RATIFICATION MAY GO BEFORE VOTERS

[Continued from First Page.]

The Senate majority be carried into the campaign. This declaration of Senator Lodge reversed the position he and most other Republican senators had taken toward injection of the Treaty into politics, and was accepted in Congressional and official circles as clothed with an added significance by Mr. Lodge's conference with Will H. Hays, the Republican national chairman, just before the unsuccessful fight Wednesday for ratification with the majority reservations included.

"I have no special comment to make. The case is very simple. After four months of careful consideration and discussion, the reservations were purely American in their character, designed solely to Americanize the Treaty and make it safe for the United States."

"Under the President's orders the followers of the administration in the Senate voted down those reservations. It was also shown by a vote that there was a decisive majority against the Treaty with the reservations.

Other company commanders named in the Harrisburg list with distinction overseas, are Captain Rippey T. Shearer, of Carlisle; Captain Roy R. Kriebbaum, of Chambersburg; Captain W. W. Shalzer, of Lewistown; and Captain George H. Lehrsch, of Huntingdon.

Police Believe the Child Was Attacked at Swamp by Degenerate

By Associated Press. HAMMONTON, N. J., Nov. 22.—Edmund C. Jenkins has announced his intention to appeal to the government for aid in defraying these expenses.

Rebels Unmolested "The rebels are only a few miles distant," he wrote. "They have been there for months and years. They plant, cultivate and gather their crops entirely unmolested, the whole countryside is with them and yet the government apparently makes no effort to drive them away and give decent protection to this city. There are in the immediate vicinity of this city not less than a half dozen important bands of rebels, all of them well known to the government and no determined effort has ever been made to fight them. This is the situation as it is to-day of this city."

Dr. Collins' son, Lieutenant E. R. Collins, lost his life in Siberia. A body supposed to have been that of the lieutenant arrived Tuesday, but proved to be that of Charles O. Dial, of Carlisle, Ind. A telegram to that city brought information that a body found to have been exhumed and buried there had been identified by a jury here yesterday in a suit instituted by Mrs. Cora C. Wilkening, a play broker, who alleged that she had obtained a contract for Miss Pickford with the Famous Players Corporation at a salary of \$1,080,000 and that a 10 per cent. commission was due her. At a previous trial a jury had decided in favor of Mrs. Wilkening, but the Appellate Division set aside the verdict and ordered a new trial.

The JORDAN Silhouette Five

EASE of handling is comparative. The ocean liner is easy to handle in the open ocean with leagues of water in which to maneuver. But the Silhouette Five is like the swift white launch darting in and out among the harbor shipping. It is instantly responsive to the gentlest pressure. The Jordan arrangement of the steering apparatus is a marvel of precise control. The perfect balance of the car, the careful distribution of weight, the length and strength of springs and the delicate suspension all contribute to unerring forward motion, with no side-sway. In its application of power, the Jordan Silhouette is supreme. Acceleration is not a leap but a swift, plane-like glide. There is no jerking or struggling—the road simply flows past. Women appreciate the ease and restfulness of driving the Silhouette Five as they appreciate its fashionable lines, its harmonious coloring and its perfect appointments. They welcome a distinctly fine light car—a five passenger car in which quality has been made the compelling ideal. Immediate Deliveries can be had on Most All Models
