One-Fourth Off on Every Suit in Store

Except Wool Jerseys

We were very proud of our Autumn collections of Women's Suits, as soon as we saw them all together on our floor; but we have been doubly delighted since we have seen them worn on the streets of our city.

They look doubly handsome, when we see them individually worn by hundreds of stylish women, who give them such added dignity and distinction.

Tailored Suits have never before been designed with such artful becomingness for the wearers. If yours is not yet provided, you'll be gratified to select from a collection such as this at One Fourth Less than former prices.

Styles comprise straight lines, jaunty belted, snappy tailored or semi-fitted and original novelty models. Some fur trimmed and others plain to be worn with one's own furs. Suits for dress, semi-dress, street or sports wear.

Suits in tweed, silvertone, velour, broadcloth, serge, chevrons and peachbloom, gold tip, shadow check, duvet de laine, tricotine, velveteen, heringbone, rayonier, lustrala and oxford cloth.
