Fashion—Comfort—Wear In the Redfern Corset

In materials— one wonders whence came such fabrics in these days of scarcity. But it is in design that Redferns particularly excel, for the straight hip lines are copied from Youth itself, and the flat back, and perfection of the shoulder line are a combination rarely found all in one corset. In addition to this, the Fall models have the diaphragm control which is so essential to the vogue.

Redfern Corsets are fitted by us with the care and skill which are merited by so important an article of wear. For nothing more true has been said than "The Corset is the Foundation," and the Redfern Corset, just as truly, is the season's correct foundation.

Redfern Corsets
