John L. Lewis, acting president of the United Mine Workers of America, would not discuss Mr. Wilson's proposal, saying that it was agreed that happenings at the conference at which Mr. Wilson's offer was made were to be regarded by both sides as confidential.

New York, Nov. 22.—Four thirsty robbers, with regulation masks and revolvers, drove two 10-ton automotile trucks on to the Old Dominion line pier late glast night, and after herding three watchmen into an ice house, loaded the trucks with cases of whisky until they towered like mountains and then stepped on the accelerator.

It was not until several minutes later that one of the watchmen stearthing the whisky, awaiting export, escaped from the icehouse and a account of missing stock was taken, it was found the robbers had escaped with \$35,000 worth of liquor.

The dreadful scourge sweeping the land a year ago, gathering the land a year ago, gathering the land a year ago, gathering the sawful harvest of death and desolation, has passed, and the dread fear of its recurrence happily has not been realized. Prosperity has attended our industries. The mills and factories and every instrumentality of manufacture, trade and commerce have been busy. The fields have yielded a vast and rich bounty. Reward has been open on all sides to honest toil, industry, thrift and enterprise. In common with all our sister states, we have during the year, with joy and pride and exultation, welcomed back to the homes and firesides that gave them our victory-crowned sons who in 1917 and 1918 had served in the Great World-War with such devotion and glory. It was a glad sight, this home-coming, upon which we looked with tear-dimmed eyes and thankful hearts. We have been demobilizing the service of the country, but the sense of the country, but the sense of cratitude for those for whom they were lifted abides forever. To those ex-service men who so well withstood the shock and now again return to the work and pursuits of peace, we look with especial hope, confi-

HOSPITAL BAGS ARE DISTRIBUTED

Thanksgiving donation bags were distributed to-day from the Harrisburg Hospital and more are to be sent out on Monday. Tuesday and Wednesday will be devoted to collecting the bags.

The hospital asks that everyone contribute as much of a bagful as possible. They also say that they will gladly receive donations straight from the grocer if there are people who would rather contribute that way. Checks also are receivable and may be sent to Mrs. Meade D. Detweller at her home, 23 South Front street.

The Harrisburg Hospital is rendering invaluable service to the city, and this is a chance for Harrisburg to show its appreciation. The hospital hopes that the bags will come in full to overflowing.

Although there are strange voices in the air inciting, and alien and sinister forces in our midst seeking the overthrow of our whole civic and social structure, we yet may reloice and take comfort in the knowledge and to the first that the great body of our people remain firm and fervent in their adherence to that system of government founded on our shores, wherein liberty is regulated and safeguarded by law.
