## 661 Umbrellas

*Go on Sale at 20% off  
Regular Prices*

These are women's umbrellas that were bought in March and delayed in delivery. If we could have gotten them sooner they would have been sold long ere this. But here they are, just in time for Christmas gifts at the rainy fall days. At that time we naturally bought them for a great deal less than we could buy them for today, and the lot was secured at splendid concessions then. Consequently if bought at wholesale price of today we could not sell them at twenty per cent off.

They come in American taffetas, cotton glorias and fine silks. Plain and contrasting color effects. The colors are plain black, navy, royal blue, green, red, maroon, purple, brown, gray and fancy plaids and stripes. All guaranteed rainproof.

The handles are plain mission with cord, the large various colored rings and practically every novelty handle that is made. They come in seven-rib paragon frames, and the famous ten-rib India wind-proof umbrellas. Every desirable style, color and size, ranging in price from \$2.95 to \$25.00, less Twenty Per Cent.

Men's and children's umbrellas are in this lot.  
(Give a Thought to Christmas.)

## TOYS

*Are Now Ready  
For Inspection and  
Early Selection*

Toys and the Joys of a Merry Christmas will be more evident this year in almost every home than since the years prior to war. Practically all the uncles and brothers and father are home from Overseas to help make Christmas a joyous one and every little tot may look forward to the jolliest kind of a time. Santa will open his pack wide without any conservation restrictions as far as the children are concerned.

Toys are here in abundance. Taking into consideration the scarcity of toys this year Santa Claus has certainly been good to Bowman & Co.

In the Toy Section of our basement will be found hundreds of toys that will make the hearts of the little tots go pit a pat. And when the grown-ups look at the vast array of toys they will note that practically all of them were made in America. A few from Japan. Come in and see them.
