logical Seminary, Lancaster, spoke on "The New Age" yesterday afternoon at a mass meeting in the Y. M. C. A. "We are entering into the fourth great era of the world's history," he said. "There have been three great epochs in our history—the ancient, mediaeval and the modern—now we are about to enter upon the fourth," he added.

Dr. Richards declared that whether we are going to admit it just now or does not matter. The fact remains that, according to all history, a great era starts with a mighty conflict such as the World War, and that in all there are two chief obstructions, such as the reactionaries and the radicals to today. The reactionaries are opposed to anything that will oppose in any way set conventions, while the radicals are intent on destroying everything that has been built up by the people who are in the interest of development.

KEEP LUUKING YUUNG It's Easy-If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and fiver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and howels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Preacher and His Parishioners Break Up Reds' Meeting

Detroit, Mich., Nov. 10.—Virtually every Detroit police station, jail and other place of confinement to-day held at least a few Federal prisoners, alleged radical agitators rounded up in raids begun last week. It was indicated to-day that efforts to check activities of the alleged disciples of direct action would be continued for some time.

Approximately 300 persons have been arrested here, smaller groups were taken at Jackson and Albion, and further arrests are expected, the authorities intimated.

"All talk of a Soviet form of Government or a communists' Government is an Impertinence."

The remark was cheered. Before Mrs. Stokes could continue the singing of the national anthem began, quietly at first, then gradually growing in volume. After the pastor called for "three cheers for the United States" the speaker sett the platform and the gathering dispersed.
