Forest Commission Talks Contracts Timber cutting contracts on State forests will be the theme of a third meeting of the State Forest Commission this month as the commissioners were unable to agree yesterday in regard to a proposed standard and deferred action until November 25. The subject was up early in the month and continued until yesterday when Clifford Pinchot submitted a form which was objected to by other commissioners, while Mr. Pinchot declared the forms submitted by Commissioner Robert S. Conklin was not safeguarding the State.

Mr. Pinchot offered a resolution calling for a statement of all contracts now in force after a motion to annul all contracts not approved by the commission had been lost by a tie vote, some of the commissioners not being certain as to whether the State would not be bound by a contract approved by Commissioner Conklin under the plan followed for years.

Dies in Arizona Whither He Went to Regain Health Thompsonstown, Pa., Nov. 18.—A message received here by relatives announces the death of Bradford Evans, of near this place, at Phoenix, Arizona, to which place he had gone last February for the benefit of his health.

Mr. Evans was a son of the late Samuel Owen Evans, and was born in the homestead established by his grandfather, General Louis Evans, an officer in the War of 1812, who was instrumental in founding St. Stephen's Episcopal Church here.

The Evans family were among the largest land owners in Juniata county. He was the last member of the family bearing the name.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at Tongue! Remove Poisons From Stomach, Liver and Bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Dandruff Surely Destroys the Hair

Girls—if you want plenty of thick, beautiful, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How to Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dunes, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membranes, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

Remove Roots as Well As Surface Hairs

The chemist who discovered the remarkable hair-destroying properties of phenacetine has conferred a genuine blessing upon a multitude of women. This peculiar substance seems to paralyze and shrink up the hairs to which it is applied, right down to their roots—and these hairs come out very easily and quickly, roots and all, before one's very eyes. Phenacetine is perfectly odorless, non-irritating, non-poisonous—a child could eat it without the least harm. Not to be compared at all with depilatories or electrolysis. It leaves the skin so soft, smooth and hairless, no one would guess you ever had a mustache or other hairy growth. If you will obtain a stick of phenacetine from your druggist and follow the simple instructions, you will certainly be "more than pleased."
