

CONSISTORY TO CLOSE SESSIONS

Thirty-second Masonic Degree to Be Conferred on Class Tonight in Orpheum

The fourth and last day of the fall reunion, Scottish Rite Bodies of Harrisburg, began this morning at 9 o'clock, with the conferring of

the nineteenth and twentieth degrees. George L. Reed presided at the conferring of the nineteenth and General Frank D. Beary and the Rev. Dr. Robert Bagnell over the twentieth degree. These degrees were conferred at the Consistory, Capital and North streets. This afternoon at 1.30 o'clock, in the Orpheum Theater, John C. Shumberger conferred the twenty-fourth degree, and at 3 o'clock the thirty-third degree was conferred, with Edward A. Miller presiding. The final meeting of the year will be held this evening at 8 o'clock at the Orpheum, when the thirty-second de-

gree will be conferred, presided over by William S. Snyder. The local members of the fall reunion committee are Henry W. Gough, chairman; Andrew S. Patelsky, Hart D. Ogelsby, Warwick M. Ogelsby, vice-chairman; Charles C. Schriver, secretary, and the following: Arthur D. Bacon, William H. H. Baker, Wilbur S. Barker, William B. Bennett, Howard M. Bird, Charles W. Blosser, Charles W. - Used Empires 85 Up
- Used Pathes 90 Up
- Used Rishells 80 Up

Flying Parson Predicts Cross-U. S. Air Service

Washington, Nov. 20.—Lack of adequate training of pilots was responsible for some fatalities in the recent trans-continental derby. Lieutenant Melvin W. Maynard, the winner, told a House subcommittee. Officers of high rank, but whose experiences had been confined to desk work, he said, entered the race because there were no superior officers to pass on their ability. Junior officers, he added, were tested to determine their fitness to compete. "Liberty motors are the best ever conceived," Maynard said. "In 700 flying hours' flying time he had been forced to land only once because of motor trouble. Early establishment of transcontinental air service was a demonstrated possibility, Maynard said, but better flying fields should be established. Major General Kenly, former head of the committee, urged creation of a separate department in complete control of aeronautics, "with government supervision so that no pilot or plane could fly without a test."

Suggest Means to Allay Industrial Unrest

St. Louis, Mo., Nov. 20.—As a means of allaying industrial unrest, the American Mining Congress in session here to-day was asked to appoint a committee to investigate conditions at plants where labor troubles successfully have been combated and to prepare a program acceptable both to capital and labor. The resolution was presented by C. O. Bartlett, of Cleveland, who asserted there was about 30 such plants in the United States. Retrospective tax legislation was opposed by A. P. Remsted, of Wallace, Idaho, formerly member of the advisory board of the revenue department of the United States Treasury, who spoke on "Federal income and profit taxes as applied to mines."

MILLIONS GIVEN TO A. E. F. IN "Y" WAR WORK

Value of Free Contributions Are Made Public at Convention

Detroit, Mich., Nov. 20.—Expansion of the activities of the Young Men's Christian Association in industrial centers, a more thorough organization in rural communities, continuance of the work in the army and navy and creation of a special sub-department for work among men of this country's growing merchant marine, are among the recommendations of the association's international committee, before the fortieth international convention here to-day. The National War Work Council yesterday submitted its report on the association's activities during the world war. It estimated "the value of the association's free contribution to the American Expeditionary Forces" at \$46,646,924.84. The report states that of its 12,000 overseas members, 134 were wounded or gassed, ten were killed, one died of wounds and 73 died of illness. The canteen service, the report states, operated at some 2,000 points in France, Great Britain and Italy. A chain of stores with business aggregating \$37,914,000; hotels, motion picture houses and other places of entertainment were conducted, in addition to the physical, educational and religious program.

