

BEANS AMONG CHEAPER FOODS

May Be Easily Used to Help Supply Protein in the Diet

Washington.—Beans, though higher in price than they were several years ago, are still among the cheaper foods that can be bought to-day. They are one of the cheapest sources of protein and may be used to help supply this valuable food constituent in the diet, according to United States Department of Agriculture specialists.

The cheaper legumes, beans, peas, etc. should not be depended upon as the sole source of protein for a great length of time. Milk, cheese, eggs, or meat should furnish some of the protein in a week's diet.

FIX STOMACH RIGHT UP

"Pape's Diapepsin" at once ends Indigestion, Gases, Sourness, Acidity

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable. You mustn't injure it with drastic drugs. When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food; when you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

DO AWAY WITH INDIGESTION

How to Purify a Sour, Distressed Stomach in a Few Minutes Let us talk plain English; let us call a spade a spade. Your food ferments and your stomach isn't strong enough to digest the food you put into it, so the food sours and forms poisonous gases, and when it does leave your stomach it has not furnished proper nourishment to the blood, and has left the stomach in a filthy condition.

SENATE TO BEGIN NIGHT SESSIONS

Will Start Tonight For Purpose of Hastening Action on the Treaty

Washington, Nov. 13.—To further hasten the treaty, it was tentatively agreed to hold night sessions of the Senate beginning to-night and continuing until there has been a ratification vote.

The movement for cloture was started after Senator Reed, Democrat, Missouri, had launched into another long speech attacking the treaty, and Senator La Follette, Wisconsin, and France, Maryland, Republicans, had indicated they were ready to continue the fight as soon as the Missouri Senator concluded.

The Republicans acted more slowly, the mild reservation group being fearful of alienating the irreconcilables on whose votes they are counting for a safe majority to put over the reservation program of the Foreign Relations Committee.

MINERS WILL DELAY APPEAL

Will Not Act Before the End of the Conference at Washington

Indianapolis, Nov. 13.—The United Mine Workers of America, contrary to previous announcement, have decided to withhold their appeal on the ruling of the Federal court in injunction proceedings which resulted in the calling off of the strike of coal miners.

It had been generally believed that regardless of developments in the situation, the miners would fight their case in the courts to the last ditch and attorney for the coal workers announced yesterday that their appeal would be filed within two or three days. However, Henry Warrum, chief counsel for the mine workers' organization, has stated that the outcome of the conference of miners' representatives and coal operators, with Secretary of Labor Wilson in Washington Friday, would determine to a large extent whether the case is carried further.

The decision of the miners is taken to indicate that they have accepted the Government's assurance that the suit against the miners was not an attack against the right to strike, but was solely to prevent violation of the law, in this case the Lever act. Possibility of speedy agreement at the Washington conference, according to opinion here, is marred only by the question of when a new wage scale would become effective. Miners' spokesmen have stated that if the operators go to the conference in a spirit of conciliation, agreement was likely to be reached. It is known that the union men object to the position taken by the operators, that the wage scale in effect before the strike still is in effect.

SHEPHERD TAKES DIFFERING VIEW

Chief of Conductors Does Not Sign Statement of Other Brotherhoods

Washington, Nov. 13.—While endorsed by three of the "big four" brotherhoods and by ten other railway employes' organizations, the statement disapproving the Esch railroad reorganization bill failed to receive the endorsement of L. E. Shepherd, chief of the Brotherhood of Railway Conductors. The measure is now before the House. Shepherd is understood to have taken the position that the Esch bill, although unsatisfactory to railroad employes, was not more inimical to them than the Cummins bill recently reported to the Senate.

The railway workers' officials, in their statement, accused those who framed the Esch measure as being actuated by a desire "to shackle labor." Request was made that the railroads be held under Federal control for an additional two years, the union chiefs declaring that "labor is willing to accept the sober judgment of the Cabinet and Congress as expressed at a general election."

The railway organization officials signing the statement were announced as follows: Warren S. Stone, Brotherhood of Locomotive Engineers; Timothy Shea, Brotherhood of Locomotive Firemen and Enginemen; J. W. Kline, International Brotherhood of Blacksmiths and Helpers of America; W. G. Lee, Brotherhood of Railroad Trainmen; W. H. Johnston, International Association of Machinists; Louis Weyand, International Brotherhood of Boilermakers, Iron Shipbuilders and Helpers of America; J. J. Hynes, Amalgamated Sheet Metal Workers' International Alliance; James P. Noonan, International Brotherhood of Electrical Workers; Martin F. Ryan, Brotherhood Railway Carmen of America; S. E. Heberling, Switchmen's Union of North America; J. J. Forrester, Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees; E. J. Manion, Order Railway Telegraphers, and A. E. Barker, United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers.

L. M. Jewell, acting president of railway employes' department of the Federation of Labor, endorsed the stand taken by the unions.
