

830-FAMILIES AIDED IN YEAR

Harrisburg Benevolent Association Has Done Big Work Among the City's Poor

The report of the Harrisburg Benevolent Association for the year ending October 31, has just been filed and indicates that the association is doing a bigger work each year. Eight hundred and thirty families were taken care of during the past twelve months.

NO HOPE OF RELIEF FOR CATARRH VICTIMS

Unless Old-Time, Obsolete Treatment Is Discarded

The coming winter offers little hope to the victim of Catarrh. In fact very shortly you will begin to once more know the real annoying and disagreeable features of the diseases which always make their appearance with cold, raw and windy weather.

Doubtless during the mild summer months you have enjoyed some relief from the disease, because there is always less inflammation of the membranes during the summer, but do not make the mistake of thinking that your Catarrh is gone, for the very first raw, damp, wintry day, the delicate linings of the membranes will begin to again become irritated and sore, the air passages will begin to clog up, and soon you will find that your old enemy is still with you, with a fiendish intention of making the winter as full of discomfort as ever.

What are you going to do about it? If you have had the disease for any length of time, the chances are that you have used enough local remedies to convince you that there is no cure for you in this method of treatment. Are you going to drag through another winter hawking, and spitting and spraying constantly in an effort to unclog the stopped up air passages so that you can get your breath for awhile, knowing that these accumula-

tions will immediately reappear—or are you going to discard this makeshift treatment, and use a little intelligence in an effort to get rid of this disease that is such an annoyance and a constant handicap!

You must accept the teachings of science, which shows that to get rid of any disease, you must treat it at its source, you must direct your efforts toward removing its cause, instead of being satisfied with slight temporary relief from its symptoms. You must root out from your blood the millions of tiny germs which cause Catarrh, so that there can be no more inflammation of the nose and throat, and choked up nasal passages that make breathing difficult and painful.

S. S. S., the fine old blood remedy, has given splendid results in the treatment of Catarrh, and you will be delighted with its effect to your case. It so purifies and cleanses the blood, that disease germs are eradicated, hence when the germs of your Catarrh are eliminated from the blood, you are on the right road to permanent riddance from the disease. Go to your drug store, and get a bottle of S. S. S. today and begin the real rational treatment that will give real results.

If you will write our medical department, we will take pleasure in giving instructions regarding the treatment of your own particular case. Address: Chief Medical Adviser, 153 Swift Laboratory, Atlanta, Ga.

LEGION COMMITTEE GIVES FACTS ON SATURDAY'S GAME; ANXIOUS TO FAVOR TECH

According to American Legion members, who are looking after details for the Army-Navy game on Saturday at Island Park, a story in a morning paper to-day was said to be misleading. It is said by the committee that the manager of the Tech team, is evidently trying to create an impression that the arrangements for the game at Erie were made necessary because the Legion committee refused to have the game played at Island Park for Saturday, November 29.

This is not the case. It was said to-day that a permit for the Island was secured several weeks ago, and at that time Tech was negotiating to have the game played at Pittsburgh or at Erie. There was no intention to have it played in Harrisburg until there was some doubt about Pittsburgh, or Erie taking the game.

When it became known that Tech desired the date for a game here, the Legion committee met and offered every inducement. They put it up to the Tech management. If Tech wanted the Island alone, the Legion was to be paid \$225 for expenses incurred in preparation for the game, and for any additional expense made necessary by the change in the Army-Navy date.

Expenses Come First
It was agreed to play a double-

CAMP CURTIN JUNIOR HIGH SCHOOL NOTES

Miss Clara Hook and Miss Elizabeth Tittle report their classes are reluctant to leave the sewing room at the close of a period. Many return for the pleasure of spending an extra hour or two at the sewing machine after dismissal for the day.

As a surprise reward to the more energetic members of the sewing classes, the photographer was invited to Camp Curtin to take pictures of the girls who have completed their cooking uniforms in time to wear them while helping to prepare a turkey roast at home on Thanksgiving day, and during classes in the domestic science department.

Small Group—Edith Kline, Lillian Coble, Edna Goldberg, Elizabeth Lockwood, Ruth Seitz, Margaret Rathfon, Virginia Wertz, front row, represent all the girls in their section, 9B12, manual arts, and were the first Camp Curtin girls to complete their cooking uniforms. Miss Clara Hook and Miss Elizabeth Tittle, instructors and students, Elizabeth Heckman, Regina McGranaghan, Virginia O'Hall, Isabella Fickes, Elizabeth Stiles, Jean Snyder, complete the group.

Large Group: Hermelina Blumenstein, Anna Cohen, Verdella Crone, Edna Eberl, Dorothy Sponner, Annetta Lotz, Evelyn Haas, Estella Murphy, Gertrude Hoffman, Esther Schubauer, Marguerite Hunsberger, Cora Kennedy, Goldie Schandler, Mildred Conley, Hilda Remmer, Kathryn Strohm, Catharine Geiger, Margaret Bentz, Etta Newmark, Irene Nisley, Frances Carr, Henrietta Lebo, Beatrice Smokey, Mary Smith, Goldie Holland, Esther Ott, Margaret Rich, Pauline Schrauder, Grace Stoner, Helen Stauffer, Marie Eisner, Dorothea Mehening, Rebecca

LABOR TROUBLES ENDED WITH TROOPS IN CHARGE

Saragossa, Tuesday, Nov. 25.—With troops occupying strategic points throughout the city, there were no disorders to-day as a result of the strike which was called as a protest against the arrest and deportation to Barcelona of various labor leaders. It is said that if the men being detained are released, the strikers will resume work to-morrow, and there were indications the government is disposed to liberate them.

