paving Plans Are Approved

Passage of all city loan issues on the ballot indicates that citizens of Harrisburg are heartily in accord with the plans of Council for the development of street paving, sewer extensions, provision of bathing facilities, and the transfer of the bridge-loan money to the State.

The votes on each bond issue were overwhelming and far exceeded the expectations of city officials, party workers and businessmen of the Rotary Club, Kiwanis Club and Chamber of Commerce, all of whom boosted the loans.

With the \$50,000 provided for paving street intersections and in front of non-assessable properties, the City Highway Department will be in a position to advertise for bids for paving many important sections of streets, now constantly in use, but unimproved.

With the rapid growth of the city in the outlying districts the need for trunk line sanitary and storm water sewers increased and to provide these a loan of \$100,000 was urged and yesterday voters approved it by a big majority.

With the \$40,000-bond issue for bathing facilities was popular throughout the entire city also. With this fund under the direction of the City Park Department, acting upon the recommendations of Warren H. Manning, park expert, a bathing beach and bathhouses can be constructed to accommodate at least 5,000 daily.

Mr. Manning has recommended placing the bathhouses on the shores of the city island and has already made sketches showing the proposed improvement.

Spring Creek sewers to provide better drainage for the eastern part of the Thirteenth ward; and a large sewer along the Asylum run to drain the northeastern section of the city and any adjacent territory which may be added to Harrisburg in the future.

Satisfaction over the splendid majority for the transfer of the \$300,000 bridge loan fund was expressed everywhere to-day. This vote served as an indication to the State and Harrisburg appreciates its offer to build a bridge costing \$2,393,000 and charge the city only \$200,000, less than one-tenth the cost, and showed that the citizens are heartily in favor of the entire Capitol Park extension project which the State is planning and will soon complete.

Up to long after midnight it was believed that J. Henry Stump, Socialist, for mayor, and the whole Socialist ticket for council, school controller, ships and other city offices had been swept into oblivion by the majority.

Revised figures show that William Abbott Witman, Sr., Democrat, has been elected mayor, a Democratic ticket for council, school controller, ships and other city offices had been swept into oblivion by the majority.

The establishment of a radical form of government at City Hall and a municipal revolution had been openly preached by the Socialists at ward meetings. A million-dollar improvement loan is believed to have been defeated.

This Medicine Recommended by a Doctor

When a doctor uses a medicine himself, besides prescribing it to his patients, he must know that it has merit. This is what Dr. J. H. Wagner, a prominent physician of Skate, Kentucky, has to say about Dr. Hartman's well-known remedy, PE-RU-NA: "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, blotting after eating and other ailments. It has proved a success in all cases with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.
