Wilson, Pershing and Baker Issue Armistice Statements

Washington, Nov. 11.—President Wilson, General Pershing and Secretary Baker have issued statements to the American people on the occasion of the first anniversary of the signing of the armistice.

The President said to Americans the reflections of Armistice Day would be filled with solemn pride in the heroism of those who died in the country's service and with gratitude for the victory both because of "the thing from which it has freed us, and because of the opportunity it has given America to show her sympathy with peace and justice in the councils of the nations."

Secretary Baker said that while mourning its dead, the Nation was grateful for their achievement and for that of their living brothers and that "in the name of both we may hope for an early accomplishment of the terms of peace that shall complete their work upon the battle fields of France."

Senate Expected to Vote Today on Article X of Treaty

Washington, Nov. 11.—The fight over article ten of the League of Nations covenant neared a conclusion yesterday in the Senate with developments promising adoption of a reservation wholly unacceptable to the administration.

During the day the reservation drafted by the Foreign Relations Committee, almost identical with one which President Wilson has announced he would regard as a rejection of the Treaty, was agreed upon.

The reservation provides that under the article, which pledges membership states to preserve against external aggression the territorial integrity and political independence of all other members, the United States shall assume no obligation to use its naval or military forces except on express authorization of Congress in every specific case.

15,000,000 lbs. of Sugar to Be Released in New Orleans as Strike Ends

New Orleans, Nov. 11.—Approximately 15,000,000 pounds of sugar will be released for marketing with the unloading of steamers held here, some of them for a month, unable to discharge cargo and because of the longshoremen's strike.

The men went back to work yesterday, having voted Saturday to call off the walkout which began October 10, pending action by the National Adjustment Commission on their wage demands. The proposition adopted by the men, however, reserved the right to vote on acceptance of the commission's award.

TO ADMIT SMALL POWERS Paris, Nov. 11.—Representatives of the small powers are to be admitted to the mixed tribunals appointed to judge persons guilty of offenses under the common law, as provided in articles 228 and 229 of the German Peace Treaty. This was decided upon to-day by the Supreme Council of the Peace Conference, which met this morning with Premier Clemenceau in the chair.

We put into our business every ounce of ability we possessed to bake the very finest quality bread to fulfill our promise.

During the ten months which we have been in business in Harrisburg, learning the wants of the people of this city, we came to one very important conclusion, namely, that uniformity is a quality in bread which is very hard to attain and when once attained is the one big feature which the public appreciates.
