

SAYS U. S. WILL ENTER LEAGUE

Dr. Henry Van Dyke Declares American People Will Demand It

Pittsburgh, Nov. 11.—Highway robberies, race riots and murders seem to be increasing in spite of prohibition," said Dr. Henry Van Dyke, former American Minister to the Netherlands, in an address here last night before the World's Christian Citizenship Conference.

"The world may be more sober," he said, "but it certainly is not more sane. On the contrary, it seems as if the pressure of human passion and impulse has become more intense while the restraint of reason and conscience has relaxed. What else could you expect from a world which does not go to church and whose chief intellectual influence is the moving picture show?"

Dr. Van Dyke declared a "stand pat" world was impossible. The world, he said, was not without hope or effort for improvement. Human nature had not changed and "selfishness, ignorance and violence" were the ancient enemies against which civilization must ever contend.

The church should not take sides with either capital or labor but "with humanity and Christ."

U. S. Will Enter League Referring to movements under way for a better day, Dr. Van Dyke said it was "inevitable" that there should be a partnership, a League of Nations, to prevent or suppress any new outbreak of the war madness."

"The frivolity of certain American Senators," he said, "may keep us out of the League for a brief time, but in the end it is coming and we shall be in it as sure as there is a God in Heaven and a dominant common sense in the American people."

The speaker asserted "collective bargaining" between capital and labor has come to stay and that labor unions are indispensable, but that the responsibility of both to the public must be recognized.

"Secrecy in regard to the conditions of labor and the accumulation of wealth must and will be abolished," declared Dr. Van Dyke.

"The books of the great corporations and of the labor unions must be open to inspection. The common people, who are neither proletarian nor capitalist, have a right to know what goes on behind closed doors. Secret societies of any kind are enemies of the republic. We are going to get rid of them."

MUSICAL PAIR WIN APPLAUSE

Harrisburg Favorites Appeal on Majestic Program; Bock Is Popular

Coming on fourth at the Majestic this half of the week, Olsen and Johnson, a musical pair, were the favorites on the program at the first show last night and were given a big ovation to show how much the audience enjoyed hearing their songs and nonsense.

George Bock, who is popular here, started the bill with a xylophone selection and a comic song, and received a fair round of applause. Eddy and Grace took were next in importance and pattered it at pleased quite a few.

The Three Beauties, in which "dad" and the youngsters do some fine dancing, is one of the best juvenile offerings presented here in weeks.

The boy and girl in this act, although quite small, do some exceptionally fine numbers and when they presented the "rock pin," the audience didn't wait for them to finish before applauding.

Olsen and Johnson seem to be full of life and foolishness, and their way of going a song number went over big. For an encore a violin and piano duo sang, and a section of a brass band and the sign "gone but not forgotten" sent the crowded house into an uproar.

Larry Reilly and Company, in "Here's to Erin," are favorites here and their songs, jigs and repartee of the real Irish kind, together with a special scenic effect, made their offering a success.

Seoul, Korea, Nov. 11.—At a conference of representative Koreans which was summoned by Governor General Saïto to discuss the question of reforms, the Koreans submitted a list of 19 requests. Generally speaking, the Koreans demand equal treatment with the Japanese.

The list of reforms urged includes the establishment of city councils in each town and district in preparation for future self-government; frequent meetings of Koreans from the various provinces so that the people may exchange views; compulsory primary education, with Koreans given the same instruction as Japanese; freedom of speech, meetings and publication; abolition of the colonization policy; and imperial pardon for participants in the recent disturbances.

The Koreans further asked that all state lands, formerly owned by the people be sold to Koreans; that land appropriation law be abolished; that absolute equality be shown in the enforcing of all regulations, that Koreans and Japanese be employed in equal numbers in the government service, and that the "censorship of the people" be abolished.

Finally the Koreans requested that an investigation be made into the doings of the land investigation bureau, and that land be returned to the original owners in cases where the title had been taken away because of noncompliance with certain laws which should now be revised.

McAdoo at 300 Mulberry street. After both had pleaded not guilty to the charge of criminal anarchy brought against them by Archibald E. Stevenson of the Lusk committee, they were put under bonds in the sum of \$15,000 each.

Find Boys' Bodies in Little Duckboat Tossed on the Sea

Atlantic City, N. J., Nov. 11.—The bodies of John Scott Ledbetter, of this city, and Raymond Isard Philadelphia, schoolmates at a private institution in Longport, were found late yesterday huddled in a little duckboat half filled with water and being tossed on the swells near Cape May. They had been missing since Saturday when they started duck hunting. It is believed the boys, each of whom was 16 years old, were carried out to sea by the strong tide and become exhausted before they could reach shore. The little craft was found by fishermen.

Airplanes and coast guard crews had conducted a two days' search for the boys outside the bay, while powder boats, fishing smacks and dories cruised into every channel in the inland waters.

French Soldiers Want Place in Government

Paris, Nov. 11.—"For new conditions, new men," is the rallying cry of the former soldier element for the forthcoming parliamentary elections. Some of the many veteran organizations demand that the men who fought the war out alone, be charged with the work of reconstruction. Others demand that fifty per cent of the candidates of each party for the Chamber of Deputies be recruited from the soldier organizations.

This soldier movement has become disquieting to the great majority of outgoing Deputies who neglected to don a uniform during the war. It is estimated now that between seven and eight million votes will be cast, and there are approximately 5,000,000 soldier electors. Among the former soldiers who will seek election is the "ace" of French military aviation, Rene Fonck, who it is reported, will run on the same ticket with Georges Mandel, right-hand man to Premier Clemenceau.

Don't Wait for Symptoms--- End Pyorrhea Before it Begins! You owe it to yourself—to your health and well-being — to use PYRODENTO, even if you only suspect Pyorrhea! This dread disease—serious enough in itself—if not checked in time, very easily develops into something more dangerous. Pyorrhea is caused by wounded gum tissues, which breed the dangerous germs. Tyrodento CRÈME TOOTH PASTE. attacks them, and destroys 99.15% of mouth bacteria in 15 minutes, leaving the mouth fresh and clean. The introduction of a pure Olive Oil base into its formula makes it not only insoluble in the mouth juices, but a tissue food as well. Another exclusive feature of PYRODENTO is the fact that it contains pure albumen, which is also present in the normal blood. PYRODENTO not only destroys the dangerous pyorrhea germs, but supplies an excess of albumen that aids nature in healing the tender, bleeding, inflamed gums. It is a safe, pleasant, effective and economical dentifrice for everyone to use.
