To Wear a REDFERN CORSET

means that lines of fashion are also the lines of freedom—freedom through the pliant support that a Redfern gives.

It is a quality model—high class—a corset that we have confidence in.

We daily demonstrate in our fitting room the advantages of Redfern models. You would be surprised to know how many women pass out of our fitting rooms with better figures than they entered with.

To be sure, we occasionally give a fitting to a woman whose figure has been neglected for so long a period that it requires gentle treatment to bring the lines back or to make it possible to take on at once the lines of the new corset—but it is rare—and in time, a very short time, such figures are greatly improved.

The Quality Corset Is a Redfern
