

WILSON ADVISES SENATORS TO VOTE AGAINST RESERVATIONS; TREATY FIGHT REACHES CLIMAX

Senate Is Whipped Into Line For Final Count on Pact Battle

HOPE TO SECURE CLEAR CUT ADOPTION BEING ABANDONED

Washington, Nov. 19.—Immediately after the Senate met to consider the Peace Treaty, Senator Lodge formally presented the resolution of ratification containing the fifteen reservations adopted by a majority of the Senate.

At the outset, Senator Lodge asked unanimous consent for an immediate vote on unqualified ratification. Administration Leader Hitchcock said the Democrats preferred to wait until the Lodge resolution had been voted on.

At the beginning of to-day's session, the clerk's record of the closure rule operations showed 13 hours and 24 minutes total time consumed, although 48 senators had used none of the hour allotted to each of them.

PROMISES COAL TO PEOPLE OF THIS COUNTRY

Opposing Sides in Controversy Told U. S. Needs, Must Have and Will Get Coal

Washington, Nov. 19.—Speaking with the authority of President Wilson's Cabinet, Fuel Administrator Garfield told representatives of the bituminous coal operators and miners here to-day that "the people of the United States need, must have and will have coal, and as long as the Government stands they will not be prevented from getting it by anything the operators or miners may do."

Dr. Garfield explained that his purpose was to furnish the conference with the data which he would use in determining what wage advance, if any, should be made to the operators and miners.

President Warns Program of Foreign Relation Means Nullification

LETTER IS PLACED BEFORE CONFERENCE OF DEMOCRATS

Washington, Nov. 19.—A letter from President Wilson advising Senators to vote against ratification of the Treaty with the Foreign Relations Committee reservations was laid before a conference of the administration Senate forces to-day by Democratic Leader Hitchcock.

The committee program, the President wrote, would provide not for ratification, but rather for the nullification of the Treaty.

The conference had been called to decide upon the final administration tactics in the fight for ratification, which is expected to come to an end to-day or to-morrow.

After the President's letter was read, there were indications that unless a compromise could be effected the administration Senators would line up almost solidly against ratification.

His Letter. The President's letter, addressed to Senator Hitchcock and dated yesterday, follows: "My dear Senator: You were good enough to bring me word that the Democratic Senators supporting the Treaty expected to hold a conference between the final votes on the Lodge resolution of ratification and that they would be glad to receive a word of counsel from me."

REDS SUSPECTED OF WORKING OUT OF HARRISBURG

Railroad Police and Federal Marshal Seek Headquarters of Bolsheviks

ASK FOR GENERAL STRIKE Propaganda Is Spread by Several Means Under Cover of Darkness

Reeds are said to be working in Harrisburg. This is the belief of the local police, John Search, captain of the police of the Philadelphia division, of the Pennsylvania Railroad, and Harvey T. Smith, deputy United States Marshal.

Recently, it is said, a man named a Second Street car, told plainly that he "belonged to the party" and that the street railways belong to the people, and therefore he would pay no car fare.

On Sunday a number of cars reached Altoona yards of the Pennsylvania railroad, each with a card tacked on the side, purporting to come from the "Soldiers' and Sailors' Workers' Council."

MR. RAILROAD WORKER. "The coal miners are not striking because they like to strike. They are striking for more life in return for their labor."

STRIKE! "Strike now, and with you as soon as the sun shines, all workers will strike to defeat the injunction."

It is the belief that the cards were printed in Harrisburg. The original copy was turned over to the Railroad Police Department, and also shown to Colonel James B. Kemper, at the local recruiting station.

TURKEYS TO BE SCARCE AT 65 CENTS A POUND

Tip Passed Out by Local Dealers That Birds Will Not Be Plentiful

MANY REASONS GIVEN Numerous Tables Will Be Without National Bird on Holiday

Turkeys will be high and scarce next week for Thanksgiving Day. This is the tip passed around to-day by city dealers. Incidentally, many householders are passing around the tip that the famous fowl will be missing from their tables on Thanksgiving.

Sixty-five cents a pound, ready for the pan will be the levy inflicted upon those who may wish to have turkey for their dinner. And even at this price, it will not be an easy job to get the birds, say local dealers.

Shipments already are late. Careful search of the city markets to-day showed few turkeys for sale. A multitude of causes enter into the situation, the dealers affirm. In the first place, a wet spring did not provide the best weather for the growth of the little turkeys. And now a refrigerator car shortage is cutting the shipments to the city to a very low figure. But at that most people are not worrying; they would have been unable to indulge with the prevailing high prices.
