

SOLDIERS AID IN SEARCH FOR TRAIN ROBBER

Notorious Bandit Wounded, but Escapes to Brush After Daring Raid

By Associated Press. Cheyenne, Wyo., Nov. 18.—Seven armed posse and a troop of cavalry from Fort D. A. Russell to-day searched the hills and brush lands in a wide area around Medicine Bow for William Carlisle, notorious bandit, who last night outwitted his pursuers, robbed passengers on a Union Pacific train of \$250 and escaped into the darkness, wounded.

Excepted Veteran Carlisle boarded train at Rock River, entered tourist sleeper by smashing a vestibule window, fired one shot through the roof of the car to terrify passengers. The incident forced Carlisle to contribute, "I do not care these," he told the passengers.

Believed Wounded As Carlisle stood in the vestibule waiting for the train to stop, a passenger fired at close range. Carlisle was wounded in the chest. He carried a rifle over his shoulder, and a pistol in his hand. Blood was found on the pistol which the bandit dropped in his hurry to escape. His hat also was found by the train guard.

Escapes Prison While being transported at the Wamsutter station, an eastbound passenger train passed with a man said to answer Carlisle's description riding the rods. Reports of last night's robbery were received.

Sells Third Farm Edwin McMullen yesterday purchased from Jacob Farver the last of his three large farms in Coneyago township, for \$9,150. Farver sold the property to Dorset, for \$10,000 and \$5,500, respectively.

son's function to effect conciliation. It is my sole function to exercise those powers conferred on me by the Administration; to see that an adequate supply of coal is furnished the people of the United States and to see that in times of stress such as we are still unhappily in the midst of, the prices asked and received for coal are not excessive.

Will Have Coal The people of the United States will not consent to pay an excessive price for coal. We are all agreed to that but the question now is "what is an excessive price?" Nor will the public agree to go without this commodity.

Coal Supply Vanishes as Miners Stay Firm Chicago, Nov. 19.—Reports from virtually all sources were of a vanishing supply of coal. The price of coal is approximately 400.00 miners remained firm in their disposition to await announcement of an agreement by the apparently deadlocked miners-conference in Washington.

Charges Miners Are Not Allowed to Return By Associated Press. Charleston, W. Va., Nov. 19.—Vice-president William Petry, of a sub-district of District No. 17, United Mine Workers, to-day made public a telegram sent to Attorney General Palmer, charging the Thompson Block Coal Co., at Dorfee, W. Va., with discriminating against the miners in "refusing to let them return to work."

Tighten Up Coal Deliveries at Pittsburgh By Associated Press. Pittsburgh, Nov. 19.—Tightening up of coal deliveries in the Pittsburgh district began to-day following the issuance of an appeal by the Pittsburgh coal distribution committee of the United States Railroad Administration, asking consumers to use the strictest economy in the consumption of the fuel.

Experimental School Urged By attached to the Capitol to-day by Health after discussion of means for improvement of physical education in schools at the section devoted to that course. The department has periods for ventilation of offices and relaxation during the day and "demonstrated" for the teachers at the meeting. W. A. Stecher, of Philadelphia, urged more outdoor exercise for pupils, suggesting two-hour courses, while William Burdick, Maryland State physical director, suggested three acres for playgrounds at country schools and ten acres for rural high schools.

Seek Standardization Standardization of rural school properties was urged by Dr. M. B. Hillegas, Vermont Commissioner of Education, while Dr. G. B. Milnor, Lyeonning county superintendent, said that more community school requirements in buildings and facilities, proper organization of grade work and training of teachers for rural work from the rural viewpoint, as well as more community spirit, were essentials for such schools. Consolidation again entered into the discussion and was favored.

State's Health Plans

Speaking in the section on health education, Colonel Edward Martin, the State Commissioner of Health, gave an outline of the plans of the Commonwealth to bring about a scheme of co-operation between the public and the health authorities.

These school children will be given a thorough course of health training, both theoretical and practical, beginning with the youngest and terminating only upon graduation from high and normal schools; a graded course ranking with mathematics, grammar and other recognized standard subjects. These children must be given and will be given the habits of health.

Exercise of Teachers In the industrial education section the general need of teachers specially qualified for continuation schools. Dr. C. A. Herrick, president of Girard College, said that there must be an adequate foundation for training children for commercial pursuits and R. L. Cooley, director of Milwaukee continuation schools, said that many advanced pupils in such schools wanted to work overtly at study. The discussion brought out that many favored an eight-hour school day devoted to study and not so much time on that day to occupational training.
