

PLOT TO CRUSH GOVERNMENT IS NIPPED BY RAIDS

Federal Agents Capture Hundreds of Radicals in Many Cities

WILL BE DEPORTED; BOMBS AND "RED" PAPERS SEIZED

A NATION-WIDE plot to defy government authority is today said to have been nipped in the bud with the arrest last night of hundreds of radicals—the eve of the second anniversary of the establishment of the Russian Soviet government.

More than 350 alleged radicals are in the hands of Federal authorities this morning awaiting deportation or such other action as may be ordered against them.

About 500 men and women suspected of having been implicated in the plot were seized late last night in a series of swift raids conducted in 14 cities. Further arrests were promised by Federal agents in some cities to-day.

More than 150 persons were taken in a raid in New York which was personally conducted by William J. Flynn, chief of the bureau of investigation of the Department of Justice.

In the Chicago district, including Milwaukee and Gary, Ind., about 200 more were taken into custody, while smaller groups, ranging from 30 down to two, were arrested in Detroit, Philadelphia, San Francisco, Newark, N. J.; Jackson, Mich., and five Connecticut cities—New Haven, Hartford, Ansonia, Waterbury and New Britain.

Planned Bomb Outrages

Federal agents generally declined to discuss the arrests further than to say they had been planned at Washington several weeks ago. It was reported that in some cities the demonstrations were to include bomb placing and the use of firearms.

Among the prisoners taken last night is said to be some of the most dangerous, anarchist agitators in the country. It was learned that 36 warrants had been issued by Commissioner General of Immigration Caminetti for men in New York considered particularly active in creating unrest, and it was reported that these men had been caught.

Plans for the raids, which took place in New York, Philadelphia, Chicago, Detroit, St. Louis, Newark, N. J.; Jackson, Mich.; Waterbury and Ansonia, Conn., and other cities, have been in preparation for weeks, it was said in Washington.

William J. Flynn, head of the Department of Justice's division of investigation, had general supervision of the roundup of agitators. The more important prisoners, it was said, would be held for deportation.

DEPORTATION OF ALL ALIENS SEIZED IN RAID DETERMINED; BOMBS AND COUNTERFEITS

By Associated Press.

Washington, Nov. 8.—Deportation of all aliens engaged in "red" activities has been determined upon by the Department of Justice, Attorney General Palmer announced to-day.

Details of the widespread cleanup of radicals last night and to-day show that more than 200 were arrested in 18 cities. Mr. Palmer has asked the Department of Labor to deport all of them.

Included among the material and literature seized by government agents in the raids, were quantities of articles used in making bombs, a complete counterfeiting plant, a large supply of counterfeit bank notes, thousands of pieces of literature described as of the most inflammatory nature, and scores of red flags, rifles and revolvers.

Agents of the Department of Justice and the Bureau of Immigration have been collecting evidence in these particular cases for two months, Mr. Palmer said. Practically all of those arrested were Russians.

Planned Social Revolution

In the course of their investigations, government agents, according to Mr. Palmer's announcement, have found that the union of Russian workers is conducting an active campaign for a "social revolution." The aliens arrested were all leaders in this union, which was described as the worst anarchistic organization in the country. Its membership numbers more than 7,000 with many locals, estimated by officials to run well above 100, scattered throughout the nation.

Last night's raids, however, included only the leaders of the organization in the foreign cities: New York, Chicago, Pittsburgh, Philadelphia, Cleveland, Detroit, Buffalo, Akron, Youngstown, Ohio; Baltimore; Newark and Elizabeth, N. J.; and Hartford, Waterbury, Ansonia, Bridgeport, New Haven and Seymour, Conn.

More Radical Than Bolshevik Of the activities of members of the Union of Russian Workers, Mr. Palmer's statement said: "The Union of Russian Workers

Eight More Poles Are Taken Down in Locust Street; Work to Continue

Eight poles in Locust street, formerly used for overhead wires of the Harrisburg Light and Power Company, were removed yesterday and to-day. City Electrician Clark E. Diehl said that other poles in Court and Walnut streets will be taken down in a few days. The light company has completed new underground connections and will remove quite a few overhead lines in the downtown district in the next two weeks.

The Western Union Company is completing an underground line from the eastern city limits to the offices in North Third street, and cable will be stretched through the conduits in the near future. In a few weeks the postal and the Western Union companies will lay a short underground line to North Third and State streets to connect with the Capitol building.

HELD FOR THEFT OF PARCEL POST ON C. V. TRAINS

Postal Inspectors Say They Saw Rifled Packages Thrown From Cars

Stepping from the baggage coach of a Cumberland Valley railroad train from Hagerstown into the hands of United States post office inspectors with articles in his possession which he is said to have rifled from parcel post bags, J. Frank Ridenour, 32 years old, of Chambersburg, is said to have pleaded guilty of looting mail bags enroute.

In default of bail Ridenour was lodged in the Dauphin county prison to await a hearing before the United States court session December 1 in the Post Office building.

Describing the arrest and the incidents that led up to it, A. B. Crawford this morning said that he and F. J. Feltham having had Ridenour under suspicion made a trip down the Cumberland Valley Thursday night. Crawford boarded the train at Waynesboro and his partner at Chambersburg. Between stations Crawford said they saw wrapping paper and boxes flying from the door of the baggage coach. Close investigation showed that the coach was in charge of Ridenour.

According to Crawford Ridenour has been under suspicion for several months. He has been working as an extra baggageman on trains 9 and 14 running between Hagerstown and Harrisburg. Post Office authorities have no record of his being on duty in this capacity before July 1, 1919. During the time he was connected with the railroad, authorities state he was transferred from freight to passenger service several times, originally working on freight.

NO PLACE FOR 'DESPOTISM' IN THIS COUNTRY

Senate Steel Committee Characterizes Strikes as "Industrial Barbarism"

URGES RIGHTS OF PUBLIC Has Right to Demand That Neither Capital Nor Labor Shall Have Its Own Way

Washington, Nov. 8.—Characterizing all strikes as "industrial barbarism" and declaring that "there is no place in this country either for industrial depopulation or labor despotism," the Senate committee authorized to investigate the steel strike to-day presented a report covering its hearings both in Washington and in Pittsburgh and criticizing both the workers and the employers.

The committee's main conclusions, concurred in by all members, was that "the public has a right to demand that capital shall not arrogate to itself the right to determine in its own way those industrial questions, and it is the same as to labor, and the duty is upon Congress to provide some way of adjusting these difficulties."

Permanent Preventive As a permanent preventive of strikes, which the committee concludes "are apparently the only way for labor to secure even its just demands is employers refuse to grant them," it is recommended that Congress authorize the establishment of some such mediation agency with well defined powers as the recently dissolved War Labor Board.

This board would have the power of compulsory investigation, the report adds on this subject, but "not to the extent of compulsory arbitration. A just decision of the board would be endorsed by the public. There is good sense enough in the American people to bring about an adjustment of these difficulties."