Odd Fellows Confer Degrees on Big Class

Dauphin Encampment No. 10, Independent Order of Odd Fellows, last night conferred degrees on 41 candidates at the Hotel of Commonwealth Lodge, No. 359, Third and Cumberland streets. Refreshments were served after the degree work, which was in charge of R. D. Behman, W. H. Brown, James Reid, Dennis O'Connell, W. H. Ralston and W. H. Young. The class of candidates consisted of the following men: From Carlisle—L. Carns, J. A. Hummelbaugh, L. G. Martin, George E. Eldon and Francis J. Robinson; from Elizabeth—Howard Gubbe, H. G. Carpenter, Eby R. Painter, John S. Easton, J. Henry Stine, H. E. Baur, Harry Beck, R. W. Wagner, D. K. Garman, Robert Zerphy, Paul Klein, H. E. Brown, M. W. Eschenower and Aaron Shaffer. From the Harrisburg lodges the degrees were conferred on the following candidates: From No. 68, Fred Weaver, R. L. Bolton, Marshall Comp. Murry, Washburn, Roy V. Eckert, S. Weidenmyer, J. Hart, F. Prange, John C. Carey, Joseph S. Lutz, James A. Wood, R. O. Lau, and John Atticks; L. H. Gardner, of 301, and A. T. Hoffmann, James O. Miller, George M. Boughter, Leonard Sexenberger and H. C. Waeder, of 169; David Horwitz, of 259; H. W. Gilbert, of 876, and C. B. Lambert, of 1120.

Palmer Would Make Deportations Easier

Washington, Nov. 20.—Attorney General Palmer, in conference with members of the House Immigration Committee, was noncommittal as to the advisability of centering in the Department of Justice all activities connected with the disposition of undesirable aliens. Committee members said that the Attorney General told him he was in favor of anything that would make the deportation of the work of the government most effective, but that he could not say whether the authority to deport should be transferred from the Labor Department. Before leaving for New York to begin its inquiry Friday into alleged delays in deporting aliens now held at Ellis Island the committee will confer with Labor Department officials.

Hundreds Seek Trace of Train Robber in West

Cheyette, Wyo., Nov. 20.—Armed men, ready to leave on special trains on ten minutes notice to-day awaited the next move of William L. Carlisle, notorious bandit, who robbed passengers on a Union Pacific train Tuesday night near Medicine Bow and escaped. Seventy men of the posse of several hundred who looked all day yesterday for the outlaw remained in the vicinity to renew the search for the man who successfully outwitted posses in a hunt extending from last Saturday, when he escaped from the state prison at Rawlins. History of the man's exploits leads Union Pacific railroad officials to expect another robbery at any time and guards have been doubled on all trains.

Consider Men to Fill Place of Clemenceau

Paris, Nov. 20.—Members of the Chamber of Deputies who have arrived in this city have in their conversations indicated that beside Paul Deschanel, president of the Chamber, Rene Viviani, former premier in being considered as a successor of M. Clemenceau when the latter leaves his present post at the head of the French Government. It is said by the Press De Paris, that many members of the Republican Left plan to ask their colleagues to form a group which would back a new government. The first question to be taken up by the new chamber will be that involved in reducing the high cost of living.

10 Killed, 120 Hurt in Riots at Cairo

Cairo, Sunday, Nov. 16.—Ten persons were killed and 120 injured, 90 of whom suffered gun shot wounds, in a riotous demonstration which continued here all day to-day. The disorder was the most serious since the disturbances last March and April. Three police stations were set on fire by mobs, which liberated prisoners and paraded the streets carrying wounded rioters. British troops finally succeeded in restoring order.

Senate Defers Its Action on Williams

Washington, Nov. 20.—Before adjourning, the Senate confirmed a number of nominations, but deferred action until the next session on that of John Skelton Williams, to be Comptroller of Currency.

Supply "Fa.r" in the Pittsburgh District

By Associated Press. Pittsburgh, Nov. 20.—Condition of the coal supply in the Pittsburgh district was pronounced "fair" by the local fuel distributing committee of the United States Railroad

Administration, although the situation is regarded with some apprehension. Consumers, members of the committee say, cannot be too strict in economizing in the use of fuel. Heretofore it has been maintained, there was no danger of a coal shortage in the district owing to supplies on hand, continued production

in non-union fields and a steady increase in West Virginia coal mining. Protracted deliberations of miners' and operators' committees at Washington, the continued idleness of mines in Ohio, Indiana, Illinois and Pennsylvania, and the sudden cold snap, have changed the tone of coal authorities in discussing the situation.