COVENANT SERVICES

A Thanksgiving service will be held to-morrow at Covenant Presbyterian Church, at 10.30 a. m. The pastor, the Rev. Harvey Klaer, will speak on "The Instrument of Ten Strings."

The Swab Pulls Off

Here is a wonderful improvement. When mop gets dirty, simply pull swab off frame, wash, put through wringer, dry and replace on frame. When swab wears out, buy a new swab, — not an entire new mop. No other mop has these features.

LIQUID VENEER MOP

"The Swab Comes Off With a Pull"
This big, fluffy mop is treated with Liquid Veneer which produces a beautiful, dry, non-oily finish on your floors. It cleans off all dirt and grease and makes your floors rival your piano in cleanliness and lustre. Ask your dealer about other new features. This mop is a wonder. Give it a trial.
Price \$1.50
Extra swabs 85c each

Frail Slightly Children

Gain Strength Rapidly on Vinol

Vinol is successful because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Hypophosphites—but no oil—the very elements needed to build up strength and robustness. Children love to take it.

The Wonderful Efficiency of Vinol is proven by these letters
Aiken, S. C.—"My little girl five years of age had been delicate all her life. She was weak, run-down, no appetite, and she could not keep still a minute. We were very much worried about her. Our druggist, who is a doctor, said Vinol was the best tonic he knew for her. We tried it and you ought to see how she has improved by its use."—MRS. LEONARD W. GEORGE
For all run-down, nervous, anemic conditions, there is no remedy like Vinol. Your money will be returned if Vinol fails—

Vinol OUR COD LIVER AND IRON TONIC IS THE GREATEST STRENGTH CREATOR KNOWN

Geo. A. Gorges, J. Nelson Clark, Kennedy's Medicine Store, Kitzmiller's Pharmacy, C. F. Kramer and druggists everywhere.

Use Famo Every Day If You Want Healthy Hair

The daily use of FAMO on the scalp is as necessary as the tooth-brush three times a day. FAMO does kill the seborrhea germ that causes dandruff, after a few applications. But that is really not enough. Unless the scalp is kept absolutely clean, the deadly germ will return.

We know of nothing but the daily use of FAMO that can make it impossible for the dandruff bacilli to grow and FAMO is the one hair preparation that you can safely use daily with beneficial results. This regular use of Famo means not only a clean, healthy head. It means also, soft, lustrant hair and new hair—unless, indeed, the hair roots are dead. FAMO prevents falling hair and itching scalp. It has given relief to thousands of sufferers from dandruff. It retards grayness. Alcohol dries the scalp and hastens grayness.

The application of FAMO takes but a moment. Sprinkle FAMO on the head and almost at once it is absorbed into the scalp glands and is destroying the deadly seborrhea germ. So use FAMO every day. No massaging or shampooing is necessary. FAMO is sold at all toilet goods counters, in two sizes—\$1 and 35 cents. The larger bottle contains a third more than the average. If it does not give satisfaction, money will be refunded. Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean excretion forms in scales or flakes and is commonly known as dandruff. From the laboratories of F. A. Thompson & Company, Manufacturing Pharmacists, Detroit, Mich.

Harrisburg's Newest Bakery

A Week Old Today

out to do and precisely what we have been promising you from day to day in these little talks, namely to give Harrisburg the very best bread they have ever had—because we do not know anything else but the best bread.

¶ No, we are not operating our plant in the way we will later on. We haven't all the facilities to make a real Gunzenhauser bakery here, right this minute, but we will have in a very short time.

¶ Perhaps our delivery service has not reached you, as yet! If you will let us know where you live we will see to it that Gunzenhauser's bread is brought to your door, or that your grocer will have it.

¶ We are adding delivery wagons as fast as we can get them and we'll put on four more next week. And to our fleet will be added as many as necessary to cover the entire territory.

¶ Have you tried our bread? It's worth a try. It's all quality from the outside in and from the inside out. Tell your grocer you want Gunzenhauser's bread.

¶ And of course is a goal worth striving for. We're going to put every ounce of effort we possess into our work here. We're going to continue to do exactly as we stepped

¶ And a lively youngster and getting "big for its age."

¶ Of course, that's gratifying to us. It's really encouraging to come to this city and get the reception that was accorded us from the day we opened, last Monday.

¶ Our bakery in Lancaster is the largest, and we look hold of this proposition here in Harrisburg it was quite natural for us to take ourselves. "Will we have as big a business in Harrisburg as we have in Lancaster?"

¶ The start has been so good and we all feel so delighted with the prospects, the way people have tried our bread and then come for more, the good words of praise and encouragement we get from everybody with whom we come in contact, that we are greatly inclined to believe that in time our Harrisburg business will be bigger than ours at Lancaster.

¶ That of course is a goal worth striving for. We're going to put every ounce of effort we possess into our work here. We're going to continue to do exactly as we stepped

Well Nigh on to a Year Old

On January 11th of this year we were a week old. Now we are nearly a year old.

We told you at that time that we were striving to uphold a quality of bread for which we have been noted ever since we have been in the baking business.

We told you too that we were going to try to do a big business in Harrisburg and to merit it.

At that time we were only a week old; we were very much gratified with the results in such a very brief time.

Then we did not have all the things we knew we should have had to bring the bakery up to our plant ideals, but we now have all the best equipment.

With our facilities to-day and our policy to make a uniformly fine quality bread, we ask you to compare our bread with other kinds.

We feel pretty sure that you will like our bread, because you will find in it the firm texture that does not crumble, the tender crust, the creamy white interior and the nutty flavor of the wheat.

Our superintendent devotes his entire time making Gunzenhauser's bread uniformly high quality. Yes, we are nearly a year old and we are getting bigger.
